U.S. TROOPERS DRIVE VILLA INTO TRAP; BANDIT KILLING AMERICAN COLONISTS

DIXIE DIRECTORS TODAY WILL BEGIN TOUR OF GEORGIA

Heads of This Association Will Inspect the Two Proposed Routes for Eastern Branch of Great Highway.

PARTY TO LEAVE MACON FOR JACKSONVILLE TODAY

Elaborate Entertainments Have Been Planned at Different Cities Along Two Proposed Routes in State.

THE ITINERARY.

The tentative itinerary is as follows:

Monday, March 20:
Leave Macon 9 a. m.
Lunch at Fitzgerald.
Night control, either Douglas or Waycross.
Tuesday, March 21:
Lunch at Folkston.
Night control, Jacksonville.
Wednesday, March 22:
Lunch stop en route.
Night control, Brunswick.
Thursday, March 23:
Lunch, perhaps at Savannah.
Night control, either Macon or some point between Savannah and Macon.
Friday, March 24:
Finish tour at Macon, unless the tour arrives Thursday night.
Saturday, March 25, 10 a. m.:
Meeting of the directors of Dixie Highway association at the Dempsey hotel, at Macon, to decide upon eastern branch of highway.

By Ned McIntosh.

Macon, Ga., March 19.—(Special.)—Boosters of the short route of the proposed eastern route of the Dixie highway through south Georgia are in Macon in force tonight to give the directors of the association a welcome on the part of the section through which the tour will pass when it leaves Macon Monday morning at 8 o'clock.

Some 75 enthusiasts from Fitzgerald, Waycross, Ocilla and other points along the short route from Macon to Jacksonville arrived in Macon this afternoon, armed with boosting paraphernalia of all sorts, from big banners on their cars, bearing the words "Hell, Yes—The Short Route," to pamphlets setting forth the advantages of the route which they advocate.

Practically the entire party of directors which will go on the tour had registered at the Dempsey hotel early tonight and were given a serenade by the Abrams Drum corps. The tour leaves Macon Monday morning at 8:30 o'clock and is scheduled to take lunch at Fitzgerald at 1 o'clock. The night will be spent at Waycross.

To Select Route.

This tour of the highway commissioners is for the purpose of selecting one of the two proposed routes. The "Short Route" leads from Macon to Jacksonville b yway of Fitzgerald and Waycross, while the other goes from Macon by way of Milledgeville, Louisville, Savannah and Brunswick to Jacksonville.

There will be about thirty or forty cars leaving Macon on the tour in the morning to go all the way to Jacksonville. Besides those here there will be escorts from town to town which will make anywhere from fifty to one hundred cars in line for most of the trip.

The tour is expected to arrive in Fitzgerald at 1 o'clock, when the com-

9 Killed and 31 Injured By German Airship Raid On East English Coast

Doubles Quantity Of "Gas" Extracted From Petroleum Oil

Price of Gasoline May Be Greatly Reduced by Process Now in Operation at Brunswick, Ga.

Brunswick, Ga., March 19.—(Special.) A method of manufacturing gasoline or motor spirits whereby, it is claimed, over twice the usual amount of this expensive fuel can be extracted from crude oil and its by-products has been perfected by Homer T. Yaryan, connected with the large Yaryan Naval Stores company here. Production of gasoline on a manufacturing scale started here yesterday in a plant erected by Mr. Yaryan.

In view of the rapidly mounting price of gasoline, this discovery, if it will do what is claimed for it, is of vital importance to the automobile industry all over the world and means that Mr. Yaryan, whose name is already connected with other chemical processes of commercial importance, has solved a problem upon which many noted chemists have been working for years.

High Yield Obtained.

By the Yaryan method, it is claimed, as high as 80 per cent of motor spirits can be extracted from crude oil. Though a yield of 50 per cent of gasoline has been made for some of the small plants, it has recently been stated by an expert that it is doubtful if a yield of more than 20 per cent of gasoline is secured from the most favorable types of crude under the most successful methods of distillation now employed on a large scale. He predicted, however, that eventually a way would be found for obtaining over three times that percentage of yield, so Mr. Yaryan's announcement is, after all, but the fulfillment of what chemists have been looking forward to.

A large percentage of gasoline is obtained from kerosene by the Yaryan method, it is stated. As one of the by-products in the present methods of making gasoline, kerosene has been manufactured in such huge quantities that it is almost a drug on the market and can be obtained at a price only slightly higher than that of crude oil.

Product Is Tested.

For several months Mr. Yaryan has been working with the one idea that gasoline could be manufactured from sundry of the by-products now in existence. Several months ago he put this idea into operation in his home city of Toledo and there devised the necessary machinery for perfecting his idea. About six weeks ago he came to Brunswick, in the meantime having sent in advance his mechanical equipment necessary in his experiments.

It is a queer coincidence that the first real test of the success of his invention was scheduled for last Friday, March 10, when a serious conflagration consumed a portion of the plant of the Yaryan company, which served to delay the final experiment. However, Saturday Mr. Yaryan successfully tried out his invention and the result has been most satisfactory to him.

To demonstrate the efficiency and success of the Yaryan gasoline, it was put into active use, when the tank of the Yaryan automobile was filled with the new product, and it started off on the first crank, never missed an explosion in two or three trips to and from the plant, and worked to the absolute satisfaction not only of Mr. Yaryan, but to others in the cars. Those in the car when this gasoline was given its first actual test were Mr. Yaryan, W. B. Cook, J. S. Braley, Jr., Phil Burgess and Elmer Daniels, the company's chemist.

What It Means.

In order that it might be perfectly understood what this new process

Raid Was Confined to Eastern Shores of Kent—Many Women and Children Among the Victims.

ONE RAIDER DROPPED BY A BRITISH AIRMAN

The Aerial Duel Took Place Over the Sea, and the Observer of the German Plane Was Killed.

London, March 19.—Nine persons were killed and 31 injured in a raid of four German seaplanes over the east coast of Kent today, it was announced officially tonight. A British airman brought down one raider over the sea, the German observer being killed.

Story of Raid.

The official statement on the raid reads:

"Four German seaplanes flew over East Kent today. The first pair appeared over Dover at a height of 5,000 to 6,000 feet, one at 1:57 p. m., the second at 2:02 p. m.

"The first dropped six bombs in the harbor; then went northwest, dropping bombs on the town. The other raider, after passing over Dover, appeared over Deal at 2:13 and dropped several bombs. The second pair appeared over Ramsgate at 2:19. They dropped bombs on the town. One of this pair went west, the other north, pursued by a British aeroplane. One bomb is reported to have been dropped on Margate.

"The second machine appeared over Westgate at 2:20. Here several of our aeroplanes went up in pursuit. No bombs were dropped on Westgate.

"The total casualties so far reported are: Killed, 3 men, 1 woman and 5 children; injured, 17 men, 5 women, 9 children.

"As far as ascertained forty-eight bombs were dropped altogether. One bomb fell on the Canadian hospital at Ramsgate, causing damage, but no casualties. No material damage done. Several houses, the homes of artisans, and cottages were wrecked.

"Flight Commander Bone, royal naval air service, in a single-seater aeroplane, pursued one German seaplane 30 miles out to sea, where, after an action lasting a quarter of an hour, he forced it to descend. The German machine was hit many times and the observer was killed."

Many Children Wounded.

According to a dispatch from Ramsgate, the two German seaplanes which carried out a raid on that place were attacked at sea by a French machine before reaching the coast. The seaplanes, however, arrived over the town and dropped a number of bombs, one of which killed a man and four children.

So far as can be ascertained the other Ramsgate casualties total one woman and eight children slightly wounded.

The first bomb dropped in Ramsgate fell squarely on a motor car, killing the driver and setting fire to the gasoline tank. Pieces of the bomb flew among children on their way to Sunday school, killing four of them. Other bombs hit a business block, a barber shop and several residences.

One bomb fell through the gable of a hospital to the floor below, but nobody was injured. The weather was clear and the attacking machines flew very high.

A dozen bombs were dropped in Dover and four persons were killed there. One of the missiles crashed through the roof of an orphanage, causing extensive damage and injuring a nun. The children in the institution suffered no injury, having been taken to the cellar at the first alarm. One of the raiders dropped four bombs into the sea as he was departing. Several British aeroplanes started in pursuit.

At Deal bombs also were dropped and some damage was done to property. There were no casualties. The town had only a few minutes' warning of the approach of the aircraft.

Watched Fight in Air.

Most of the inhabitants rushed into the street where they had an excellent view of a fight in the air between the raiders and an English air squadron which rose in pursuit. With the aid of a telescope it was possible to distinguish a great number of machines, twisting and turning in every direction in their maneuvers to get quickly to the required altitude to combat the invaders.

As this strange Sunday afternoon entertainment proceeded, the people, regardless of dangers, flocked to street corners, open places and to the water front. One of the machines in the air suddenly turned toward Deal and flew across the town, its passage being marked by the explosion of a number of bombs. The first three bombs fell at virtually the same moment, whereupon half the crowd in the open places fled to shelter. Later three other bombs fell at intervals of about thirty seconds. Thanksgiving services were held during the evening in all the local churches.

Flight Commander Bone, who brought down one of the raiders at sea, won his pilot's license at east Bourne in 1913.

CARDINAL GOTTI GOES INTO GREAT UNKNOWN

Rome, March 19.—(Via Paris.)—Cardinal Jerome Mary Gotti, prefect of the propaganda, died today.

Cardinal Gotti was born in 1834, at Genoa, and was made a cardinal in 1895. He had been ill for some time. The office of prefect of the propaganda is one of the most influential in the Catholic church.

NEW DEPOT PLANNED BY SOUTHERN ROAD ON THE NORTH SIDE

It Is Now Proposed to Erect Passenger Station Where the Railway Tracks Pass Under Peachtree Street.

IMPROVEMENT WILL AID NORTH SIDE RESIDENTS

In Many Cases It Will Save Citizens Rides of From 5 to 10 Miles, Which They Are Forced to Take Now.

"Peachtree station, first stop in Atlanta," will be the porter's cry to greet passengers coming into Atlanta over the Southern railway from the east, if plans for the construction of a station at Brookwood, where the railway tracks pass under Peachtree street, now said to be in course of preparation by the Southern, are carried out—thus giving Atlanta another metropolitan touch.

While no official statement in regard to the construction of the Peachtree station could be secured from Southern officials, it is understood that serious consideration has been given to the plan and that it is practically sure that the station will be built. Vice President H. W. Miller when asked in regard to the matter last night declined to make any comment.

Rumors that the Southern is contemplating the construction of a passenger station at Peachtree street have created wide interest, as it is believed that an attractive station at this point would add greatly to its importance.

Those who believe that the Peachtree station will be built point out that it will mean a great saving in time for residents of the north side traveling to or from the east over the Southern.

From any point north of Ponce de Leon the proposed new station could be reached just as quickly as the Terminal station, while for residents of Ansley Park and Peachtree road there would be a great saving in time.

The Peachtree crossing is about four miles from the Terminal station, both by the tracks of the Southern and through the city streets, and northsiders using the station would in many cases save themselves rides of from five to ten miles.

FRENCH DESTROYER SUNK BY SUBMARINE

Three Officers and 44 of Crew Lost When the Renaudin Went Down.

Paris, March 19.—The French torpedo boat destroyer Renaudin has been sunk in the Adriatic by a submarine. Three officers and 44 of the crew were lost. Two officers and 34 of the crew were saved.

The ministry of marine made the following official announcement regarding the loss of the destroyer:

"The squadron torpedo boat Renaudin was sunk in the Adriatic by an enemy submarine on the morning of March 18. Three officers, among whom were the commandant and second officer, and forty-four seamen were lost. Two officers and thirty-four seamen were rescued by a French torpedo boat which accompanied the Renaudin."

The Renaudin was built in 1913. She displaced 756 tons and was 256 feet long. She was a 30-knot boat, but in her trials had developed 32 knots.

AUSTRIAN HOSPITAL SHIP TORPEDOED BY SUBMARINE.

Berlin, March 19.—(By Wireless.)—The Austro-Hungarian hospital ship Elektra was torpedoed Saturday in the Adriatic sea by an entente ally submarine, according to the Overseas News agency. One sailor was drowned and two Red Cross nurses were seriously wounded.

The statement of the news agency follows:

"Vienna reports that the hospital ship Elektra, of the Austro-Hungarian Red Cross bound from the nerun Adriatic to southern Dulmatia, was torpedoed March 18 by an enemy submarine. The steamer stranded. One sailor was drowned and two Red Cross nurses were seriously wounded.

"The Elektra was not unknown to the enemy as a hospital ship and was provided with the prescribed visible marks."

30 PASSENGERS ROBBED BY A MASKED BANDIT

San Diego, Cal., March 19.—A masked bandit early tonight held up two automobile stages, less than a half mile this side of the Mexican border, robbed all of the passengers, numbering about thirty, and escaped. Posses under the direction of United States immigration officers are searching the nearby hills for the desperado, but it is believed he crossed the line and is hiding near the Mexican town of Tijuana.

9,270 Dead Russians Before German Lines After Futile Charge

Czar's Forces Start a Big Offensive Around Driswiaty Lake and Lake Narocz, But, According to Berlin, Are Repulsed With Fearful Losses.

FIGHTING ABOUT VERDUN LESSENING IN INTENSITY; ONLY BIG GUNS AT WORK

Even the Bombardment Has Greatly Slackened—Berlin Reports the Recapture of Ground From the British Near Vermelles—German Positions Raided by French Airmen.

London, March 19.—With the slackening of the fighting around Verdun, the Russians have started a big offensive movement against the Germans on the eastern front.

Berlin chronicles an attack of great violence by the Russians around Driswiaty Lake and Lake Narocz, but says the Russians were repulsed with great losses, 9,270 Russian dead having been counted in the Lake Narocz region.

Saturday the Germans in the Vaux-Damloup sector, northeast of Verdun, began another spirited attack against the French, but the French, bringing their curtain of fire into play, drove the Teutons back. The attack was not pushed again during Sunday, and only intermittent bombardments took place.

Berlin reports the recapture of some ground from the British northeast of Vermelles, in the region of LaBassee and the driving of the French from a position northeast of Badonvilliers in the Vosges. London admits the capture by the Germans of three mine craters at the Hohenzollern redoubt.

The French guns have been busy bombarding German trenches in Champagne and German depots northeast of St. Mihiel.

Five French aircraft dropped bombs on Mets, ammunition depots near Chateau Salins and the aerodome at Dieuze, while twenty-three other machines attacked the aviation camp at Habsheim and the freight station at Mulhausen. In battles in the air which followed, the Germans and the French each lost three or four machines. A German airship attacked the entente allied fleet south of Saloniki, but with what result Berlin does not say.

VERDUN BATTLE NOT SO INTENSE.

Paris, March 19.—The bombardment in the region to the north of Verdun very materially slackened during the course of the day, according to the official statement issued by the French war office tonight. No attempt to attack, was made by the Germans.

The German forces in the Verdun region, continuing their activities to the northeast of the fortress, delivered an attack late yesterday against the French front opposite Vaux and Damloup. The attack was without success, being stopped by the French curtain of fire. The text of tonight's statement follows:

"North of Rheims our artillery carried out a destructive fire on the enemy at Neuville and the Godata farm. There was marked activity of our batteries in the reprocn of Ville au Bois.

"In the region to the north of Verdun the bombardment slackened appreciably during the day. The enemy made no attempt to attack.

"Northeast of St. Mihiel our heavy artillery cannonaded revictualling depots of the enemy at Varvinay. There is nothing to report on the rest of the front.

"Adjutant Navarre brought down his seventh German aeroplane in the region of Verdun. The hostile machine fell inside our lines."

The Belgian official communication reads: "There was great activity on the part of the artillery, especially in the region of Dixmude and north of Steenstraete."

Today's French statement reads:

"East of the Meuse, after a violent bombardment, the enemy yesterday afternoon directed a somewhat spirited attack against the Vaux-Damloup front. He was driven back by our curtain of fire, his attacks failing completely. During the night there was no action on the part of the enemy infantry.

"The activity of the artillery has been intermittent in all sectors in the region of Verdun. On the front as a whole the night was calm.

"In the Verdun region one of our aeroplanes brought down a German machine which landed within our lines near Montzeville.

"Five of our double motor aeroplanes bombarded the Sablons station at Metz, the ammunition depots near Chateau

1 KILLED, 13 HURT IN SOUTHERN WRECK

Passenger Train No. 43, Washington to Charlotte, Sideswiped by a Freight at Jamestown, N. C.

Greensboro, N. C., March 19.—One passenger was killed and thirteen injured, several seriously, when Southern railway passenger train No. 43, bound from Washington for Charlotte, N. C., was sideswiped by a freight train at Jamestown, N. C., ten miles south of Greensboro, early tonight. The injured were removed to hospitals at High Point by that portion of the passenger train that emerged from the wreck.

The dead:

Mrs. M. R. Hyatt, of High Point, N. C.

Seriously injured:

Miss Mary Green, of Thomasville, N. C., fractured skull.

Frank Norris, Spencer, N. C., injured about the head.

Miss Caroline Biggers, of Thomasville, N. C., arm broken and cuts about head.

Miss Ethel Johnson, of Jamestown, foot crushed and injured about the head.

Miss Charlie Mae Criddlebaugh, of High Point, N. C., arm broken.

J. L. Stout, Greensboro, leg broken.

Numerous other passengers received injuries of a less serious nature.

Train No. 43 had just left Jamestown and was running at reduced speed when a car of a freight train running on a parallel track but in the opposite direction, left the tracks and crashed into it.

Information from High Point late tonight was that Miss Mary Green was probably fatally hurt. None of the others, it was stated, was dangerously injured.

The heavy steel baggage car resisted the impact, but the next car, a passenger coach, was crushed. Several other freight cars, including an oil tanker, piled on top of the wreckage, which covered a 300-foot area.

None of the trainmen was injured, so far as known tonight, and no cause has been assigned for the accident.

Mrs. Hyatt died an hour after arriving at a hospital at High Point.

Washington, March 20.—The Southern railway issued a statement tonight on the wreck at Jamestown, N. C., in which a list of nineteen injured persons was given. Several had broken limbs and nearly all of them were cut about the face and hands. No cause for the accident was given.

All of the injured were residents of North Carolina.

TAGGART TO BE NAMED FOR THE U. S. SENATE

He Will Be Appointed Successor to Late Benjamin F. Shively.

Indianapolis, March 19.—Thomas Taggart, national committeeman from Indiana of the democratic party, it became known here tonight, is to be named successor of the late Benjamin F. Shively in the United States senate. Governor Ralston and Mr. Taggart would not discuss the appointment for publication tonight, but the commission probably will be issued tomorrow or Tuesday.

Macon, Ga., March 19.—That Thomas Taggart would not accept the senatorship is the opinion of a close friend of the Indiana man who arrived here tonight after having spent the past week with Mr. Taggart.

"It was reported before I left Mr. Taggart that he would be offered the senatorship," said this friend. Senator Shively's death had just been announced. Mr. Taggart stated positively that he would accept no political office.

"Of course he may have changed his mind since that discussion."

Mr. Taggart stated positively that he would be here to accompany other Dixie highway officials over the eastern Georgia routes this week and no message has been received to the contrary.

COTTON ACREAGE CUT BY ALABAMA PLANTERS

Montgomery, Ala., March 19.—Alabama's cotton acreage for 1916 will be reduced even greater than was the case last year, and the yield per acre will be less than the average for 1915, according to statements made by experienced planters who are now preparing for active work on the new crop.

Planting seed, it is said, range from $1.50 to $1.80 per bushel, with the average cost being placed at $1.65. The high prices paid for cotton seed earlier in the season caused planters to dispose of their seed without retaining a sufficient quantity for planting the new season.

Fire at Greensboro, Ala.

Greensboro, Ala., March 19.—Fire broke out in the office of the Turner Cotton company here at 7:30 o'clock tonight and, after destroying that building, two retail store buildings and the Southern Bell Telephone exchange, now threatens the business district of this city. The damage already reaches $30,000.

VILLA IS DOOMED IF THE SOLDIERS OF GEN. CARRANZA CONTINUE LOYAL

On Three Sides the Bandit Is Hemmed In by Strong Carranza Columns, While on the Fourth the Americans Are Driving Forward With Amazing Speed.

AMERICAN COLONIES ARE RAIDED BY VILLA AND RESIDENTS SLAIN

Wireless Dispatches From the American Force State Bandit Has Been Located and That Dispositions Are Being Made for His Capture—Gen. Pershing Personally Led the Americans in Their Wonderful Pursuit of the Fleeing Bandit.

El Paso, Texas, March 19.—Francisco Ville has been driven into a trap by the rapid advance of the American troops, according to the information received today in wireless dispatches from the front and in telegraphic dispatches to General Gabriel Gavira, the Carranza commander at Juarez.

Everything seems now to depend on the ability of the Carranza garrisons to hold their end of the net. On three sides of the bandit chief is hemmed in by strong Carranza columns, while on the fourth the Americans are driving forward with amazing speed.

Villa on Hearst Ranch.

Villa was reported in the Babricora lake region tonight on the ranch of Mrs. Phoebe Hearst, which he has ravaged several times in the past. Babricora is about 55 miles south of Galena, where one section of the American expeditionary force has arrived and is pushing forward at the rate of 33 miles a day. A few miles to the west of the bandit's position is Namiquipa, which is held by a powerful Carranza garrison. On the east are the frowning barriers of the Sierra Madre mountains, barring the way to Sonora. General Luis Gutierrez, Carranza's field chief, declares that he holds all the passes to Sonora.

To the south Villa's way is blocked by the Carranza garrison at Madera, a town of considerable importance as the headquarters of the Madera company, Ltd., an American concern which has vast lumber, mining and railroad interests. On account of the importance of this town an exceptionally heavy Carranza force is said to hold it.

Depends on Carranza Forces.

The whole situation seems to hang tonight on the Carranza forces. If they remain loyal to the first chief, which up to the present they have shown every indication of doing, Villa appears trapped. It is, of course, realized that he is on ground of his own choosing and a country admirably suited for guerrilla warfare and surprise attacks.

While Carranza leaders and the United States military authorities have succeeded so far in avoiding any friction there is one serious question which may arise at any time to threaten the entire situation. As the lines of communication of the American force lengthen the problem of bringing up supplies becomes increasingly more pressing.

To grant the United States permission to use the Mexican railroads for shipping supplies it is thought here, may be misconstrued by many Mexicans. On the other hand, a refusal would scarcely harmonize with the professed

Weather Prophecy
FAIR.

Washington—Forecast:

Georgia—Fair Monday, slightly colder east portion; Tuesday fair, warmer west portion.

Kentucky—Fair, warmer Monday; Tuesday increasing cloudiness, probably local rains, warmer east portion.

Tennessee—Partly cloudy Monday and Tuesday, warmer Tuesday.

Mississippi—Partly cloudy Monday, probably local rains and slightly colder south portion; Tuesday, partly cloudy and warmer.

Alabama—Partly cloudy Monday, slightly colder central portion; Tuesday, fair, warmer.

Florida—Fair Monday and Tuesday.

South Carolina—Fair Monday, slightly colder west portion; Tuesday, fair, warmer.

Louisiana—Monday, fair, warmer; Tuesday, fair, slight changes in temperature.

ECONOMY

Buy-right Hints for the Housewife

The Infallible Sign!

Spring is really here! Proof? That veteran and inviolable harbinger, the hand-organ man, is now in our midst, grinding out his arias and putting the weazened Simian through the accustomed routine of time-honored antics. He is the great infallible, this hand-organ man, this dusky nomad from the clime of eternal sunshine; the premier of prophets confined to one brand of weather prognostication; the doughty herald of Spring, that puts doubt to rout, and leaves in the trail of his northerly migration the established event of blossom time.

Busy housewives are bustling about, buying the needfuls for Spring adornment. She is making good use of the facilities for shopping to an advantage by reading the advertising in The Constitution. Here she finds the best values at the lowest prices; for every reliable store and shop that caters to her wants is a regular advertiser in The Constitution.

NOTE—The CONSTITUTION guarantees a marked saving on every purchase made in Atlanta in stores that advertise their lowest prices in these pages.

desire of the Carranza government to co-operate in every way with the American authorities. The arrival of this crisis is being anxiously awaited on both sides of the border.

VILLA ABANDONS HIS WOUNDED.

El Paso, Texas, March 19.—Villa had reached Babicora, near the lake of that name, in the Guerrero region, after having abandoned thirty of his wounded at El Valle, according to a telegram received today by General Gavira, at Juarez from Colonel Nieto Macias, the commander at Pearson.

This places Villa a little beyond Las Cruces, where the Carranza officials reported him yesterday.

Villa fled to avoid conflict with the Carranza troops under Colonel Cano. Among the thirty wounded who had been shot in the Columbus raid and carried along in wagons, only to be abandoned at El Valle, was said to be the second in command, Pablo Lopez. Lopez is the leader whose death was reported as a positive fact at the Columbus raid. Later reports cast some doubt upon his death and indicated that another chief carrying his papers might have been the real victim. Lopez, the telegram said, was badly wounded, having been shot through the abdomen and both legs, which were broken.

The Villista chief, Cervantes, is reported with a number of bandits in Las Cruces.

Pershing's Force Divided.

General Bertini, commanding the Carranza forces at Casas Grandes, came to Juarez today to talk over the military situation with his superior, General Gavira. He said that General Pershing's force is divided, with part near Casas Grandes and a part near Galeana, southwest of Casas Grandes. The Americans encamp in the country, but have permission to go into the towns to buy food, fodder and other obtainable foods. An order to this effect came from War Minister Obregon. No word has yet been received by Gavira regarding the use of the national railways for the transport of General Pershing's supplies, and Gavira added, no shipments of this kind have yet been made on the trains out of Juarez. This is a matter to be settled between Washington and the Carranza government.

Villa spent last Wednesday and Thursday in El Valle, according to reports at the Jaurez headquarters, but fled without giving battle when he saw the troops of Colonel Cano from Santa Ana. He escaped up a steep canyon from Las Cruces.

"Villa is now in a very difficult section for us," said General Gavira, "and very favorable for his purposes. He is now in broken, rocky, pine-clad, mountainous country, full of places of concealment. Only cavalry can operate in it to advantage.

Net is Closing Up.

"From the boundary down as far as Pearson, the country is flat and sandy, with roads. But south of there, horses must be used as transports instead of wagons and motor cars. There are high ridges and many obstacles. While I have never campaigned in that section, I understand good water is obtainable from springs and also the pasture is fair, which is to Villa's advantage. But the people in that part have almost given up the cultivation of the soil because the country has been so long overrun by bandits, who took everything they wanted. Villa won't find food there.

"I can say I have every confidence in the situation, for the net drawn by the American and Mexican forces is closing up."

Villa's turn to the west was rather a surprise to Gavira, who said that General Gutierrez thought he would try to escape eastward—an event Gutierrez was prepared for.

Today, Gavira received, by a wire, a copy of the agreement by which the Carranza government permitted the entry of the American force at Columbus.

Juarez spent Sunday in the usual Mexican fashion, with a line of refreshment stands along its main street and orchestras playing in the amusement resorts. In the evening a military band gave a concert in the plaza.

VILLA MURDERING ALL AMERICANS.

With the American Army, March 18. (Via Wireless to Columbus, N. M., March 19.)—After marching more than 110 miles into Mexico in record marching time of 42 hours, which would indicate a speed of about 33 miles a day, the American punitive expedition today received information apparently locating Pancho Villa, the object of the chase. Disposition of the troops began tonight for the task of hunting him down. Meanwhile Villa was reported continuing his outrages upon Americans.

The expedition reached ——— (name deleted by censor). They were informed that the Mexican leader passed through this place only a few days ago. The latest information of Villa's present whereabouts placed him on the ranch of Candelario Hernandez, one of the sub-chiefs with him on the raid against Columbus.

General Pershing Led Column.

General Pershing personally led the flying cavalry column in the 110-mile dash. Every man in his command was mounted. They pressed through a section of Mexico where water was scarce. For such a large body of men the speed maintained was remarkable and the good condition in which they came through was inspiring.

Only a few cavalry horses and pack mules were lost, the victims of a hard ridden trail. The men reached the camp thirsty and hungry, but otherwise in good condition, fit for action and eager for the pursuit of Villa to begin in earnest. Here they were met with reports that Villa had raided the American colonies in the vicinity of his mountain retreats and that he had killed residents of these colonies.

Location Not Very Clear.

The location or Candelario Hernandez ranch was not clear tonight; nor did the dispatch passed by the military censor reveal the places where the American colonies, which Villa was reported raiding, are situated. The ranch was understood to be one of the properties of Luis Terrazas, the multi-millionaire land owner, whose properties Villa confiscated and distributed, while he held Luis Terrazas, Jr., for more than a year, squeezing millions in valuable property from the Terranzas family by threats of killing the son. The Terrazas properties are scattered over more than half of the state of Chihuahua, so that the Hernandez ranch might be 100 miles or more from General Pershing's outposts.

From 35 to 40 miles south and also southwest of the Casas Grandes region, where last night's report placed the American troops, there are numerous American Mormon settlements, but it had been believed here that the Americans all had left these towns.

The loss of some horses and mules by General Persning's squadron is not considered unusual for such a march. The bandit whom the Americans are pursuing spends the lives of horses freely to maintain the lead which the Americans are trying to cut down. That the American troops went through with the loss of only a few animals is considered on the border as a remarkable exploit in itself.

American Horses Stood Test.

Many predictions had been made before the expedition started that the American cavalry horses could not stand up under the hard work of the mountain trails, with scanty fodder and uncertain water facilities. The type of horse which they are chasing is a small, wiry pony with hoofs unshod. These unshod horses are said to "climb like cats." It is further boasted that when they have no food their riders give them a bunch of cactus. A saying of this country is that "a Mexican pony supper consists of a cactus plant and a blow on the head with a hammer to keep him quiet for the night."

The eating of cactus is a well established attainment of these horses. The variety fed is prickly pear, from which the spines have been burned.

In the first rush at least the American corn-fed horses have equalled the traditions of the famous Villa mounts.

As the Americans divide their pursuit another subsistence problem is raised, namely, the question whether in emergency the American troops can live on fresh beef as the Mexican outlaws do. This beef is eaten before the flesh cools, a practice which to the uninitiated causes serious stomach trouble.

News of General Pershing's presence with the vanguard was a surprise. His cavalrymen, starting from Columbus, had a considerably longer ride to make than those of Colonel Dodd, who started from the western end of the New Mexico boundary. The dispatches from the front do not indicate whether General Pershing left his main column to take the leadership of Colonel Dodd's men or whether the main column sent out a flying squadron which joined with Dodd's troopers.

Unofficial dispatches placed Colonel Dodd's command in the Mormon colonies near Colonia Dublan yesterday morning.

REVIVAL SERVICE OPENS AT THE SECOND BAPTIST

The Second Baptist church began Sunday a series of revival meetings to continue for two weeks, Dr. Henry Alford Porter, pastor of the church, preached at the first service and will preach every night. The church was well filled at both the morning and evening service. Six new members were admitted.

E. L. Wolslagel, a noted evangelistic singer, of Asheville, N. C., will be present during the series to assist Dr. Porter. He is a graduate of the Moody Bible institute, and has turned a deaf ear to many offers of the concert platform and opera.

Mr. Wolslagel assisted Dr. Porter at the railroad Y. M. C. A. Sunday afternoon. Four converts were received at this meeting. Beginning Tuesday, he will appear at one of the railroad shops in the city each noon to conduct a service.

All-Day Prayer Service.

An all-day prayer service, beginning at 11 o'clock today, Monday, will be conducted by the Woman's Missionary and Benevolent society at the Second Baptist church. Circle No. 6, Mrs. E. E. Davis chairman, will have charge of the devotional program at 3:30 o'clock, after which the circles will hold short business meetings.

HAVEN OF SAFETY AT HAND FOR VILLA

Bandit Near Old Hiding Places, Where It Will Be Difficult to Capture Him. Scouts Hired to Trail Villa.

Washington, March 19.—Villa, fleeing with his outlaw followers before the advance of the American expeditionary forces in Mexico, has reached his own country in the Guerrero district, where, high officers of the army said tonight, he may almost indefinitely evade capture. If the bandit chieftain makes a stand Washington is satisfied that the campaign will quickly end. But if he leaves his followers he can, military authorities agree, reach a haven of safety in the near-by mountains in less than a day of riding.

Clash With Bandits Expected.

The war department is anxiously awaiting word that contact has been established with the bandits. Although it was said at the department that no official information as to the whereabouts of the outlaws had been received from the border, press dispatches passed by the military censor with the expeditionary forces, were accepted as reliable. Administration officials were deeply concerned over the report that Villa had raided American colonies, killing the residents.

In the Guerrero district and in the country adjacent to Babricora, Villa is at home. For years he operated there in defiance of the laws of Mexico and its constituted authorities.

The mountains to the west offer countless hiding places and routes of escape. If hard pressed, Villa might, officials believed, abandon his men, don the garb of a peon and flee so far into the south that it would be exceeding difficult, if not impossible, to apprehend him.

To meet just this situation General Pershing, it was learned tonight, has authority to employ trusted Mexican and other scouts who also have lived their lives in the mountainous districts. These men know the hiding places and the retreats to which the bandits are sure to go if hard pressed. Upon them as a final resort will fall the task of trailing Villa to earth. Elaborate scouting plans are understood to have been completed.

Not to Occupy Mexic Towns.

The war department, it became known tonight, has, at the request of the state department, sent explicit instructions to the forces in Mexico not to occupy Mexican towns. Such occupation, it is said, might have the result of stirring up resentment among the Mexicans. However, General Pershing's orders will not prevent him from searching a town should he have reason to believe that Villa or any of his followers were secreted there. Neither is he prevented from passing through towns in an emergency, although officials feel sure that such action would be taken only where it was absolutely necessary. Upon no condition, however, will American troops enter and set up headquarters there.

Acting Secretary Polk, of the state department, today sent to Eliseo Arredondo, ambassador-designate of the de facto government, a reply to a note delivered by the latter during a conference at the state department yesterday. State department and embassy officials declined to divulge even the nature of the contents of the communication.

A reply to the request upon the Carranza government for permisison to ship supplies to the American troops by rail from El Paso is expected some time tomorrow.

All advices to the state department today were said to show that conditions in various sections of Mexico under control of the de facto government were improving.

To Protect Imperial Valley.

Only one dispatch was given out for publication by the war department. This was from General Funston and it conveyed the information that two troops of the First cavalry, stationed at Calexico, on the California-Mexico border, were to remain at their station to protect the Imperial valley. The text of the dispatch follows:

"Reply to inquiry of commanding general, western department, as to whether all the First cavalry was to leave or whether two troops could be left at Calexico; knowing that the Imperial Valley was an important point and would probably require protection, I replied that the two troops at Calexico should remain where they were. As this point is not in my department it would not be in my province to send other troops there, and for the present I should not want to spare any for this purpose. FUNSTON."

RICH ITALIAN RANCHER MURDERED BY MEXICANS

Supposed Visconti Refused Requests for Money—Protest Made to Washington.

El Paso, March 19.—Enrico Visconti, an Italian subject, and one of the best known foreign ranchers in Mexico, was murdered by Mexican bandits on his ranch at Encinillas, Chihuahua, last Tuesday. News of the murder reached here today in a telegram sent by Vincenzo Visconti, brother of the murdered man.

The telegram was sent from Presidio to Wencesias Garcia, a brother of the foreman of the ranch. The foreman escaped when Visconti was murdered and made his way safely to Ojinaga.

Visconti's ranch is 75,000 acres in extent and located one hundred miles south of Ojinaga and about an equal distance east of Chihuahua City. The bandits who murdered Visconti seized his cousin, Juan Elibao, a Spaniard, on his ranch sixty miles southwest of Encinillas, a week previously and held him for $1,500 ransom, which was paid from El Paso.

It is supposed Visconti refused demands for money, but no details have been received here. A son of the ranchman is thought to have been with him on the ranch, but nothing is known as to his fate.

The murder aroused deep indignation in the Italian colony here. Visconti had lived twenty-five years in Mexico, never having been molested before. His brother, Vincenzo Visconti, sent the following telegram today to the Italian ambassador in Washington:

"I am sorry to notify your excellency that my brother, Enrico Visconti, an Italian citizen, has been murdered on his ranch in the state of Chihuahua, Mexico, by revolutionary soldiers. I beg your excellency to protest to the state department against this outrageous crime, which, like many others, are committed daily on foreigners in that country."

Visconti said that his telegram would be supported by a protest to Secretary Lansing from the leading Italians here. "I have a large number of relatives in Mexico," he said, "and there is not one of them who has not been held for ransom or otherwise maltreated. Some of them I have been unable to get in touch with at all and don't know whether they are dead or alive."

THE BUSINESS GIRL

MEXICANS DESPISE AMERICAN FLAG

Mrs. Rogers Says British Flag Offers Only Protection—Mrs. Rogers Hid in Mine With Baby to Escape

El Paso, Texas, March 19.—Mrs. Wallace Rogers, of Detroit, arrived here today with her 15-months-old infant and told how, with her baby, she had hidden from Mexican bandits for two days in the shaft of an abandoned mine near Cananea.

Mrs. Rogers' husband, who is interested in mining property near Cananea, was away from home when the little colony fled on the approach of the bandits.

Fled to a Mine.

"The whole country around where I was living," said Mrs. Rogers, "was filled with abandoned mines. Most of the American men were away when we heard of the bandits' approach. We fled to one of the mines, carrying whatever food we could snatch up. One of the men took my baby and we crawled down an abandoned shaft by ladders until we reached the 1,000-foot level. Here we remained for twenty-four hours.

"Finally one of the men ventured to the surface. He reported everything quiet and we returned to our homes. We had harly reached there, however, when we again heard that the bandits were coming. This time we went down to the 1,500-foot level, where we remained another day. We were in a little stope about 10 feet square. We had no lights and I had only a couple of cans of condensed milk to feed my baby. We just sat there on the floor in the blackness and prayed. At last we could stand it no longer. I think we would have all gone mad if we had stayed there. We crawled up into the sunshine. There was no sign of the bandits and we made our way safely to Cananea, where we got a train."

No Respect for United States Flag.

Mrs. Rogers declared that the bandits not only had no respect for the American flag, but that it actually incited them to outrages. The only flag that offered protection, she said, was the British flag.

"I am bitterly ashamed to admit it," she said, "but whenever trouble started we began to hunt for a 'Union Jack.' It was by no means a bullet proof shield, but it was the only flag I ever saw that the Mexicans paid any deference to. There was a young Englishman who committed suicide where I was. The Mexicans thought he was an American and they hurriedly dug a shallow hole and were going to put him away without ceremony when the officer in command overheard someone say: 'I wish we knew where his mother is so we could notify her. She is somewhere in England, but I do not know where.' The officer stopped the burial and asked if the suicide was an Englishman. When he learned that he was he ordered the body preserved and tried for four days to get in touch with an English consul."

Escaped on a Motorcycle.

Another refugee, who had traveled 200 miles through Mexico on a motorcycle in search of safety, reached here today. He was employed on a ranch in eastern Chihuahua.

"There were three of us on the ranch," he said, "when we heard that a band of Mexican soldiers were going to pay us a visit. We were told they were Carranza followers, but we did not stop to inquire their politics or anything else about them. I jumped on my motorcycle and traveled about 10 miles in as many minutes. Then I got lost and wandered over the country for hours. Twice I was pursued by mounted Mexicans and fired at a couple of times, but the bullets went wild. My gasoline was almost exhausted when I saw at last the Rio Grande."

Refugees continue to arrive at border points daily, but the majority of them refuse to discuss conditions in Mexico, as they fear their property in that country would be destroyed if they aroused the resentment of the Mexicans.

DR. A. E. M'GARITY, HERO OF CIVIL WAR, DIES AT AGE OF 84

Dr. A. E. McGarity, aged 84, a well-known citizen, died Sunday morning at his residence, 114 East Merritts avenue.

The funeral will be held from the residence this afternoon at 3:30 o'clock. Rev. Henry Alford Porter, pastor of the Second Baptist church, will officiate. The pallbearers will be the deacons of the church. Interment will be in West View.

Dr. A. E. McGarity was born in DeKalb county, eight miles from Atlanta, in 1832. He was a pupil under Professor Looney, one of the most successful teachers of the south and by whom he was prepared for college. After graduating at Nashville, Tenn., he entered the old Jefferson Medical college in Philadelphia, from which he was graduated with distinction.

As he began the practice of medicine the war betwen the states came on and Dr. McGarity entered the service as surgeon in the Forty-fourth Georgia and Eighth Alabama regiments and was later surgeon of the well-known Doles-Cobb brigade.

During the Lookout mountain battles he was detached to Captain E. P. Howell's battery and during those hard fighting days these two formed a lasting friendship.

After the war Dr. McGarity entered the cotton trade in Atlanta, and as Wilkerson & McGarity carried on the cotton trade in a number of cities in the south, always making Atlanta their headquarters.

It is a matter of knowledge that the McGarity firm shipped from a southern port the first consignment of cotton to Europe after the war between the states. During the transit cotton went down to 10 cents, resulting in financial disaster to the McGarity firm. Later, however, Dr. McGarity paid dollar for dollar on his losses.

Of late years he had been living quietly in Atlanta. Dr. McGarity was a member of the Wheeler Camp, U. C. V. He is survived by three sons, E. C. McGarity, of Atlanta; W. B. McGarity, of Belton, Texas, and J. L. McGarity, of Atlanta.

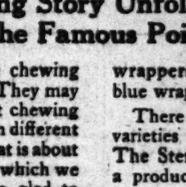

Revival Services.

Dr. Timothy F. Calloway preached to a large crowd last night at the South Side Baptist church, on the Tenth Commandment. Beginning today, he will preach every day at 3 p. m. a sermon of a series on the second coming of Christ, and at 7 p. m., daily, during the week, he will preach sermons on varied subjects, apropos the series of revival services he is holding. Dr. Calloway is pastor of the Baptist tabernacle at Macon, Ga., and has a large circle of relatives and friends in Atlanta.

A strange fossil with a head shaped like that of a man and a body shaped like that of a pelican is reported to have been discovered near Fromberg, Mont. It was imbedded in sedimentary rock of the Mesozoic period. The body of the fossil is two feet high. The head shows a well-developed projection over the base of the brain, a large forehead and a prominent jaw.

Forsyth has Frank McIntyre in "The Hat Salesman" twice daily this week.

7,777 Prizes

First Prize

$1,000

What is the 7th Point?

From Maine to California, from Texas to Hudson Bay, millions of people have been asking "What is the 7th Point in Sterling Gum?"

In practically every town, city and village in the United States and Canada, the published six points of superiority have brought Sterling Gum fast-growing popularity.

But the seventh point still remains a riddle.

Point ⑦ What?

Now, we are offering liberal prizes to those who send us the best suggestions for the Sterling Gum Point 7.

Before you make your suggestion for the 7th Point, read the following:

The Following Story Unfolds the Secret of the Famous Point 7

To most people chewing gum is a mystery. They may know that different chewing gums are made from different ingredients. But that is about all. Here are facts which we believe you will be glad to know about Sterling Gum:

Your Sterling Gum is made from the following materials:

The basis is the pure sap of the tropical Sapota Tree—a natural gum.

This natural Sapota Tree sap is boiled, sweetened and flavored. The sweetening is simply pure cane sugar and pure corn syrup.

The flavoring is of two kinds—Peppermint (in red wrappers), Cinnamon (in blue wrappers).

There are some twenty varieties of the mint plant. The Sterling Peppermint is a product of the choicest, smoothest-flavored of these many mint varieties.

The spicy Cinnamon flavor is extracted from the Cassia bush which grows in the tropics.

The sap of the Sapota Tree, the cane sugar, the corn syrup, the Peppermint and Cinnamon flavors all come from the sap of some plant or tree. Nature herself supplies these delicious materials from which your Sterling Gum is made.

Requirements for Winning Phrase

When you read the above facts on the materials that Sterling Gum is made of, you will know all that it is necessary for you to know in entering this contest.

The first prize will go to the one whose suggestion, based on the above story, most impressively presents the natural purity of Sterling Gum—in the opinion of the judges.

Remember that your suggestion must be in six words or less.

The next best suggestion will win the second prize—and so on down.

It is understood that the Sterling Gum Company will have the right to use the 7 Point suggestions sent in by the prize winners.

The contest is easy to enter. Just think out your way of expressing the 7th Point. Then write it out in six words or less and send it in as directed in the conditions printed below. Even if you don't win the first prize of $1,000, you stand a chance to win one of the 7,777 smaller prizes.

Sterling PEPPERMINT GUM

PEPPERMINTEIN RED WRAPPER — CINNAMON IN BLUE WRAPPER

First Prize $1,000
Second Prize $500

Third Prize	$250.00	700 Prizes—each	Box of 20 five-cent packages of Sterling Gum.
7 Prizes—each	$25.00	7000 Prizes—each	Box of 10 five-cent packages of Sterling Gum.
70 Prizes—each	$2.50		

Conditions of the Contest

Sterling Gum Company employees cannot enter this contest.

If two answers are entitled to the same prize, the full amount of the prize will be paid to each.

All answers must come in on a postal card. On the back of the postal card write *nothing* but your 7 Point suggestion (six words or less) and your name and address. The postal may be mailed in an envelope if you choose.

Mail answers to
Sterling Prize Judges
Room 319, 405 Lexington Ave.
New York City

You may send in as many suggestions for Point 7 as you choose. *But each suggestion must be written on a postal card as directed above.*

Contest Closes

All answers must be received in New York by midnight of May 15, 1916.

Answers will not be examined by the judges until after that date. The judges, therefore, cannot mail acknowledgments of the suggestions received.

Judges

The prizes will be awarded by the following committee of five well-known men:

John A. Sleicher, Editor of Leslie's Weekly.

Edgar Sisson, Editor of the Cosmopolitan Magazine.

Jno. M. Siddall, Editor of The American Magazine.

Frederick L. Collins, Editor of McClure's Magazine.

Robert H. Davis, Editor of Munsey's Magazine.

Announcement of Awards

The winners of the first 80 prizes will be announced in the July first issue of the Saturday Evening Post. Please do not write to the judges. They cannot correspond with individual contestants. Just make a note now of the date on which the prize winners will be announced in the Saturday Evening Post.

Now put on your thinking cap. Get your family to help you. Send in as many suggestions as you want to. All will be considered in awarding these many prizes. Do not write the Sterling Gum Company regarding the contest or its conditions as all suggestions will be judged by the Prize Committee named above.

THE EARLY BIRD CATCHES THE WORM

LADY'S NEIGHBORS CONTINUED GIVING HER GOOD ADVICE

Mrs. Burkhart Had Spells of Smothering and Would Gasp for Breath—Now Eats Onions and Cabbage.

"My wife would have smothering feelings and actually have to gasp for breath when the spells of nervous indigestion would come on her," said D. L. Burkhart, 1115 Marietta Street, Atlanta, for 10 years an employee of the Exposition Cotton Mills, in a statement to Dr. E. B. Elder, a Taniac representative.

"She could hardly digest anything," he continued, "and, in spite of the fact that I got the best medical treatment for her, nothing seemed to do any good until she began taking Taniac. She has suffered from this trouble since last August and it had pulled her down until she was weak and tired all the time and hardly able to get about.

"She had bad pains in the stomach and side, and she would swell up and have to belch up sour, undigested food, and at such times she would feel dizzy and get her breath hard. She suffered from constipation, too, and was nervous and couldn't sleep well at night.

"The neighbors kept telling her to try Taniac, and as the treatment she had been getting had done her no good, I made up my mind that it wouldn't do any harm for her to try it, so I went to Jacobs' and got her a bottle.

"She has taken three bottles now, and actually, the way it has brought her out and put new life in her beats anything I ever saw in my life! Before, she simply couldn't eat anything that wouldn't give her all kinds of trouble; but now she eats cabbage and onions and hot biscuits and anything else she pleases.

"It's certainly a fact that my wife's as well a woman today as she's ever been in her life. At least a dozen people here in our neighborhood are now taking Taniac because they saw the condition my wife was in."

This remarkable statement was made by Mr. Burkhart on January 29th, and a few days ago (March 14th) Dr. Elder called at the home to see Mrs. Burkhart and learn if she continued to improve.

"Yes," she said in response to his inquiry, "we are still pleased with what Taniac has done for me and I am enjoying the best of health. I really believe I would be in my grave if I hadn't taken this medicine and I am praising it and recommending it more than ever."

Genuine Taniac is sold in Atlanta exclusively by Jacobs' Pharmacy company.—(adv.)

WARNING SOUNDED ON DIVORCE PERILS BY FULTON JUDGE

Day of Legalized Free Love and of Trial Marriages Predicted by W. D. Ellis If Epidemic Is Not Checked.

TOO EASY IN GEORGIA TO MARRY, HE STATES

Since January 1, 101 Appeals for Total Divorce Have Been Filed in Superior Court, Breaking All Records.

"If the divorce epidemic is not checked in Georgia it will eventually precipitate legalized 'free love' and trial marriages. The man—or the woman, either, so far as that matters—will be at liberty to go to the one he proposes to marry and say:

"'We don't know how this thing is going to "pan out." It is foolish to take a risk. Suppose we experiment for six months or a year, and then if the experiment succeeds we can make our union permanent.'

"And the poor woman, unable to do anything but follow in the steps of love, and with all the multitude of divorce precedents opposing any views she might hold to the contrary, will be helpless to do anything else but take chances, depending only on her love to win and keep the man for whom she cares."

This is the prediction of Judge W. D. Ellis, of the Fulton county superior court, one of the state's ablest lawyers, and a recognized authority on divorce conditions. It was made in an interview last night at his home, 49 West Eleventh street; an interview actuated by the discovery Saturday afternoon that all records had been broken this year in divorce applications.

It was found in the superior court records that since January 1 there have been filed 101 appeals for total divorce. The nearest approach to this is eighty some-odd during the last interim between the superior term of court last year. It was also revealed that the next term of court—in April—will face an even heavier docket of 160 undefended divorce cases.

Judge Ellis hears the majority of Fulton county's divorce cases. The city has become a sort of Reno of the south, and the evil has grown to such alarming proportions that Judge Ellis has been moved to appeal for legislation to abate it.

"Atlanta has almost a record of two divorces a day," he said. "This is a strain the commonwealth cannot stand very long. It will mean a demoralization that will take years of legislative enforcement to overcome.

Will Degrade Marriage.

"It will mean an undermining of society and an uprooting of the home. It will eventually cause the coming generations to legalize a sexual union that will degrade marriage, making it a mockery.

Judge Ellis believes that the passage of laws making it more difficult to obtain divorce and compelling would-be divorcees to show due cause for separation will result in lessening what he terms "the plague." He also favors the appointment of a public officer to serve in the capacity of investigator of all divorce cases, assisting the court in deciding whether or not applicants are entitled to liberty.

"The most painful evil of divorce is its effect upon the children of the divorced parents. Not only do they go forth in life with a cloud hanging over them, but the contest over their possession embitters the parents, and teaches the children to lose all affection or respect for either or both, and especially the father or mother from whom they are taken.

"I prepared a bill and presented it to the state legislature, which provided that no total divorce should be granted on the uncorroborated testimony of one of the parties; that no divorced party should remarry within a year, and that in undefended cases an attorney—representing the state—should be appointed and paid to take testimony so that the real merits of the case could be presented to the court."

Judge Ellis' bill was referred to the judiciary committee of the legislature, but was not reported upon because of the volume of other matters that had to be dealt with at the last session. It will be taken up when the body convenes this summer.

Grounds for Divorce.

There are eight simple grounds for divorce in Georgia. They are intermarriage between persons within the prohibited degrees of consanguinity and affinity; mental incapacity at the time of marriage; impotency at the time of marriage; force, menace, duress or fraud to obtain marriage; pregnancy of the wife at the time of marriage unknown to the husband; adultery after marriage; wilful desertion for the term of three years; conviction of either man or wife for an offense involving moral turpitude meriting prison sentence of two years or more.

The discretionary grounds available at all times are cruel treatment or habitual intoxication. In undefended cases allegations can be made concerning any of these stipulations, and no one will appear to deny them. The court is compelled to accept the only available evidence.

"In connection with a story on the divorce epedemic, you should call attention to the manner and method of procuring license, to be married. Without any desire to impugn the conduct of any official, and with the remark that, in this circuit, we have had as ordinaries men of very high character and fidelity to duty, yet, as a matter of practice, I am told all through the state it is the easiest thing on earth to obtain a marriage license.

"Almost any grown man can go to the office of the ordinary and obtain a license to marry. A system of inquiry might lessen this peril. It might also be well to require persons authorized by law to perform the marriage ceremony to make investigation under certain conditions.

"In regard to the growth of divorce applicants who come to Atlanta largely for the purpose of obtaining separation, a very large number of our divorce trials are for persons who are virtually non-residents. In many of these cases, the defendants are alleged to be non-residents. Non-resident defendants are served by publication, and the publication (invariably in a local paper) is forwarded to the last known address of the defendant.

Defendant May Never Know.

"The odds are the defendant never knows of the procedure, and the case goes on, undefended, with the plaintiff able to make out practically any sort of case desired against his or her former mate without any danger of contradiction. This accounts, to a large degree, for the appalling growth of the divorce plague.

"You say the figures show 101 applications since the first of the year. In accord with our terms of court, we will have a total of 750 at the end of 1916—undoubtedly more, if they keep their former pace of increase."

"What do you think are the greatest contributing causes to modern divorces?" I asked him.

"Numbers of things," he replied, "one of them being the ambition to remarry."

It was here that Judge Ellis named the affinity (or soul-mate) as an omnipresent cause of divorce.

Divorce Less Disreputable.

"Statistics show," he said, "that the proportion of divorced persons who remarry is constantly on the increase, indicating that divorce is less disreputable than formerly, and now quite respectable.

"This proves that divorces in innumerable instances are being sought for the purpose of getting a chance to take on some newly discovered affinity or more attractive lover. The love of home, the place where the children are born and ought to be taught to revere, are all affected injuriously by changes.

"Money, or the lack of it, is very often the cause of divorce. Education increases the desire for ease and comfort, the desire to keep up with the procession, and failure to provide the wherewithal provokes unrest, promotes dissatisfaction and leads to extravagance.

"But cruel treatment, so far as my observation goes, is by far the greatest ground for divorce. It is a broad and comprehensive term. Our supreme court has defined cruel treatment to be the wilfull infliction of pain, either bodily or mental, upon the complaining person to the extent of causing a reasonable apprehension of injury to the life, limb or health.

Awakens Sympathy.

"This expansive charge, and description, left to the jury and to the courts, backed up by the absence of any defense, leaves the question too widely open to sympathy aroused by the harrowing details of domestic infelicity, as presented by the apparently distressed wife, or the apparently afflicted husband.

"No total divorce ought to be granted on the uncorroborated testimony of only one of the persons. If a husband or wife has been so cruelly treated as to authorize divorce, some other person would know about it. If either person is a habitual drunkard, someone as well as the husband or the wife, could testify to it.

"To restrict the undefended divorce suit, and to legislate some period of waiting before remarriage, would also be available methods of fighting the evil. It would at least deter it."

Military Training In Public Schools Urged by Minister

Slogan, "I Did Not Raise My Boy to Be a Soldier," Branded as Foolish in Sermon Preached by Dr. L. O. Bricker.

Dr. L. O. Bricker, pastor of the First Christian church, urged the need for a large navy, vocational training in the schools and colleges of the country and a compulsory military training for all school boys beginning at the age of fourteen, in his sermon last night.

He declared that the only way in which he differs from the policy of the president is that he does not believe Wilson's policy goes far enough. He asserted that there is not one nation in Asia or in Europe that could not attack America and in a few months have the entire country under control.

The Land of Promise.

"America will be the land of promise for the European nations and it will be toward this country that their desires will turn," he said. "Here they will be able to get those things necessary for the rebuilding of their own lands made waste and poverty stricken by the war. It will be in this country that they will find a nation unprepared for defense and one that is rich beyond all the lands of the earth. The European nations will be more than ready to take from America those things with which to retrieve their own shattered fortunes," he said.

The text for the evening was taken from the Biblical quotation, "When a strong man, fully armed, shall keep his court, his goods shall be in peace; but when a stronger man shall overcome him, then shall his armor be taken away and his goods scattered as spoils." This one quotation, Dr. Bricker declared, stands out as the best lesson for preparedness.

Country Not Prepared.

The American people do not want war, said the pastor. They are a peace-loving, peace-seeking, peace-making nation, he asserted, but they should be awakened to the fact that they are not prepared to defend their vast resources and wealth.

"Compulsory military training, in all the schools of this country, for all boys, from the age of fourteen up, should be one of the national laws. This would not mean that America shall prepare for war, but rather that this nation shall be prepared to make adequate defense if the necessity arises.

"Switzerland is one of the best examples of the nation prepared. In this small republic there are about four million people. Of this number about five hundred thousand are men and every man is a trained soldier ready to take up arms at any time to defend his native land. In spite of this seeming preparedness for war and apparent readiness for war, the Swiss have been successful in keeping out of the present European struggle. The nation is simply ready for defense if such a course should be found imperative."

The slogan which has gone the rounds of this country during the past several months, "I did not raise my boy to be a soldier," was scored by Dr. Bricker as foolish. He declared that such sentiments were not expressive of the attitude of our fathers and grandfathers, nor even of our great grandfathers, who did raise their boys as soldiers and were proud to send them out to fight for their country during the revolution and civil wars.

The service was featured by the singing of "My Country 'Tis of Thee," in which all the congregation joined.

LINOTYPE DROSS BOUGHT BY AGENTS FOR GERMANY

Dublin, Ga., March 19.—(Special.)—Buyers of scrap metal of all kinds, especially linotype dross, have been visiting the Dublin newspaper offices weekly for the past month, and the bids have increased with each visit, the latest being 4½ cents f.o.b. the newspaper plant, which is an increase from 3 cents, the first bid made. One buyer states that he and all others who have visited Dublin are agents of the German government, which now has 20,000 buyers scattered over the south alone, buying every scrap of metal possible. Linotype dross contains a rather high percentage of tin and antimony, which is especially scarce just now with the Germans.

EDITOR RHODEN'S HOME IS DESTROYED BY FIRE

Reidsville, Ga., March 19.—(Special.) The dwelling of L. M. Rhoden, editor and proprietor of The Tattnall Journal, was totally destroyed here last night by fire. The origin of the blaze is unknown.

Mr. Rhoden was out of town when the fire occurred, but his family was at home and barely escaped, saving only their wearing apparel. The loss was partially covered by insurance.

MILITARY TRAINING IN ELBERTON HIGH

Elberton, Ga., March 19.—(Special.)—Under the tutilage of Major H. P. Hunter the boys of the Elberton high school are being drilled in a the manual of arms. Elberton was among the first of the high schools in the state to inaugurate military training.

COMMERCIAL TRAVELERS WILL MEET IN AUGUSTA

Augusta, Ga., March 19.—(Special.)—The grand council of Georgia and Florida, United Commercial Travelers, will meet in Augusta May 27 and 28. The Augusta council has a number of committees out making active preparations for the event. It is expected that about 400 traveling men from the two states will attend the council meeting.

URGED BY WILSON, CONGRESS SPEEDS

Evidence of Co-operation Between President and the Democratic Leaders, Which May Lead to Early Adjournment.

Washington, March 19.—Evidence of co-operation between President Wilson and congress which may lead to an early adjournment at the capitol is seen by administration officials in the action of the senate and house in advancing preparedness legislation and practically removing the European and Mexican questions from the field of debate.

Although some congressional leaders, notably Speaker Clark, say congress will be in session until fall, administration officials predicted today that adjournment would come late in June or early in July.

A great legislative program still awaits action. It includes the army and navy bills, a tariff commission bill, the Philippine bill, rural credit legislation, several appropriation and revenue bills, shipping legislation, revenue measures and the immigration bill.

Action Wanted Before Convention.

The president is desirous that congress act on important questions pending before the political conventions in June. Work on the democratic platform already has been begun on the assumption that this can be accomplished.

The house will pass the Hay army reorganization bill by Thursday at the latest. In the discussion of this measure there has been evidenced more solidarity among democrats than had been exhibited at any time since the session began. In fact, the general support which has rallied around national defense legislation has been a surprise to the administration leaders, who had expected to encounter bitter antagonism. There is no doubt, however, that there are difficulties ahead for the army bill on account of the wide divergence between the senate and house bills. Senator Chamberlain plans to call up the senate measure tomorrow and to move that it replace the public lands water power bill as unfinished business. Whether this will succeed is doubtful because there are several senators who believe that the senate should wait until the house bill has been passed and that it should be used as the vehicle for the preparedness debate in place of the senate bill. There will be no long delay, however, as the house measure will reach the senate later in the week.

Government Armor Plate Plant.

Tuesday the senate is to vote on the Tillman bill for an eleven million dollar government armor plate plant. Senators Penrose, Oliver, Lodge and other republicans are prepared to make attacks on the measure, but its passage has been assured. The house naval affairs committee is preparing to wind up hearings on the naval construction bill. Chairman Padgett, of the committee, plans to report the bill early in April. This week will be devoted to testimony of Secretary Daniels and Assistant Secretary Roosevelt. Another of the national defense measures, the fortifications bill, is about ready. It will be taken up in the house soon and may displace the immigration bill which Representative Burnett hopes will follow the army bill.

The prolonged investigation into the qualifications of Louis D. Brandeis for the supreme court bench has been ended by the senate judiciary subcommittee which will meet this week to formulate a report to the full committee. Although no member of the subcommittee has given any hint of his attitude, the general belief is that a report favoring his confirmation will be made to the full committee. The committee, it is expected, will deliberate on the testimony for some time before reporting to the senate. Opposition to confirmation is certain to be encountered when executive sessions are ordered for its consideration.

NO CREDIT FOR ALLIES ARRANGED BY MORGAN

New York, March 19.—J. P. Morgan, who arrived here today from Liverpool on the steamship Philadelphia, reiterated the denial that a new credit against American securities, said to have been mobilized in London, had been arranged by him for the entente allies.

He said he knew of no contemplated new loan to the allies and asserted that the last loan was not exhausted. As to the reported mobilizing in London of American securities held in Great Britain and France, Mr. Morgan said:

"I understand they expect to handle these securities as they have been doing in the past so that it will not hurt the market." The financier refused to discuss his mission abroad and also declined to talk of a second appearance as a witness before the Thompson legislative committee to testify as to the affairs of the Interborough Rapid Transit company. "I know nothing about it," he asserted.

Asked as to what impressions he had gathered while in Europe as to the progress of the war, he said: "I am not a military man; hence I cannot discuss that question. I did not observe, however, any signs of weakening."

Mr. Morgan sailed from New York on February 2 and it then was reported he had gone abroad in connection with a new French loan. This report was denied. Later reports from abroad were that his mission had to do with American securities.

Mr. Morgan was accompanied by Mrs. Morgan on the trip.

ROYAL DEFENSE CORPS FOR GREAT BRITAIN

London, March 19.—Field Marshal Kitchener announced today that the king had authorized the formation of a royal defense corps with pay the same as that of regular infantry. It is believed the move is connected with the effort to solve the problem of recruiting married men.

The Central News says it understands the war office will call up the remaining groups of attested men at once and that it is probable they will be notified for service with the colors before the end of March or early in April.

The government is reported virtually to have solved the question of providing for the liabilities of enrolled men, such as rent and insurance.

FOR BRONCHITIS, PAINFUL COUGH, WHOOPING COUGH AND COLDS

Cheapest Remedy Made at Home—128 Teaspoonsful for 50 Cents.

When in need of a remedy for the treatment of Bronchial Affections, such as Bronchitis, Whooping Cough, Croup, Stubborn Coughs, Colds or Hoarseness, don't simply ask the druggist for a "Cough Medicine," but get the best. Tell him to give you Schiffmann's New Concentrated Expectorant, instead of being induced into buying something else purely on the strength of some testimonials or the exaggerated claims of the manufacturer. The same "Money Back" guarantee goes with every bottle of this remedy sold by Jacobs' Drug Stores as does with Dr. Schiffmann's famous Asthmador and your money will be refunded if it does not give perfect satisfaction; in fact even more, if it is not found the best remedy ever used for these affections. In buying this new remedy, besides securing the guarantee these druggists give, it will likewise be found the most economical to use, for the reason that one bottle (50 cents' worth) makes a full pint (128 teaspoonsful) of the most excellent cough medicine, after being mixed at home with one pint of granulated sugar and one-half pint of water. One bottle will probably, therefore, be sufficient for a whole family's supply, while the same quantity of the old, ordinary, ready-made kinds of medicine would cost between $2 and $3. It is prepared from strictly harmless plants, contains absolutely no chloroform, opium, morphine or any other narcotic or injurious drugs as do most cough medicines, and it can therefore be given to children with perfect safety. It is pleasant to take and children are fond of it. Absolutely no risk whatever is run in buying this remedy under the above positive guarantee. R. J. Schiffman, Prop., St. Paul, Minn.

We are making war all over the world on dandruff and unhealthy scalp conditions

ED. PINAUD'S HAIR TONIC

is recommended by thousands who use it as the one effective preparation to stop the ravages of dandruff and restore to the hair its youthful beauty.

If your hair is healthy, keep it so by the frequent use of this ideal French hair dressing. If your hair falls out, lacks lustre or is too oily, or if your scalp is uncomfortable, use ED. PINAUD'S Hair Tonic—try it for one month and watch the results. Its use is a refined habit.

Should you like to test it first, send a 2c stamp to our American offices today for a little trial bottle.

PARFUMERIE ED. PINAUD
ED. PINAUD BUILDING NEW YORK

Ask your barber or hair dresser to apply ED. PINAUD'S—accept no substitutes

NOTES ABOUT GEORGIANS AT NATIONAL CAPITAL

Washington, March 19.—(Special.)—Representative Randall Walker left Washington this afternoon accompanied by Mrs. Walker, for a brief visit with his father at Patterson, Ga., who has not been in the best of health recently. He will return in time to vote on the army bill and the immigration restriction measure.

Fuller E. Callaway, of LaGrange, Ga., was in Washington today in connection with the proposal to encourage the development of a dyestuff industry in the United States. He states that a serious situation will confront the textile industry, and the public, if a supply of dyestuffs to insure fast colors cannot be speedily obtained. While here he was the guest of Representative Adamson.

PRINCE OF WALES GOES TO EGYPTIAN FRONT

London, March 19.—"The Prince of Wales has arrived in Egypt on appointment as staff captain to the general officer commanding in chief the Mediterranean expeditionary force," says an official statement issued tonight.

CLARK IS TRANSFERRED FROM GEORGIA SERVICE

Harrison, Ark., March 19.—E. V. Clark, superintendent of the Georgia forestry service at Blue Ridge, Ga., has been appointed superintendent of the Ozark forest reserve in Arkansas to succeed Francis Kiefer, who has been transferred to the district forester's office in Washington, according to advices received here.

"This is why *I* take the place!"

Once let a woman enjoy a Winter's experience with the ample, genial, cleanly flow of warmth from radiator heating and never again can you change her from the decision—*not to try keeping house without this greatest of home comforts.* If you have not experienced our way of heating, ask any woman who has, or ask any real-estate man whether property does not sell or rent quicker *and at big-paying advance* when building is outfitted with

"The surest, biggest comfort in housekeeping is radiator heating"

AMERICAN RADIATORS & IDEAL BOILERS

If planning to build, ask your architect to let you read over the specifications of a dozen or fifty of his latest buildings. You will find that of all the many different articles or materials entering into the construction of a building, the only ones invariably mentioned in all the specifications are IDEAL Boilers and AMERICAN Radiators.

Why? Because a million users know that this outfit is the one feature which invariably gives greatest satisfaction, and soon repays its original cost in the economies its use brings about—a fine *investment*, not an expense. Pays far higher returns than 6% bonds. No other building feature produces such permanent returns.

A No. 4-22-W IDEAL Boiler and 422 ft. of 38-in. AMERICAN Radiators, costing the owner $195, were used to heat this cottage. At this price the goods can be bought of any reputable, competent Fitter. This did not include costs of labor, pipe, valves, freight, etc., which vary according to climatic and other conditions.

Greatest comfort at lowest price

Every architect and real-estate man knows that IDEAL Boilers and AMERICAN Radiators are the best heating outfits that money can buy, yet the great volume of sales makes their cost the lowest. Then, most important, IDEAL Boilers and AMERICAN Radiators are *fully guaranteed*, backed by our world-wide business and reputation.

Don't think you have to build a new house—the outfit is put in without tearing up. Easily put in *old* or new stores, schools, churches, farm-houses, banks, theatres, etc. You will need our book of illustrations from which to make selection. Sent free. Puts you under no obligations to buy. Phone or write us to-day.

IDEAL Boilers will supply ample heat on *one charging of coal* for 8 to 24 hours, depending on severity of weather. Every ounce of fuel is made to yield utmost results.

Built-in, genuine Vacuum Cleaner—iron suction pipe runs to each floor. Price, $150

We also make the ARCO WAND Vacuum Cleaner, connected by iron suction pipe to various floors of houses, flats, schools, churches, hotels, etc. Through a light-weight hose ALL the dirt, cobwebs, lint, threads, moths, etc., are drawn with lightning rapidity down the iron piping into big, sealed dust-bucket in cellar. No dragging around a clumsy, inefficient portable cleaner—instead you have a practical outfit that is part of the building—like radiator heating. Ask for catalog—it does not obligate you to buy.

Sold by all dealers
No exclusive agents

MISREPRESENTING GEORGIA.

It is time that long-distance newspaper misrepresentation of Georgia should stop—the false criticism of the unenlightened as to the administration of her laws; the holding up of the state to moral obloquy by the reckless distortion of facts and the wanton misinterpretation of the best and highest motives.

All that these self-appointed censors of Georgia need is a text from which to preach their wild, misleading sermons—some incident of court procedure which can be twisted and transformed into a subversion of justice, and straightway they plunge into pity and pathos, and "Poor Georgia!" is the spectacle presented for national condemnation!

Two recent instances of this misrepresentation are found in leading editorials in The Cincinnati Enquirer and The Washington Post, based on the story of a 9-year-old boy who was sent to the state reformatory at Milledgeville for the theft of two marbles "from a 5-and-10-cent store."

That was the opportunity of Georgia's critics for text and sermon, and mark with what little understanding of the facts in the case they bring Georgia before their hasty tribunals, lift up their hands in holy horror, summon the "weeps" and pile on the pathos!

Here is a sample of their judgment and "justice," as embodied in a leading editorial in The Cincinnati Enquirer, condemning this "prison" sentence:

> The heinous crime of which the lad was guilty was the theft of two marbles. Poor Georgia!
>
> What is going to happen to that 9-year-old boy? He is just a baby and, following the theory of some of our learned psychologists, his mind is plastic—a tabula rasa, as they term it scientifically. Upon this clean slate impressions are to be recorded according to environment. What is to be written on the mind of this child? Will the language, the thoughts, the conduct of the convicts in Milledgeville fire his young ambition to noble deeds and accomplishment, or will they distort and poison his outlook upon life? Will his young mind be seared with infamy and shame, or will it be inspired to the glory of right living, thinking and doing? Poor Georgia! Yes, but a thousand times over, poor little boy! He isn't going to have a chance.

There you have it—a distortion of facts—blind if not wilful misrepresentation, Georgia in as false a light as they can place her, blighting and blackening the future of a little child by making a convict of him and thus condemning him to baneful influences to work the ruin of his life!

What are the facts? The boy was not sent to Milledgeville to mingle with convicts, but for the beneficent purpose of moral betterment, and he was not sentenced to the penitentiary. That conclusion was jumped at and judgment on the inhumanity of Georgia justice pronounced simply because the state penitentiary is located at Milledgeville; but there, too, is the state juvenile reformatory—another institution altogether—where incorrigible lads—or those showing early criminal tendencies, are sent for their own protection, to receive wholesome instruction until whatever reformation they may require is accomplished. The institution is in the nature of a protective school, and they come out of it bettered, instead of blighted.

To that institution the boy in question was sent—not to be exposed to criminal association, but to be shown the right road and placed firmly on it—and not because he had "stolen two marbles," but because his associations were such that he was better off in the reformatory than out of it; it was to save him from himself—from dangers to which so young a life, having the unrestrained liberty of the streets, was exposed, that the law became the minister of mercy, in giving him a chance to prove the good in his makeup—in a word, an opportunity to learn the lessons that go to the making of a man—to keep him from the penitentiary, rather than to send him to it!

But our Cincinnati contemporary, like The Washington Post, pictures the outraged Goddess of Justice as weeping over the fate of children who, for trivial offenses, are torn from the arms of pleading mothers and consigned to prison cells!

Do these critics that go after Georgia red-eyed and wrathful on the slightest pretext, know that the fathers and mothers of incorrigibles themselves plead with the courts for the safeguarding influences of its reformatory institution—just as is often done in Cincinnati and elsewhere?

These things they do not know, or, so fixed is the habit of condemning Georgia on any and all occasions, they cannot shake it off! They see through blurred glasses, so darkly that objects and influences are dimmed, or distorted; what should stand clear is jumbled, and they can neither walk in the light nor lead others to it.

It is time to call a halt; they have much to weep and wonder over at their own unswept doors; but they are ever ready to leave home and strike Georgia; if there isn't enough in an immediate news incident to stir them to strike, they are keen to couple it with some other more flaring infraction of law, which they dig from old records for odious comparisons!

Georgia has much to deplore in past offending, but she is doing her best to apply the remedy where it is demanded, and all the time in the face of a storm of unjust criticism—and that criticism at the hands of the presumably intelligent and well informed!

That is what hurts—misrepresentation of the most reckless character—and Georgia damned and ostracised in the minds of the ignorant and believing!

In all fairness they should themselves call a halt, and be just if they cannot be generous. The patience of the people of Georgia has been worn to shreds by this persistent misrepresentation; it is time to stop it—to see clearly and to judge sanely. Such distortion of facts is unworthy of the press that gives space to it. Get at the root of the matter before you pass to the judgment seat. Be fair! Be fair!

This is the rightful demand of Georgia, baited and barked at by the blindly unthinking and pilloried for public scorn by those who will not know, or cannot understand. It is time to call a halt!

HOW DO YOU STAND?

There will soon be nominated by county primary two candidates for the office of county commissioner of Fulton county. Later, in the early fall, there will be nominated by city primary, candidates for half the membership of Atlanta's council. The candidates for county commissioner are announced; those for council and aldermanic board are coming out from week to week.

Atlanta has for some time now had under consideration the matter of establishing a centrally located University High School plant. It has been proposed that city and county shall unite, on an agreed basis, in the erection of this high school plant and that each shall enjoy its facilities. It has been universally agreed by county board, city council, board of education, citizens and civic bodies, in fact, by everyone, that both city and county need and must have this modern university high school as the apex of their public school systems; that without it both the city and county school chain are lacking in their most important links.

The connection is plain.

Now to all the candidates—

How do you stand upon this proposal to build a city and county university high school—not some time in the future, but at once?

It is to be taken for granted that every candidate for every office in the gift of city or county is agreed that this institution should be built; it would be the exception to unanimity if he did not.

It is not merely a favorable opinion that Atlanta wants, but a definite conviction that the thing should be done now.

What will you do, if elected, to bring about immediate construction of this essential high school plant?

There is the question to which every candidate for county commissioner, every candidate for council and aldermanic board, should give positive and emphatic answer right now.

The present county board and city council have already tentatively agreed upon co-operation in the matter of building this new institution, in which Atlanta's present ragged and inefficient intermediate educational system shall be consolidated, and county students admitted to participation in its advantages.

Let every candidate speak out—NOW!

Will you, if elected, press this high school project to earliest possible completion?

Let's have an affirmative answer from them all!

Portugal must feel proud since her old friend, England, told her to go in and win.

It is a Mexican "situation," doing its best to climb into a "crisis."

Why should they worry Hughes when there are so many republican candidates willing to sacrifice themselves?

It is said that Villa is hiding in the wildest part of Mexico. That's hard on the other wolves.

We hear of the fighting French, and the far sweep of the Russians, and—well, England cheers them on, to a man!

Perhaps the trouble with Villa is that he listened to fool advice and not to friendly reason.

A Berlin news note says the name of Verdun will be changed, which is regarded by the French as another contribution to the gaiety of nations.

Carranza reserves the privilege of hanging Villa. In case he has the opportunity, he may not contest our right to furnish the rope.

Vice President Marshall says four years more of his present job "would be fine." You see, nowadays vice presidents are allowed to run up and down front page.

JUST FROM GEORGIA

By FRANK L. STANTON

On the Last Stretch.

I.

Mister March'll soon be goin',—
Makin' for the door;
Ain't paid half that he is owin'—
Have a blowout, sure!
Though his winds are weary howlin',
He'll be sure to go a-growlin'!

II.

He's not done with field and town;
Think I hear him say:
"Got to blow more steeples down
To show I'm on the way!
Comes to folks, it's still my view
They need a shakin' up or two!"

III.

That's the way he talks, and so,
No use to raise a cry
Because the world he wants to blow
Against the shiverin' sky!
April will bloom through shadows dim
And shake his shiny curls at him!

* * * * *

Briefs From Billville.

You may know that candidates need votes when they're willing to plow and hoe for them; but the danger is that they'll lose their religion swearing at the mules, and consequently, the meetin'house vote!

Folks that call it "a slow old world," are themselves too slow to get out o' their own way, and if the world should go to whirling any faster they'd complain of the swimming in the head.

We dance and pay the fiddler, and suddenly the fiddle strings snap, and the lights go out and the dancing is over forever; but console yourself with the thought that you had a good time anyhow!

* * * * *

Retreating Invaders.

* * * * *

The Careful Brother.

I'm careful of the higher ground:
When great good fortune hits me
I get so dizzy goin' 'round
It's then old Trouble gits me!

And then he ups an' says, says he:
"You wuzn't takin' stock o' me!
Don't take a Solomon to know
Best wisdom is in layin' low!"

An' so I've come to sorter hold
What little ground I'm gittin',—
To know the glitter from the gold,
An' dodge when Trouble's hittin'.

An' now old Trouble says, says he:
"You learnt a lesson good from me;
It takes a lifetime for to know
Best wisdom is in layin' low!"

* * * * *

A Philosopher's Viewpoint.

"I don't expect to fence in many acres of this beautiful old world," says a Georgia philosopher, "but what little ground I gain I hope to make as beautiful as old Adam's possessions were before he ran away with the idea that what he didn't know about the apple business wasn't worth knowing!"

* * * * *

What Must They Think?

I.

Never no contentment—
Wishin' March away,
An' when you're deep in April
You're mournin' for the May.
I wonder what the angels think,
An' what the angels say?

II.

If earthly notes they're takin'
There, in their home o' bliss,
How mortal folks go sighin',
Even if it's hit or miss,
They wonder why we're frettin'
In a Paradise like this!

* * * * *

Graveyard Preachments.

From the "Graveyard Talk" man of The Charlotte Observer:

"The world may owe you a living, bud; but you'll find it real work to make it meet its obligation.

"Total depravity isn't confined to Mexico, nor are all the patriots in congress.

"If I wanted to size up a woman, son, I'd rather see her kitchen on Monday morning than her parlor Sunday evening.

"The race may not be always to the swift, but we never heard of a snail winning a marathon."

* * * * *

Happiness Jingle.

When Happiness comes smiling
And sorter grips yer hand,
Just say: "The rocky road is done,
And any country 'neath the sun
Is now the Promised Land!"

* * * * *

Prominent Regular Diers.

Bob Gonzales made this list of "Prominent Regular Diers," for The Columbia State:

"Villa.
"The Crown Prince.
"Francis Joseph.
"The Goeben.
"The Georgia Peach Crop."

* * * * *

Where the Trouble Is.

"Giving the devil his due is all very well," says our friend, Bob Gonzales, but he adds: "The trouble is that so many of us end up by being on tobacco-borrowing terms with the old scoundrel!"

RIPPLING RHYMES

By WALT MASON.

SCHOOLING

At school I learned a lot that helped me not at all; I conned, till I was hot, cheap maps upon the wall, and learned the names of hills in Lapland and Cathay, to trace the creeks and rills that wander near Bombay. I learned a lot of dates (when finished with the map), when kings and other skates went forth to have a scrap. The midnight oil I burned, and bucked the Rule of Three, and all the things I learned were not worth shucks to me. I learned some Latin roots, but never did they aid to buy a pair of boots, a bucksaw or a spade. I dug a while in Greek, and when I went to work I earned three bones a week, as haberdasher's clerk. They never used to teach the things that really count; the youth who tried to reach the top of learning's mount, would find, in after days, the knowledge he'd acquired obstructed all his ways, and made his wishbone tired.

177 EMPLOYEES OF SOUTHERN ARE GIVEN "LOYALTY" MEDALS; HARRISON CONGRATULATES MEN

President Fairfax Harrison, of the Southern Railway company, came to Atlanta Sunday morning especially for the purpose of paying tribute to those employees in the local territory who have exceeded twenty-five years of continuous service on the road, and to one hundred and seventy-seven men of all ranks and all classes he presented a bronze medal bearing the inscription "For Loyalty." The presentation of the medals took place at 11 o'clock in the assembly room of the Southern's office building at the corner of Mitchell street and Madison avenue.

Similar medals are now being given to the veterans in the Southern's service over the entire system, there being a total of 1,758 men to receive them out of the total of 45,000 employees in the service. Atlanta was the fifth point on the tour Mr. Harrison is making for this purpose. Monday he will present medals at Birmingham, on Tuesday he will be in Knoxville and the list will be completed at St. Louis on Wednesday.

The Atlanta gathering was one of the most unique assemblages of railroad men in the history of the city, for there were present in one body to meet the president of the system face to face and to receive an expression of appreciation from him men in all departments of the Southern, from general officer to negro laborer, men who have proven their loyalty and their fitness for their several responsibilities in the hard school of experience and by survival of the strict discipline necessary in the administration of a railroad.

The assembly room was crowded to standing room when President Harrison entered and opened the meeting. Each veteran was called forward by Mr. Harrison, who shook him by the hand, congratulated him upon his achievement and honorable record and presented him with a medal.

In opening the meeting Mr. Harrison said: "My good friends, I am engaged now upon what is one of the most interesting experiences of my life. Actuated by a deep sentiment, of which I am proud, I have already faced audiences of four groups of the veterans of our service, and each one of these meetings has been followed in my bosom with generous emotion of which I am not at all ashamed.

Harrison's Statement.

"I say to you, gentlemen, today that you here represent and are the best men in the service of Southern Railway company. You have deserved the honor which you have from your fellow employees and I am here today to give to you an expression on the part of the company of its appreciation and of my own deep appreciation of what that means to us and to you and to every man in the service.

"I have given medals in the last few days to one man who has been in the service sixty years and a number to men who have been in the service more than fifty-five years. That is an honorable record. There is another group included in that list which gives me great pleasure, and I am sure that all of you will echo and sympathize with me in that pleasure. There are two hundred and forty-five negroes included in that list who have been more than twenty-five years in the service. They are the right kind of negroes, the old-fashioned kind we have all known and the kind with whom we are associated in our youths and for whom we have respect. Their representation here today is one of the incidents of this occasion which gives me great pleasure."

President Harrison called on Conductor Y. R. Norris to close the meeting with a benediction. Conductor Norris responded as follows:

"I beg your indulgence for one word, and that is to thank you for the splendid tribute you have paid us today. We feel more than we know how to tell you that we are loyal. We may not show you in an eloquent way, but we feel all you have said to us today, and we hope you will leave this place feeling that it has not been as master and man, but as friend and friend."

Recipients of Medals.

The oldest employee in point of service who was to have been first honored is F. L. Brown, machinist, of Macon, who has been in the service forty-nine years, but illness prevented him from being present, and the honor of receiving the first medal among the Atlanta group was accorded D. J. Harrell, agent, formerly at West Lake, Ga., now on pension, who entered the service in 1870.

Out of the total of 177 men who received medals in Atlanta, twenty-eight were negroes.

Following is a list of those who received the medals:

W. Alcutt, Atlanta, conductor, 1888; E. S. Andrus, Atlanta, engineer, 1888; J. R. Adams, Rome, section foreman, 1888; J. J. Arnold, Fayetteville, agent-operator, 1888; George Akans, Atlanta, master mechanic, 1888; A. J. Anderson (col.) Atlanta, shop, car cleaner and oiler, 1889; N. F. Able, Macon, shop, blacksmith, 1889.

R. P. Bruin, Atlanta, route agent, 1889; G. A. Blackwell, Atlanta, storekeeper, 1887; D. T. Barclay, Rome, yard clerk, 1885; P. Byars, Rome, engineer, 1884; T. D. Bradley, Atlanta, conductor, 1889; Dan Brown (col.), Atlanta, porter, 1889; M. H. Burns, Atlanta, engineer, 1888; H. J. Burgay, Macon, engineer, 1877; A. J. Brooks, Macon, engineer, 1889; Wesley Bell (col.), Bullards, laborer; J. N. Biddy, Atlanta, supervisor, 1883; J. L. Biddy, Williamson, supervisor 1888; D. E. Boswell, Atlanta, conductor, 1889; Gus Brookins (col.), Atlanta, train porter, 1887; F. L. Brown, Macon, shop machinist, 1867; T. B. Boggus, Atlanta, headlight and signal light cleaner, 1886; H. P. Bausch, Columbus, shop carpenter, 1890; J. C. Beam, Atlanta, assistant general passenger agent, 1885; C. L. Bunting, Macon, commercial agent, 1880.

W. G. Casteel, Tallapoosa, traveling auditor, 1889; W. C. Cole, Atlanta, conductor, 1888; A. L. Carson, Rome, agent, 1886; Wylie Clayton, Waring, section foreman, 1887; E. L. Cochrane, Atlanta, bridge supervisor, 1885; J. S. Chestnut, Atlanta, conductor, 1890; A. M. Corrie, Atlanta, engineer, 1885; H. B. Cruise, Rome, engineer, 1890; J. H. Clayton, Waring, section foreman, 1886; T. A. Cahoon, Atlanta, section foreman, 1882; J. H. Creekmore, Farrill, section foreman, 1886; T. B. Cahoon, Cohutta, section foreman, 1872; Scott Colquitt (col.), Atlanta, section laborer, 1884.

Louis Davis (col.), Atlanta, shop, car cleaner, 1889.

W. A. Foster, Dallas, agent, 1888; J. W. Frye, Atlanta, conductor, 1890; Henry Foster (col.), Atlanta, fireman, 1883; Charles Forrest (col.), Atlanta, fireman, 1889; H. G. Farrar, Columbus, superintendent, 1891.

Serves 43 Years.

W. H. Gatchell, Washington, D. C., superintendent of agencies, 1873; O. Gunthrope, Atlanta, dispatcher, 1889; J. C. Gowder, College Park, section foreman, 1885; J. H. Graden, Atlanta, conductor, 1890; W. P. Green, Atlanta, hostler, 1890; Burl Glover (col.), Atlanta, laborer, 1886; Badger Goodwin (col.), Macon, shop, machinist helper, 1890; O. B. Garner, Atlanta, engineer, 1886; F. M. Gresham, Atlanta, executive clerk, freight traffic department, 1888.

J. E. Hobson, Atlanta, stationer, 1886; J. D. Herrman, Eastman, surgeon, 1887; John Howell (col.), Helena, section laborer, 1889; H. L. Harrell, Stockbridge, bridge laborer, 1887; S. H. Hardwick, Montgomery, Ala., general agent, 1874; E. H. Houseman, Atlanta, assistant agent, 1886; W. E. Hudson, Atlanta, engineer, 1890; R. L. Haire, Atlanta, engineer, 1890; S. J. Hayes, Macon, engineer, 1886; D. J. Harrell, Atlanta, agent (pensioned), 1870; H. C. Harris, Columbus, engineer, 1887; W. J. L. Hollingsworth, Atlanta, shop, carpenter, 1890; J. A. Harris, Sr., Atlanta, shop, painter, 1891; R. W. Hunt, Nashville, Tenn., division passenger agent, 1885.

H. C. Jennings, Atlanta, engineer, 1888; P. B. Jernigan, Atlanta, engineer, 1880; D. W. Johnson, Atlanta, engineer, 1888; Daniel Jenkins, Shiloh, agent-operator, 1886; W. L. Jones, Atlanta, shop, carpenter, 1889.

C. D. Knight, Atlanta, conductor, 1889; G. D. Kitchens, Atlanta, engineer, 1891; W. H. King, Ooltewah, Tenn., section foreman, 1875.

T. S. Lowery, Lumber City, foreman, 1889; J. I. Lowery, Atlanta, conductor, 1882; J. D. Little, Macon, engineer, 1887; E. H. Leonard, Macon, engineer, 1890; W. T. Latham, Macon, engineer, 1888; J. T. Landers, Atlanta, engineer, 1890; Shad Lester (col.), Atlanta, delivery clerk, 1879; F. B. Leake, Atlanta, hostler, 1886; W. O. Landrum, Atlanta, shop, blacksmith, 1888; Alf Lounds (col.), Atlanta, shop, machinist helper; 1885; R. Lovett, Atlanta, shop, engine carpenter, 1891.

Miller Given Medal.

H. W. Miller, Atlanta, vice president, 1885; H. McHatton, Macon, surgeon, 1883; John Metcalf, Montgomery, Ala., traveling passenger agent, 1889; W. A. Marchman, Cochran, section foreman, 1882; B. R. Montague, Atlanta Junction, operator, 1880; L. L. McCleskey, Atlanta, assistant general freight agent, 1881; W. T. Miller, Atlanta, yard conductor, 1891; W. M. McDonald, Cohutta, operator, 1890; Fred McCarver (col.), Oostanaula, section laborer, 1889; J. A. McLendon, Brunswick, wharfinger, 1889; W. M. McWhirter, Atlanta, flagman, 1889; J. D. Murphy, Gardi, section foreman, 1889; J. P. McPhail, Columbus, foreman, 1887; G. N. Meacham, Atlanta, shop, carpenter, 1883; Peter Mills (col.), Atlanta, shop, engine cleaner, 1886; J. T. Markham, Atlanta, foreman, 1891; J. W. Masseling, Atlanta, shop, blacksmith, 1891; R. E. McClain, Rome, shop, car inspector, 1891; Dennis Maddox (col.), Atlanta, shop, laborer, 1890; S. P. Maddox, Dalton, assistant division counsel, 1882; A. G. McCurry, Hartwell, assistant division counsel, 1890.

Judge Nelson (col.), Brunswick, truckman, 1890; J. T. Newsome, Hawkinsville, conductor, 1885; Y. R. Norris, Atlanta, conductor, 1888.

J. C. Osborne, Macon, crossing watchman, 1881; J. A. Oliver, Atlanta, engineer, 1890; G. W. Oliver, Atlanta, brakeman, 1899; Charles Oliver (col.), Atlanta, shop, boilermaker helper, 1887.

W. H. Paxton, Atlanta, general freight agent, 1891; E. L. Pearce, Rome, engineer, 1885; T. J. Pullen, Atlanta, engineer, 1887; C. E. Perkins, Atlanta, engineer, 1887; R. S. Pitman, Atlanta, engineer, 1890; A. C. Pate, Hawkinsville, local counsel, 1890.

Lewis Quarels (col.), Atlanta, porter, 1888.

George Robertson, Atlanta, soliciting agent, 1887; W. N. Rogers, Macon, special officer, 1889; T. M. Randall, Atlanta, conductor, 1887; A. H. Robinson, Macon, engineer, 1886; J. A. Ray, Phelps, section foreman, 1886; Charles Ridley (col.), Atlanta, section laborer, 1889; T. G. Russell, Atlanta, engineer, 1890; A. C. Raby, Macon, engineer, 1890; W. C. Rentz, Atlanta, engineer, 1889; W. J. Reeves, Atlanta, conductor, 1891; Henry Rhodes (col.), Atlanta, shop, car cleaner, 1886.

W. A. Slate, Atlanta, conductor, 1884; A. L. Sloan, Atlanta, platform foreman, 1883; C. R. Swint, Macon, engineer, 1884; M. P. Snell, Macon, engineer, 1886; A. S. Schoaf, Atlanta, engineer, 1884; J. L. Suttles, Atlanta, shop, switchman, 1884; T. C. Slover, Jesup, agent, 1885; Stephen Strickland, Jesup, car inspector, 1884; John Smith (col.), Atlanta, porter, 1884; W. H. Sloan, Macon, conductor, 1883; J. M. Sitton, Atlanta, engineer, 1890; Peter Smith (col.), Macon, sand drier, 1879; J. E. Smith, Williamson, chief dispatcher, 1886; A. H. Smithson, Atlanta, foreman, 1884; Nelson Shorter (col.), Atlanta, shop, hammerman, 1879; Columbus Smith (col.), Atlanta, shop, hammerman, 1885; W. C. Shannon, Atlanta, electrician, 1881; John Storey (col.), Macon, shop, car oiler; J. C. Stewart, Atlanta, agent cashier, 1883; J. J. Seay, Rome, commercial agent, 1888; C. E. Sergeant, Atlanta, ticket cashier, 1883; J. W. Smith, Atlanta, vice president's office, 1886.

J. W. Tew, Atlanta, engineer, 1890.

H. R. Upchurch, Atlanta, section foreman, 1888.

Edgar Wilson, Atlanta, storehouse labor foreman, 1882; T. D. Walker, Cochran, surgeon, 1887; R. L. Wilson, Atlanta, conductor, 1884; J. I. Whiddon, Macon, engineer, 1886; Peter Westberry, Jesup, transfer clerk, 1884; E. E. Wilkins, Jesup, clerk, 1887; T. C. Water, Atlanta, engineer, 1886; Tom Wiley (col.), Atlanta, fireman, 1889; C. H. Weakley, Atlanta, engineer, 1887; H. H. Ward, Nebula, conductor, 1887; W. A. Woodal, Fort Valley, conductor, 1889; D. Williams, Atlanta, conductor, 1888; W. C. White, Atlanta, foreman, 1885; J. A. Walker, Rome, foreman, 1880; F. C. Wilson, Atlanta, shop, clerk, 1885; W. M. White, Atlanta, shop, car repairer, 1888; George White (col.), Atlanta, shop, car cleaner, 1869; R. H. Ward, Atlanta, watchman, 1890; R. E. Wilson, Atlanta, trackage clerk, 1883; J. H. Wood, Asheville, N. C., division passenger agent, 1884; J. W. Young, Atlanta, conductor, 1884.

ITALIAN BARITONE ACCORDED WARM RECEPTION AT CONCERT

Before an appreciative audience of at least 3,500 people, Raoul S. Bonanno di Misilmeri, the young Italian baritone, late of the Paris opera but now of Chicago, sang at the Auditorium organ recital Sunday afternoon.

Accompanied by City Organist Charles A. Sheldon, Jr., on the organ, Signor Bonanno rendered the difficult "requiem mass," by Verdi, his strong, resonant voice soaring to the heights of musical power in the tense climax of the composition and holding his audience in rapt attention.

Possessing a strong, resonant voice of true dramatic power, Signor Bonanno sang with an understanding that marked him as an artist of rare ability. In a series of three English songs, the range and versatility of his voice was demonstrated to great advantage. He sang Tosti's "Ninon;" Weikel's "The Tide," and Goetz's "Melisande in the Wood," accompanied by Mr. Sheldon on the piano.

Mr. Sheldon also rendered Lemare's "Romance in D Flat," Gounod's "Funeral March of a Marionette," the grand march from "Aida," a cradle song composed by himself, and Johnston's "Midsummer Caprice."

Having sung in Atlanta twice before several years ago, and having also sung at Brenau, in Gainesville, Ga., and in Macon and Savannah, Signor Bonanno is well known in Georgia as an artist. For the past three years, however, he has been in St. Louis, Chicago and other northern cities in concert work.

SIX DAYS ENOUGH FOR WORK; SEVENTH IS NEEDED FOR REST

---H. J. Heinz

Incident to a season's recreation and rest in the southland, H. J. Heinz, Pittsburg, Pa., of "57 varieties" note, arrived in Atlanta yesterday morning, and, with his Sunday school secretary, George W. Penniman, will be a guest at the Georgian Terrace.

Mr. Heinz came here direct from St. Augustine, Fla., and Augusta, Ga., where he has been for a month. He will remain in Atlanta for several days, and will then go to Birmingham, Ala.; Memphis, Tenn., and from there to Tulsa, Okla., where he will attend the State Sunday School association convention and where he will be entertained by the chamber of commerce and Retail Grocers' association at a banquet in his honor.

He says there is no especial significance attaching to his Atlanta visit beyond the fact that he was here last month on his way southward, when he was so favorably impressed with the city and its people that he decided then to rest here a few days on his way north again.

Sunday School Leader.

In addition to his world-wide business interests and his alliance with civic affairs as a director of the chamber of commerce and as vice president of the Pittsburg exposition, Mr. Heinz is deeply interested in the organized Sunday school work. He is president of the Pennsylvania State Sunday School association, successor as such to John Wannamaker nine years ago, and represents 11,000 Sunday schools in the state, whose membership is 29 per cent of the entire population. He is a member of the International association's executive committee—on the sub-committee on work among the negroes—and at the world's convention at Zurich, Switzerland, in July, 1913, was unanimously elected chairman of the executive committee of the World's Sunday School association. This makes him the official leader of the Sunday school forces of the world, with a constituency of 304,000 Sunday schools with a total membership of 31,000,000 in every quarter of the globe. He gives much of his time and energy to this work, and travels all over the world in its interest and without expense to the organization.

When local Sunday school workers learned of Mr. Heinz's presence in Atlanta Sunday morning they immediately planned several breaks in his "rest" program, into which plans he entered heartily, and it was a busy day for him.

For a part of the day he was the guest of J. J. Eagan, president of the Georgia Sunday School association, and attended the Sunday school of the Central Presbyterian church, of which Mr. Eagan is superintendent. He addressed the school on the importance of school organization and work, and said that there are three essentials to the success of any individual—Truth, Honesty and Industry.

Addressing the women's class, where about 150 women were present, Mr. Heinz referred to the influence of woman's work, and said the organized adult Bible class was proving to be a very potent factor in Christian civilization. He was followed by Mr. Penniman, who spoke briefly.

Addresses at Tabernacle.

Later Mr. Heinz and Mr. Penniman visited the Tabernacle Baptist Sunday school as guests of Dr. Joseph Broughton, the superintendent, and each briefly addressed the school, as did also Thomas S. Franklin, ex-mayor of Charlotte, N. C., and superintendent of the Bible school of the Baptist church of that city, who likewise is an Atlanta visitor.

"I am always happy to be in Atlanta—a city beautiful as to location, and attractive because of the thrift, enterprise and progressive spirit of its people," said Mr. Heinz at his hotel. "In the enjoyment of this balmy spring weather it is difficult to imagine that New York and New England, only a few hours away, are in the throes of the biggest snowstorm of the season.

"I am very much pleased with your Sunday schools, and feel that Georgia is doing great work for the organized Sunday school movement.

"It was a pleasure, today, to note the number of business men in the Sunday schools I visited. They realize what I have known for many years—that there is no better way of having a 'restful Sabbath' than by just 'resting the engine' that has for six days been going at full speed in the multifarious business affairs of the city, and having a change. My experience of more than forty years as a manufacturer has shown me that a man can make more and do more work in six days a week, with a rest day for worship on Sunday, than he can by working seven days without any change or rest."

Penniman Well Known.

George W. Penniman, Sunday school secretary of H. J. Heinz, Pittsburg, Pa., who is a guest at the Georgian Terrace, is also secretary of the committee on Pythian education, of the Order of Knights of Pythias, comprising 730,000 men, and a supreme representative from the state of Massachusetts. He was chairman of the committee during the administration of Supreme Chancellor Thomas J. Carling, of Macon, Ga., during 1912-14, and has twice visited Syracuse, Sicily, the home of Damon and Pythias, upon the story of whose fraternal love the order of Knights of Pythias is based.

President of Harvard Relates Story of the Flag

(From an address by Howard Elliot, president of Harvard university, to Columbia Law school.)

(From The Milwaukee (Wis.) Journal.)

That was a noble story told some time ago by Clark Howell, editor of The Atlanta Constitution, at a banquet in New York at which I was a guest and he one of the speakers.

He was speaking of the greatness and glory of our flag. It was the story of a naval review at Gibraltar, where all the nations of the world were represented with their greatest battleships. One after another these great ships passed in review. A stranger stood by, in the neighborhood of an American seaman, thoroughly familiar with all the different ships and flags. The stranger was not, so he asked the seaman as follows:

"What ship is that?"

"It is the ship of his majesty the king."

"And this one?" as another giant plowed the waters.

"That is the ship of the German emperor."

"And what is the flag now flying on the ship that just passed?"

"That is the flag of the Czar of Russia."

"And this?"

"The flag of the King of Italy."

"And," said the seaman, as the next came by flying the Stars and Stripes, "that is my flag."

LOS ANGELES.

By GEORGE FITCH

Author of "At Good Old Siwash"

Los Angeles began business quite modestly a generation ago with a few houses and a full stock of fancy climate, which it has since been retailing to tourists and retired business men at the highest market prices. The city owes its great success to the fact that it has over 100,000 traveling representatives constantly advertising its wares. During the winter most of the citizens of the mid-west, who have made money enough to flee from the furnace room and the coal bill, journey to Los Angeles and spend the winter sitting under orange trees and writing letters back to the shivering east. In the spring, they go back home and talk climate. In this way they have worked up so much business for Los Angeles that the city has grown from 100,000 to 325,000 people in ten years; and they pay Los Angeles for doing it. The highest type of advertising is always the kind for which the advertiser gets paid himself.

Los Angeles is situated in a desert which can be readily transformed into fruit orchards and Italian gardens, by means of a hose and a pump. It is composed in equal parts of people who are spending money and of people who are helping them spend it. This helps business immensely and keeps everyone so happy that the only way to make a Los Angel stop talking about his city is to shift the subject to fleas.

The Los Angeles climate is so salubrious that invalids who go out there with fractional lungs come back home and out-talk strong men on the subject of California. It is a dry, sunny climate, conducive to the raising of lemons, oranges, prunes, hotel prices and dust. One can go without an overcoat all day throughout the winter in Los Angeles and sometimes during summer evenings. This climate has benefited every one who has tried it, with the exception of the McNamara brothers, and if the city were only at the other end of a $75 railroad fare it would now have several million inhabitants.

Los Angeles is full of hustle, happiness and big ideas. It has the largest interurban system in the world and builds skyscrapers more industriously than any other city, except Chicago and New York. It is piping its drinking water several hundred miles and has recently annexed an ocean harbor, a mountain and a small desert. It can be reached by taking a train de luxe, fitted with Turkish baths, libraries, music rooms, gymnasiums, conservatories and rathskellers, and getting off when the smell of oranges gets thick enough to eat.

Los Angeles has more beautiful homes than any other city of its size, and welcomes all the world to come out and squat on the shining sands in the outskirts. Residents are admitted to citizenship as soon as they can say Lohs Anghlais fluently, and every one over twenty-one years of age, skirted or panted, is allowed one vote at each election. And Los Angeles elections are more interesting than New Haven football games.

ATLANTANS PLANNING AUTO SHOW FOR 1916

Dealers Will Hold Meeting Tonight to Discuss Holding Exhibition.

An Atlanta automobile show for 1916 will be discussed at an important meeting of the Atlanta Automobile and Accessories' association, to be held at 6 o'clock tonight at the Merchants' and Manufacturers' club, Candler building.

From every advance report auto and accessory men of the city are enthusiastic over the proposition to revive the brilliant shows of former years. Not only did these shows prove of great financial benefit to the auto men, but they also featured prominently in the mid-winter social life of Atlanta.

An auto show for 1916 has the unqualified indorsement of R. N. Reed, recently elected for his second term as president of the Atlanta Automobile and Accessories' association.

If it is decided to hold an auto show, it will be patterned after the famous Grand Central palace show, held in January in New York city.

Two auto show experts will be present at the meeting. They have staged auto shows in all the big cities of the country, and will outline to the Atlanta dealers just what the cost would be to hold an exhibition here.

Golden Rule Suggested As Solution of Problem Of Lynching in Georgia

"There are two sides to the problem of lynching we are trying to solve in this state, and the only way to stop this crime in Georgia is by the co-operation of both races on the basis of the golden rule." This was the theme of the special sermon on lynching by Dr. H. H. Proctor at the First Congregational church, colored, last night.

"It is encouraging to note what the white people are doing to remove this evil. Pulpit and press are leading in the agitation; business men are speaking out in vigorous terms; college bred men are organizing against it; the governor is asking for more power; there is a movement to call a state convention to take up this with other matters of moral concern; liquor is to be abolished from the state May 1, and throughout the state there is a determined movement for law and order.

"It is for the white men to remove the crime that retaliates, and for us to remove the crime that provokes. We must cut out such things as liquor drinking, pistol toting and resorting to dives and dance halls. We must encourage industry, education and practical religion."

Militia Service Camp Proves Very Popular; Enlistment Increases

From all indications the hopes of authorities in the National Guard of Georgia to enlist sufficient recruits to bring Company A, of the Fifth infantry, up to its full complement of 65 men, will be realized by tonight or Tuesday.

The service tent, pitched at the base of the Grady monument, has proved a decided drawing card, and since it was established last Friday the three militiaman in charge, composing the "recruiting squad," have been kept busy answering questions relative to the service and receiving applications.

Last night they reported bona fide enlistments bring the total number in the company to more than 40 men, and there are applications on hand sufficient to fill out the company were all to pass the physical and other requirements. These requirements, however, are such that a considerable percentage of the applicants are barred—usually on physical grounds.

When the "recruiting squad" was detailed last Monday the company contained only 32 men.

LABOR LEADERS JOIN MILITARY CONFERENCE

At the meeting of the Atlanta Peace society Tuesday afternoon at 5 o'clock at the chamber of commerce hall, a number of labor leaders will be present to confer with the members of the peace organization on the question of military training in the public schools.

This was assured yesterday by Louie P. Marquardt, president of the Georgia Federation of Labor, who declared his intention of accepting the invitation of the peace society to be present.

It is understood that a plan is contemplated whereby the peace society and the labor organizations would cooperate and join in a protest to the board of education.

Dr. E. Lyman Hood, president of the Atlanta Peace society, will preside over the meeting.

MISS MELL MARRIES MR. LOUIE D. ACKER

Following an engagement of several months, Louie D. Acker, son of Mr. and Mrs. J. W. Acker, of 508 Highland avenue, was married Sunday afternoon to Miss Pearl Mell, daughter of Mr. and Mrs. J. N. Mell, of Marietta.

The ceremony was performed in the study of Dr. Dunbar H. Ogden, of the Central Presbyterian church, only the immediate relatives and friends of the young couple being present.

Following the ceremony Mr. and Mrs. Acker left for a wedding trip to Macon and through the southern part of the state, after which they will go to housekeeping in Albany, where Mr. Acker is engaged in business.

MINSTREL ADMITS WIFE IS HIS BOSS; SHE MANAGES ACT

Eddie Leonard, known to baseball fans as a former satellite of the Virginia state league, and to the rest of the country as the "Prince of Minstrels," comes to the Forsyth this week in an act bossed from start to finish by a woman.

EDDIE LEONARD.

Theatergoers know Eddie's manager as Mabel Russell. Her friends know her as Mrs. Leonard. She will be about the busiest little body in Atlanta this week, but she won't be seen by any audience, for her part is that of staying behind the scenes and seeing that everything's shipshape. Eddie hasn't got a thing to do with it, except to do as he is bidden. He admits she is "boss" and says this goes both on the stage and off.

FAVORITE SONGS OF EMMA ABBOTT OFFERED READERS

The winsome and witching personality of Emma Abbott will always be associated with Balfe's "Bohemian Girl," although she made a great triumph in "La Traviata" and Mayerbeer's "Faust" in London and Paris. Emma Abbott was born in Chicago in 1849, and her early death in Salt Lake City from pneumonia in 1891 deprived America of one of her most gifted prima donnas. It was her delight to sing selections from "The Bohemian Girl," "I Dreamt I Dwelt in Marble Halls," "The Heart Bowed Down," and "Then You'll Remember Me."

These songs are contained in "Heart Songs"—a collection of 400 of the world's favorite songs. This paper endorses this book and is now distributing it. Read the coupon elsewhere in today's issue.

Hite to Assist Judd In Agricultural Work For the N., C. & St. L.

J. E. Hite, a graduate of the agricultural department of the University of Tennessee, has just been appointed assistant agricultural agent for the Nashville, Chattanooga and St. Louis railroad, the work of the department having become so extensive as to require help for Joseph H. Judd, who is at the head of it.

Mr. Hite will devote his energies to the agricultural and live stock activities of the road, in connection with several new demonstration farms it proposes to operate in the south this year.

BETH ISRAEL TEMPLE TO GIVE PURIM PLAY

The Sunday school of Beth Israel temple, Washington and Clark streets, will give a purim play and entertainment on Monday evening at 8 o'clock in the vestry rooms of the synagogue. The play will be entitled "Queen Esther." Cast of characters:

Queen Vashti ..... Esther Elson
King ..... Abe Silver
Haman, Prime Minister ..... Bernie Wald
Nordechai, the Jew ..... Leo Shimoff
Queen Esther ..... Sophia Zimmerman
Court Dancer ..... Dorothy Litchenstein
Court attendants, maids, soldiers, guards, dancers, etc. Fifty people will take part.

A violin solo by Sylvia Berger will be rendered, and vocal solos will be offered by Miss Sadie Goldstein, Ernest Mandel and Oscar Gersnon.

WOULD PREVENT CLOSING OF ST. JOSEPH'S ACADEMY

Augusta, Ga., March 19.—(Special.)—A mass meeting of the Augusta Catholics has been called for next Tuesday to assist in launching a movement to prevent the closing of St. Joseph's academy, the girls' school which was removed here from Washington, Ga., several years ago. The order of Hibernians is behind the movement and it is planned to lend the money, not give it, to the sisters in order to keep the school open. Later, other arrangements may be made.

Permanent Atlanta Orchestra Urged by W. W. Leffingwell

W. W. Leffingwell, who will conduct the orchestra of sixty pieces, which will be heard in the concert at the Auditorium-Armory Tuesday night, March 21, for the benefit of the Associated Charities, asserts that this splendid orchestra should be made a permanent institution in Atlanta.

It is composed altogether of Atlantans, including some of the foremost musicians in the city; some of whom have already won splendid musical reputation. Mr. Leffingwell is a violin soloist and instructor, formerly of Chicago, and it is through his effort that this Atlanta orchestra has been brought together.

There will be vocal music, too, by the Southern university chorus and the College Park Choral club, which together number seventy-four fine voices, and, in addition, a number of solo selections, vocal and instrumental.

Importance of Orchestra.

Speaking of the importance of building up and maintaining such an orchestra as a permanent institution, Mr. Leffingwell said:

"In contemplating the many wonderful achievements of our well-known 'Atlanta spirit,' it would seem that we might hope to add yet one thing more, in order that our city may stand on a par with other cities of like size and importance, intellectually and culturally as well as commercially. With the establishing of great universities and other institutions of learning, Atlanta seems destined to become a great educational center, why not complete the circle of educational endeavor by the establishment of an institution such as other cities of similar size and importance consider as essential to the completion of their educational and cultural equipment—namely, a permanent symphony orchestra. I do not quite like the word symphony in this connection, as it seems to be a somewhat misused and misunderstood term. However, an orchestra as I have in mind—the complete, modern orchestra, fully equipped and capable of presenting the great masterworks of orchestral literature, in a thoroughly artistic manner and under proper conditions—would soon prove itself to be an indispensable institution, the pride and crowning glory of Atlanta's esthetic and civic achievement.

"The possession of such an organization would make possible the more frequent hearing of the world's greatest artists under ideal conditions, as well as the giving of music festivals, etc., all of which would prove of inestimable value as showing to the world that here is a city of culture and progress whose inhabitants possess and enjoy the real things of life. This feature of it is so valued by a western city, that its commercial body expends $65,000 a year in this kind of 'advertising.'

Germ of Artistic Endeavor.

"Notwithstanding many statements to the contrary, I am convinced that there exists here, in no small degree, the germ of real artistic and cultural endeavor, as evidenced by the work of the Atlanta Music Festival association, in providing an artistic treat each week, as well as one of the most remarkable opera seasons on record for a city of this size. A favorite statement of the late Theodore Thomas (whom Paderewski once called the greatest conductor in the world) was 'a symphony orchestra shows the culture of a community, not opera.' The man who does not know Shakespeare is to be pitied; and he who does not understand Beethoven and has not been under his spell, has not half lived his life. The masterworks of instrumental (orchestra) music are the language of the soul, and express more than those of any other art.

"Thus we are forced to the conclusion that a community possessing all the other evidences of culture and refinement, and lacking the symphony orchestra, lacks just that much of living life to the fullest. The orchestra is the greatest educator, it is the culmination of all musical endeavor of all time. The richest treasures of the most sublime of all the arts can be brought to life in no other way."

W. W. LEFFINGWELL.

THE DAY'S GRIST FROM THE STATE POLITICAL MILL

GUBERNATORIAL CANDIDATES DIFFER ON DEBATE CHALLENGE

The reason Dr. Hardman is not going into a joint debate with Governor Harris at Douglas on the 25th is because he doesn't think there has been any challenge to him for a joint debate. In Cuthbert, where he was a guest of the local chautauqua association Saturday, Dr. Hardman was asked by The Constitution correspondent whether or not he will accept the debate offer for the 25th, and replied:

"I have received no challenge for joint debate with Governor Harris at Douglas, nor at any other place. I had an invitation to make an address at the Douglas chautauqua, but declined to accept it. My letter to Mr. Floyd explains everything necessary."

When President J. Gordon Floyd, of the Coffee County Chautauqua Association, mailed the letters of invitation to Governor Harris and Dr. Hardman in Atlanta a week ago, he said he was inviting the two gubernatorial candidates for a joint debate. When Governor Harris was asked how he construed the letter from Mr. Jones, whether or not for a joint debate, he replied:

"That's what I took it to be, and I accepted the invitation on that basis. I took it to mean we were both to look into the faces of the same people, from the same platform, on the same day, and give them our reasons for being in the same race at the same time for the same office. That looks like a proposition for a joint debate, to me, but maybe the doctor could get something else out of it. I couldn't."

RESULTS ARE ANNOUNCED OF TATTNALL CO. PRIMARY

Reidsville, Ga., March 19.—(Special.) In the democratic primary held here last week for the nomination of county officers the following were victorious: For ordinary, C. L. Cheny, winning by almost double over his two opponents, H. J. Brewton and W. H. Yeomans; for clerk superior court, R. O. DeLoach won by a large plurality over Jerry Coleman; for sheriff, J. A. Kennedy was nominated without opposition; for superintendent of schools, I. S. Smith won without opposition; for tax collector, B. H. Beasley was the successful candidate, defeating Judge J. B. Kennedy, R. H. Purvis and Shelton Reddish; for tax receiver, John R. Purcell is the nominee over the incumbent, W. B. Brewton, and two other candidates, D. C. Barnard and D. J. Willis; for commissioner from the first district, B. P. Lynn was the successful candidate, defeating Lester Jarriel, the incumbent, by a large plurality; commissioner from the second district, J. L. Stanfield was the winner over his two opponents, J. L. Pearson and W. H. Purcell; commissioner from the third district, W. B. Surrency defeated the present chairman of the board, B. F. Dowdy; for coroner, M. F. Coleman won over R. D. Nobles. No one was a candidate for county surveyor.

HART JURY INDORSES SKELTON FOR SOLICITOR

Hartwell, Ga., March 19.—(Special.)—The county primary for Hart county will be held April 5. The second primary will be held the 12th of April. A number of candidates are in the field for the county offices. Ordinary W. E. McMullan is opposed by J. W. Scott, former tax collector; Clerk of Court J. W. Baker is opposed by John G. Richardson, Thomas J. Herndon and W. J. A. Cleveland; Sheriff A. Sid Johnson is opposed by Judge O. Harper and Dennard P. Cleveland; Tax Collector Henry A. Jordan is opposed by William T. Phillips, W. D. McGee and B. A. Teasley; Tax Receiver Fred B. Heaton is opposed by Mahlon Bailey, Robert L. Russell and J. Gip Danile. Road Commissioner John S. Wilson is opposed by W. T. Bennister, Sr.; Coroner James T. Nixon is opposed by Henry Allen; County Superintendent of Education W. B. Morris by J. R. Stephens.

No announcements have been made for the position of representative and state senator from the 31st district. It is understood that Hon. John B. Morris will again offer for the house from Hart county. The name of Rev. J. D. Turner is also mentioned for this place. The names of Hon. Asben A. McCurry, former representative, and Dr. George S. Clark have been coupled with the race for the state senate, though no formal announcements have been presented.

The grand jury of Hart county last week launched the candidacy of Hon. A. Steve Skelton, mayor of Hartwell, for solicitor general of the northern circuit. In eulogistic terms they have presented Mr. Skelton to the voters as a fit and proper man for the position. He will undoubtedly receive the solid vote of Hart county in his race.

GRAND JURY OF ELBERT COMMENDS JUDGE WORLEY

Elberton, Ga., March 19.—(Special.)—The grand jury of Elbert county this week commended in high terms the candidacy of Judge Joseph M. Worley for judge of the northern circuit, and Hon. Thomas J. Brown for congress from this district. This was Judge Worley's first term of Elbert superior court since he was appointed to fill out the term of Judge Meadow, resigned. The only opponent he now has is Judge W. R. Little, of Carnesville.

OFFICIALS OF MEMPHIS FACING IMPEACHMENT

Nashville, Tenn., March 19.—The legislature will meet here in extraordinary session Tuesday at noon for the purpose of conducting impeachment proceedings against Criminal Judge Edgington and Attorney General Z. N. Estes, of Shelby county. The call for the session was issued on March 11 by Governor Rye as a result of a campaign waged by Memphis newspapers against the two officials, who are charged with numerous acts of malfeasance, corruption and incompetency.

Judge Edgington has retained counsel for the hearing. Attorney General Estes announces that he will not retain counsel, declaring that he is in a better position than anyone else to conduct his own defense.

This will be the first time the legislature has met to conduct impeachment proceedings in twenty-three years.

FUND FOR SYRUP WORK PLEASES GRADY FOLKS

Thomasville, Ga., March 19.—(Special.)—The citizens of Grady county are gratified at the news sent them from Congressman Frank Park that he has secured in the bill of agricultural appropriations the sum of $10,000 to be used in the work being carried on by Dr. P. A. Yoder at the syrup experiment station near Cairo. The station has under development a plan for the prevention of souring and fermentation of syrup, which, when developed, will secure the introduction of Georgia cane syrup into territory that has never been reached and will prove a great benefit to the people not only of Grady county, but of all south Georgia.

COUNTY SCHOOL TAX PLANNED IN ELBERT

Elberton, Ga., March 19.—(Special.)—If the recommendation of the grand jury means anything, Elbert county will soon adopt a system of county-wide taxation for public schools. A fine sentiment for it has been developed all over the county culminating in the recommendation of this week's grand jury for the adoption of the system. An election will be called soon after the May county primary.

Convicts Are Shown Folly of Attempts To "Beat" the Law

Prisoners Applaud Success of Mary Turner and Aggie Lynch in Their Encounters With the Detectives.

Little Emma Bunting and her company of players brought sunshine into the lives of the inmates of the federal prison Sunday afternoon and taught a moral leasson as well with a presentation of "Within the Law," the current Bunting offering at the Lyric theater.

Miss Bunting unquestionably gave the prisoners one of the big treats of their lives—insofar as the prison life is concerned. "Aggie Lynch" is a role that gives her opportunity for the display of all her talent, enabling her to be as slangy as she likes, as impetuous, as tempestuous, as temperamental, as impish.

The guards almost had to rap for order when Mary Turner, played by Eva Sargent, told the district attorney that to "Go about crookery in a legal way meant to gain twice as much." And when Aggie Lynch fooled the burly police inspector in his office by her clever pose as a lady of position, federal prisoners forgot in the outburst of approval the fast approaching hour when they would have to troop back to the cells.

The Bunting company put on an unusually good performance. Many special effects had been built for the prison show, and none of the force of "Within the Law," which teaches the moral, "You can't get around the law; it will get you, instead," was lost. Among those who witnessed it was Warden and Mrs. Fred G. Zerbst and Deputy Warden Arnold.

"Within the Law" was an ideal play for a prison audience. It dealt largely with police characters, the sort understood and recognized by a majority of the listeners.

According to Ed Schiller, Miss Bunting's director, the original of the character, Joe Garvin, is now in the Atlanta prison and was in Sunday's audience. At the prison he is known as "Chicago Mike." He is serving a fifteen-year sentence for violation of federal laws.

Joe Garvin is one of the leading characters of the play, a forger in love with the heroine. In the last act he is sent to prison for life.

Outside musicians were added to the prison orchestra, and the music between the acts would have done credit to the average theatrical orchestras. The programs were neatly printed in the prison printshop, and guards served as ushers for the outsiders, scores of whom were women and children.

CROWDS ON STREETS ATTRACT THE NOTICE OF CHARLESTON MAN

Returning home from a month's visit to Hot Springs, Ark., M. M. David, one of the leading merchants of Charleston, S. C., arrived in Atlanta yesterday, and is a guest at the Piedmont.

"Atlanta," said Mr. David, "looks better to me every time I see it. The feature that impresses me most when I am in this city is that you see the people on the streets; the climatic conditions being such as to entice them out of doors, and Atlantans, appreciative of their climate, respond. The number of people I have seen on the streets today would do credit to a city of twice the size of this.

"Another feature is the beauty and attractiveness of the displays in the retail store windows. This, of course, is profitable from a sales standpoint, but it exemplifies a civic pride and an enterprise upon the part of the merchants that you Atlantans may not notice, but it is striking to an outsider and is most commendatory."

BIDS FOR POSTOFFICE SUPPLIES CLOSE MAY 16

Postmaster Bolling H. Jones has announced that proposals will be accepted at the office of the second assistant postmaster general until 1:30 o'clock, May 16, 1916, for furnishing equipment for the delivery, collection and transportation of mail at this city for the term of four years, beginning July 1.

Industrial Home Corps.

Millen, Ga., March 19.—(Special.)—The drum and bugle corps of the Georgia Industrial home, of Macon, gave a performance here last night in school auditorium to a very large audience. The company also rendered a program here this afternoon in the school auditorium to a large number of people.

TIGER KILLS HIMSELF WHEN PLACE IS RAIDED

Columbus Negro Commits Suicide as Officers Search for Whisky.

Columbus, Ga., March 19.—(Special.) The limit in unexpectedness probably occurred in this city early Sunday morning when Jonas Welborn, a negro, shot and killed himself when county officers raided his place, investigating the sale of some whiskey.

Welborn talked with the officers when they got in, and as one was watching him while others were searching the rooms, he picked up a pistol from off the shelf of his little store, and placing it to his right temple, pulled the trigger. It was stated that the negro was more or less unbalanced.

METHODISTS ARE TOLD OF NEED OF MINISTERS

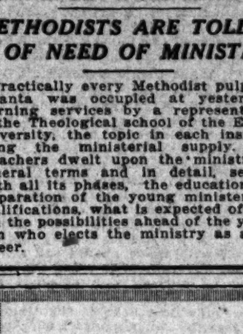

Practically every Methodist pulpit in Atlanta was occupied at yesterday's morning services by a representative of the Theological school of the Emory university, the topic in each instance being the ministerial supply. The preachers dwelt upon the ministry in general terms and in detail, setting forth all its phases, the education and preparation of the young minister, his qualifications, what is expected of him, and the possibilities ahead of the young man who elects the ministry as a life career.

Voluntary Trusts

Trusts may be established during your lifetime for the benefit of yourself and others. The income can be made payable to yourself while you live, and the principal or income, or both, thereafter to the individual or institution named by you in the Deed of Trust.

You can make the deed revocable and cancel it at any time, enabling you to see during your lifetime how your estate is managed, and test the great advantage of having a corporate trustee before you commit your estate irrevocably to the executor of your Will.

Our officers will be pleased to have a personal conference with you.

Inspection of Homes Of Negroes Is Urged To Lessen Death Rate

"The high death rate among the colored people in Atlanta and other southern cities, and the spread of contagious diseases will never be checked until the sanitary and health departments of the cities and counties inspect 40 per cent of the homes of the colored people," said Professor B. R. Holmes, president of the Holmes institute, in delivering the quarto centennial address Sunday at St. Philip's African Methodist Episcopal church, of which Rev. R. J. Jefferson is pastor, at 11 o'clock to a large audience of colored citizens. Out of these insanitary homes come seventy-five per cent of the cooks, chambermaids, nurses, butlers, wash-women and office girls.

Rev. J. A. Hadley, presiding elder of the Atlanta district of the A. M. E. church, and Rev. W. A. Fountain, president of Morris Brown university, also made short talks.

LaGrange Man Slashed.

LaGrange, Ga., March 19.—(Special.) J. P. Jordan, who conducts a fruit store, was painfully though not seriously cut about the head and face this morning at 10 o'clock by Tug Bachelor, a carpenter. Jordan probably owes his life to the prompt work of physicians in stopping the flow of blood. Bachelor was charged with assault and battery and is under bond.

DUTCH INFLAMED AGAINST GERMANY

Possibility of War Discussed as Result of Sinking of Tubantia — Berlin Denies German U-Boat Sank Liner

The Hague, March 19.—(Via London.) The press of The Netherlands, discussing the sinking of the Tubantia, refers to the possibilities of war between Germany and Holland.

The Amsterdam Handelsblad, after discussing the uselessness of such a conflict and considering the ties between the two countries, adds:

"Nevertheless, nothing would be more damaging to our independence and national existence than the conviction gaining ground that we are unprepared to shed our blood for the defense of our rights and independence."

What Pirate Deserves.

The Handelsblad does not believe, however, it says, that Germany will withhold clear guarantees against a repetition of such an incident as that of the Tubantia and continues:

"If the attack was made against the orders of the Germany admiralty we expect the submarine commander will get what a pirate deserves."

The Nieuwe Rotterdamsche Courant says: "If the German navy seeks a conflict with us, it should say so. The German government is using the surest means of hurting our national feelings."

The Vaderland asks if the time has not come for America, Holland, Argentina, Brazil, Chile, Sweden, Norway and Denmark to take combined action, "as their interests coincide and there can ments."

"The South American republics are interested," it continues, "because the loss of the Tubantia deprives them of one of the few remaining links with Europe." The Vaderland believes that joint diplomatic pressure would convince Germany that the present method of submarine warfare must be abandoned.

Engineer de Groot, of the Tubantia, be no doubt concerning their sentinow makes the statement that an hour and a half after leaving the ship he saw a submarine of foreign build.

Evidence Indicates Torpedo.

The Netherlands ministry of marine does not declare definitely that the steamship Tubantia was torpedoed, but from all evidence in its possession regards it as extremely probable. J. J. Rambonnet, minister of marine, today confirmed a report to the Associated Press that an affidavit had been made by the first mate, the fourth mate and the outlook, in which they said that they saw a white streak, which is only explainable as the track of a torpedo approaching the ship. When the streak touched the Tubantia an explosion followed. The Tubantia, according to the affidavit, had all but stopped when the explosion occurred. The vessel was hit midships, aft on the starboard side, two meters below the water line.

In view of all this testimony, Minister Rambonnet declared that the only conclusion left was the Tubantia was torpedoed and sent to the bottom.

"In fact," he declared, "I regarded it as ninety-nine out of a hundred chances that she was torpedoed."

Minister Rambonnet added that the ministry of marine was making further investigations. A Rotterdam salving company, he said, would begin work on Monday with diving operations at the spot where the Tubantia sank, with the hope of establishing more definitely the nature and cause of the explosion.

GERMANY DENIES SINKING TUBANTIA.

Berlin, March 19.—(By Wireless.)—No German submarine could have been in the vicinity where the Dutch liner Tubantia was sunk and no German mines had been laid in the region, the German admiralty announced yesterday. The official statement said:

"The Dutch navy department has stated that, according to the sworn declarations of the first and fourth officers and lookout men of the steamer Tubantia, the course of a torpedo was clearly seen.

"A German submarine is out of the question in connection with the sinking of the Tubantia as the place where the accident took place is less than 20 miles from the Dutch coast, which means that this place is within the territory declared to be not dangerous for shipping by the manifesto of February 4, 1916. It is further stated that no German mines were laid there."

9,270 DEAD RUSSIANS BEFORE GERMAN LINES

Continued From First Page.

Salins and the aerodrome at Dieuze. Thirty shells of large caliber were dropped during the course of this expedition, of which 20 fell on the station at Metz.

"One of our groups of bombing aeroplanes, composed of 23 machines, dropped 72 shells on the aviation camp at Habsheim and the freight station at Mulhouse. Enemy aeroplanes pursuing our airmen engaged them in an aerial battle during which one French machine and one German machine were forced to descend by the reciprocal machine gun fire. Two other German aeroplanes fell in flames and three of ours were seriously damaged and obliged to descend in enemy territory."

GERMANS GAIN AGAINST BRITISH.

Berlin, March 19.—(Via London.)—A successful attack against the British lines northeast of Vermelles, in which the Germans regained ground they had lost in mine fighting of March 2, was announced today by the war office.

In the Verdun region, the official bulletin states that French attempts "against Le Mort Homme and east thereof" were stopped at the outset. The statement follows:

"Western theater: Northwest of Vermelles, southeast of La Bassee canal, after effective artillery preparation and five successful explosions we recaptured from the British some little gains they had obtained in mine fighting on March 2. Of the British occupants, the majority of whom were buried in the flattened trenches, we captured thirty survivors. A British counter attack failed.

"The town of Lens was again bombarded by heavy British artillery.

"While yesterday passed without special events on the left bank of the Meuse, French attempts early this morning against Le Mort Homme and east thereof failed from the beginning. On the right bank artillery activity temporarily increased to very considerable violence. At the same time hand-to-hand fighting developed at several places southward of Fort Douaumont and westward of the village of Vaux for small defense works. This fighting is not yet concluded.

"The French yesterday were driven by German detachments out of the position at the forestry house of Thiaville, northeast of Badonvillers, which we left to them on the 4th of March. After destroying their dugouts our men returned to their own trenches with forty-one prisoners.

"Mutual aerial activity in reconnaissance and attack was very pronounced. Our aeroplanes attacked railway buildings on the lines from Clermont to Verdun and Epinal, Lure and Vesoul and south of Dijon.

"In an enemy attack on Metz three civilians were wounded.

"Of a French aerial squadron which attacked Mulhausen and Habsheim four aeroplanes were shot down in an aerial fight near Mulhausen. The occupants of the machines were dead. At Mulhausen seven civilians were killed and thirteen wounded. At Habsheim one soldier was killed.

"Eastern war front: The expected Russian attacks on the front of Drisviaty lake and Postavy and on both sides of Narocz lake began with the greatest violence, but the enemy was everywhere repulsed with extraordinarily heavy losses. Before our positions on both sides of Lake Narocz we counted 9,270 dead Russians. Our losses were very small.

"South of Wisniew lake there is an increase in the artillery activity.

"Balkan war theater: The situation is generally unchanged.

"One of our ships the night of March 17-18 attacked the entente fleet near Karaburun, south of Saloniki."

TURK REPORT ON OPERATIONS.

Amsterdam, March 19.—(Via London.) The following Turkish communication has been received here:

"In the Dardanelles on Friday a cruiser unsuccessfully shelled the neighborhood of Teke Burnu and Beyaztepe. Two enemy aeroplanes which crossed over the Gallipoli peninsula were obliged to retreat before the machine gun fire of one of our battle planes.

"In the Caucasus, in a counter attack by our left wing, we captured some enemy war material."

RUSSIANS REPULSE GERMAN ATTACK.

Petrograd, March 19.—(Via London.) The following official communication was issued today:

"Western (Russian) front: In the Riga section the enemy opened a lively artillery fire on the Ikskull bridgehead and farther south. In the Jacobstadt section there has been an artillery duel in the northern division. In the Vidza region our artillery cannonaded German trenches. The enemy attempted to take the offensive near the village of Mezziany and south of Evereex, but was repulsed.

"The artillery was active in the vicinity of Storgonne. Our skirmishers took some enemy trenches in the upper Stripa region and repulsed a counter attack. In the same neighborhood we repulsed an enemy effort to aproach the village of Yuzefovka.

"In the Black sea, near the Bulgarian coast, our torpedo boats sank a steamer loaded with benzine. They were, thereupon attacked unsuccessfully by enemy aeroplanes which threw eight bombs. This did not prevent our torpedo boats from taking the steamer's crew aboard.

"Caucasian front: We captured two additional cannon while pursuing the Turks in the region of Mammahatun."

GREEKS CLASH WITH BULGARS.

Paris, March 19.—Greece has been invaded by a band of Bulgarian irregulars, who forced their way across the border near Demir-Hissar, according to a Havas dispach from Athens under yesterday's date. Greek regulars drove them back across the frontier, the raiders leaving two dead.

Interruption of telegraphic communication between Greece and the central empires and Rumania is attributed by the Havas correspondent at Athens to Bulgarians who are said to have cut the wires between Monastir and Florina.

GERMANS CHASED BY THE FRENCH.

Paris, March 19.—French troops have occupied Ilep and Mayadat on the frontier between Greece and Serbian Macedonia after pursuing a German contingent into Bulgarian territory opposite the Gievgeli sector, says a Havas dispatch from Athens, dated Saturday. The losses on each side were about thirty killed.

French forces arrested forty peasants on charges of espionage, says the dispatch.

BRITISH ADMIT GAIN BY GERMANS.

London, March 20.—The British official statement on the campaign in France issued last night reads:

"The enemy yesterday (Saturday) exploded mines, capturing three craters at the Hohenzollern redoubt. Today there was artillery activity around Arras, Armentieres and Wytschaete.

"Hostile aeroplanes are active and there were many combats. An enemy machine was brought down near Radinghem. One of our reconnaissances was heavily engaged, but fought off all attacks and drove down one enemy in a damaged condition. All of our machines returned safely after completing their mission."

ITALIANS CAPTURE AUSTRIAN POSITION.

Rome, March 19.—(Via London.)—The war office communication issued today says:

"Along the Trentino frontier and in the upper Adige Friday there were intermittent artillery actions. The enemy bombarded our Mount Collo positions but throughout the attack we held them solidly. In the valley of the Fella our ski troops made dashes across the Audela torrent and against Leopoldskirichen. At night one of our detachments, supported by artillery, captured the Gelbewant position northeast of Jof del Montasio, driving the enemy from it and taking some prisoners. Enemy reinforcements rushing up through the valley of the Seusera were held off effectively by our artillery.

"Saturday there was an intense enemy artillery fire in the Tolmino zone, which was followed by violent attacks against our lines on Santa Maria Hill. After fighting in which we took as prisoners two officers and twenty-nine men, the enemy succeeded in getting a foothold in some of our more advanced trenches. On the remainder of the front the artillery duels continue.

"Enemy aeroplanes again bombarded Punta Sdobba, but without doing any damage."

AUSTRIANS GAIN IN ALBANIA.

London, March 20.—The Austrians have been steadily continuing their march in Albania and have now arrived before the advanced Italian positions at Avlona, says a dispatch to the Exchange Telegraph from Athens. They have not, however, the correspondent adds, begun an attack.

Avlona is 58 miles south of Durazzo on the Adriatic sea. It is the last Albanian seaport in the hands of the Albanians and Italians.

ZEPPELIN DRIVEN FROM SALONIKI.

London, March 20.—A Zeppelin approached Saloniki early Saturday and dropped some bombs, but without doing any damage, says Reuter's Saloniki correspondent. The aircraft was forced to turn back because it was heavily fired upon. At the time of the attack the moon was shining brightly.

Amsterdam, March 20.—(Via London.)—A German aeroplane from Coblenz landed at Herpt, Holland, according to The Telegraaf. The machine and its occupants were interned.

A REMARKABLE STATEMENT

Mrs. Sheldon Spent $1900 for Treatment Without Benefit. Finally Made Well by Lydia E. Pinkham's Vegetable Compound.

Englewood, Ill. — "While going through the Change of Life I suffered with headaches, nervousness, flashes of heat, and I suffered so much I did not know what I was doing at times. I spent $1900 on doctors and not one did me any good. One day a lady called at my house and said she had been as sick as I was at one time, and Lydia E. Pinkham's Vegetable Compound made her well, so I took it and now I am just as well as I ever was. I cannot understand why women don't see how much pain and suffering they would escape by taking your medicine. I cannot praise it enough for it saved my life and kept me from the Insane Hospital."—Mrs. E. SHELDON, 5667 S. Halsted St., Englewood, Ill.

Physicians undoubtedly did their best, battled with this case steadily and could do no more, but often the most scientific treatment is surpassed by the medicinal properties of the good old fashioned roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

If any complication exists it pays to write the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special free advice.

GEORGIA BOYS ARRIVE FOR CONCERT TONIGHT

"Preparedness" Will Be Featured in Opening Act at the Atlanta Theater.

The University of Georgia Glee club will make its appearance at the Atlanta theater tonight at 8:15 o'clock. The show to be given is composed of two acts and features the old style minstrel. "Preparedness" is the feature of the first act, which is given in the regular minstrel style with all the members of the club seated on the stage. Decorations of American flags and the colors of the Confederacy and the university are used to considerable effect.

In the second act the club features minstrel vaudeville. This act has some very good specials. Bill Campbell and Pete Donaldson are the headliners in the show. Mr. Campbell will give an original comedy skit, and Farrah Bond will be on the program for a violin solo.

The club carries 42 men with the usual number of mandolins, guitars and violins. A special ten-piece orchestra accompanies the club.

Saturday night the club put on their show at Brenau, Gainesville, and played to a capacity house. It was said to be the largest audience that has ever attracted in Gainesville.

Following the performance here the club will be entertained with a dance at Segadlo's. Their next show place will be Rome, and from there the club will journey to Griffin, Barnesville, Savannah, Augusta and back to Athens. The club has some very good voices and a large crowd is expected to attend the performance.

This afternoon, Eddie Leonard, Forsyth.

VON TIRPITZ PRAISED BY EMPEROR WILLIAM

Resignation Accepted With Regret—Decorations Bestowed on Retiring Admiral.

London, March 19.—Reuter's Amsterdam correspondent forwards a dispatch from Berlin giving the text of Emperor William's letter to Admiral von Tirpitz, as follows:

"My dear Grand Admiral von Tirpitz:

"After I have, to my greatest regret, seen from your report of your illness and your letter of resignation presented to me on March 13 that you are unable further to conduct the business of the ministry of marine, I comply herewith with your request, releasing you from your office of minister of state and secretary of the state ministry of marine, and I place at your disposal the legal pension.

"I feel myself obliged also on this occasion to express to you my imperial thanks for the excellent services you have rendered the Fatherland in your long career as builder and organizer of the navy, especially, I wish to point out what you accomplished during the war itself by preparing new means of fighting in all departments of naval warfare by marine formations. Therewith you added to your successful work in peace time a page of honor in the severe times of war. This is gladly acknowledged by me and by the German nation. I, myself, will express my appreciation by conferring upon you the Star of the Grand Commanders, with swords of my Royal Order of the House of Hohenzollern, and by ordering that your name further remain on the naval list.

"With the sincerest wishes, for your further welfare, I remain,

"Your affectionate,

(Signed.) "WILLIAM I. R."

MORTUARY

(All Funeral Notices Appear on Last Page.)

Mrs. Alice Gresham.

Mount Airy, Ga., March 19.—(Special.)—News has just been received here of the death last night in Spartanburg, S. C., of Mrs. Alice Gresham, wife of Clarence Gresham, after an illness of several days. Mr. and Mrs. Gresham have made Mount Airy their home for nearly twenty years during the summer months, Mr. Gresham being proprietor and manager of the Montcrey hotel here. The news of Mrs. Gresham's death is a great shock to her many friends here, as well as throughout the state. She is survived by her husband, Clarence Gresham; one daughter, Mrs. J. W. Ivey, Florence, S. C.; two sons, E. B. Gresham, Columbia, S. C., and R. O. Gresham, Spartanburg, and three grandchildren.

William O. Merritt.

William O. Merritt, aged 75, died Saturday afternoon at his residence, 192 Lucile avenue. He is survived by his wife and four daughters, Mrs. W. F. S. Dorsey, Mrs. T. D. Fagan, of Macon, Ga., Mrs. T. H. Kilmsey, of Selma, Ala., and Mrs. C. E. Allen, of Atlanta. The body was removed to Patterson's.

Mrs. Mary O'Donnell.

Mrs. Mary O'Donnell, aged 64 years, wife of E. C. O'Donnell, one of the old residents of Atlanta, died yesterday morning in a private hospital. Beside her husband, Mrs. O'Donnell is survived by one daughter, Miss Mary Eunice O'Donnell, and two brothers, Dan Carey, Chattanooga, Tenn., and John Carey, who lives in Idaho.

Mrs. Elizabeth J. Warner.

Mrs. Elizabeth J. Warner, widow of the late J. K. Warner, and for many years a resident of West End, died in Miami Fla. She is survived by her son, J. W. Warner. The body will arrive from Miami this morning and will be taken to the chapel of Patterson.

Miss Lucy Davis, LaGrange.

LaGrange, Ga., March 19.—(Special.) Miss Lucy Davis, 95 years old, who has been dependent on Troup county for the past 37 years, died at the Old Ladies' Home in this city Thursday night at 9 o'clock. So far as known she has no living relatives.

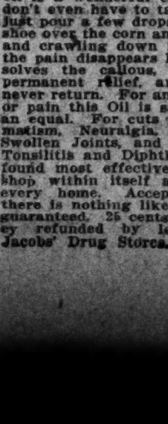

Miss Leila A. Patton.

Miss Leila A. Patton, aged 50, of 326 Washington street, died Sunday at a private hospital. She is survived by a sister, Miss Mary Patton, and a brother, J. Mallard Patton. The body was removed to Patterson's.

Frank I. Reed, of Curryville, Mo., 72 years of age, has resided on the farm where he was born for his entire life. The house was built of logs ninety-five years ago, but it has been weatherboarded, plastered and otherwise improved during the time. Mr. Reed came into possession of the 126-acre farm at the death of his father by purchasing the interest of the other heirs.

Today And A Generation Hence

The flight of time makes us think of the future. The baby of today reflects what greatness may be acquired when he grows up. And any influence that brings relief to the expectant mother is the first and greatest of obligations. There is a splendid remedy known as "Mother's Friend" that has been a safeguard, a helpful daily influence, to a host of women. Applied externally to the muscles they become pliant, they stretch without undue pain, there is an absence of distress, the nerves are soothed by taking away the burden of leaving all to just natural conditions.

There is in "Mother's Friend" the direct and immediate help that all expectant mothers require. Used by their own hand, guided by their own minds, they learn at once the blessed relief from morning sickness resulting from undue stretching. They experience daily calm and nightly rest. It is indeed "Mother's Friend." Get a bottle today of any druggist. Then write Bradfield Regulator Co., 410 Lamar Bldg., Atlanta, Ga., for one of the most entertaining and valuable little books ever presented. It is worth writing for.

MILLER'S ANTISEPTIC OIL KNOWN AS

Snake Oil

Most Wonderful Penetrating Pain Relieving, and Healing Oil Known.

It has just been discovered that this oil is a wonderful corn remedy. You don't even have to take off your shoe; just pour a few drops of the oil on the shoe over the corn and it goes creeping and crawling down into the corn and the pain disappears like magic. It dissolves the callous, thus giving you permanent relief, and the corn will never return. For any kind of an ache or pain this Oil is said to be without an equal. For cuts and burns, Rheumatism, Neuralgia, Sore, Stiff and Swollen Joints, and for Sore Throat, Tonsilitis and Diphtheria, it has been found most effective. It is a doctor shop within itself and should be in every home. Accept no substitute; there is nothing like it. Every bottle guaranteed. 25 cents a bottle or money refunded by leading druggists. Jacobs' Drug Stores.

Religious School Union.

Columbus, Ga., March 19.—(Special.) The first annual convention of The Southeastern Religious school union, composed of the Jewish churches of Georgia, South Carolina and Florida, will convene in Columbus Monday afternoon at 2 o'clock.

Welcoming addresses will be delivered by Mayor John C. Cook, Rabbi F. I. Rosenthal and Leo Lowenherz, while Rabbi David Marx, of Atlanta, will respond on behalf of the delegates. The convention will bring about fifteen rabbis here and a large number of delegates from the different churches.

An elaborate program has been arranged for the meeting, including a number of social features, and the convention will be in session for three days.

Matinee today, Forsyth, Keith Vaudeville.

STRONG PROTEST BY RAIL MANAGERS

Against Demand of Brotherhoods for Higher Wages. Demand Styled Unfair. Highest Paid Workers Make Demand.

New York, March 19.—The conference committee of managers for the eastern railroads, of which Elisha Lee is chairman, in a statement today "to the 300,000 stockholders of these companies," characterized the demands of the railway trainmen for higher wages as unfair, and added that "the carriers cannot and should not shoulder this burden of an unwarranted increase of $100,000,000 in the wages of a small minority of their highest paid employes."

The pay roll of the eastern railroads in 1914, it was shown, amounted to $635,000,000, of which $180,000,000 went to the trainmen.

"The 660,000 owners of the railroads who have put $7,000,000,000 of their savings in the business receive on their investment about $300,000,000 a year, or four per cent," the statement continues. "The railroad trainmen on every road in the country are demanding an increase in wages that will add not far from $100,000,000 to the pay-roll.

"These employes, the highest paid in the service, are less than one-fifth of the army of railroad workers. They have taken the cream of the big wage advances of the past few years.

If They Force Demands.

"If they force their demands on the carriers, by threat of national strike, surely the wages of other four-fifths would require readjustment. Manifestly the resources of the railroads would not permit granting all employees the same proportionate increase.

"The demand of the trainmen is that in all but passenger service they shall get their present ten hours' pay for eight hours or less service, thus increasing the hourly rate by 25 per cent, and for overtime one and a half times the new higher hourly rate, an advance of 87½ per cent.

"It is not a demand for an eight-hour work day. It is frankly a demand for higher wages on an eight-hour pay day basis—the eight-hour pay to be a minimum, but the equivalent of the present ten hours' pay.

"Not only are these train employees asking for an eight-hour work day, but they would bitterly oppose any effort of the railroads to make them work eight hours a day—no more and no less.

Demand Styled Unfair.

"Considering the high wages and the favorable working conditions enjoyed by the trainmen as compared with other railroad men and workers in other industries, their demand for still higher wages is not a fair one. Nor is it an honest statement to put this demand for higher wages in the form of a plea for an eight-hour day.

"The railroad payroll for 1914 was $1,381,000,000—or nearly two-thirds of the cost of operating the roads. The payroll absorbs 45 cents of every dollar the public pays for transportation.

"The stockholders of American railroads have a vital interest in the cost of operating their properties, and especially in a threatened increase in labor cost that would absorb a large part of surplus left for dividends."

DIXIE DIRECTORS WILL BEGIN TOUR OF GEORGIA

Continued From First Page.

missioners will be the guests of the citizens of Fitzgerald at luncheon. The afternoon run will be to Waycross, Monday night's control, where elaborate preparations have been made by the chamber of commerce for the entire entertainment of the tourists. The tourists will spend the night at Waycross and will leave Tuesday morning for Jacksonville, where they will spend Tuesday night. The tourists will be the guests of the citizens of Folkston at a barbecue at noon Tuesday.

Boosters Hold Meeting.

The boosters of the "Short Route" held a meeting in the Dempsey hotel tonight and arranged all details for taking care of the commissioners on the run between Macon and Jacksonville. At Jacksonville an escort from Savannah and other points on the Savannah route will meet the commissioners with about forty or fifty cars and take them upon their return trip to Macon. Commissioners of the Dixie Highway Association P. L. Colgrove of Michigan, H. B. Hanger of Kentucky, and Clark Howell of Georgia, arrived early tonight. The rest of the party is expected to arrive during the course of the night. Fred Houser, of the Atlanta Convention bureau, is here, and everybody knows it.

The press car of the tour, a Studebaker "Six," furnished by the Studebaker corporation, of Atlanta, arrived in Macon this afternoon after a splendid run from Atlanta, making the distance in three hour and forty minutes. The roads for the most of the way were in fair condition. There were two bad stretches, one being between Atlanta and Jonesboro, where work is being done upon a part of the stretch, and the other just north of the Bibb county line. The Stuebaker, however, experienced no trouble in making good time over the road in all conditions.

Those Taking Trip.

The directors are making the tour at the invitation of Clark Howell, of Atlanta, and W. T. Anderson, of Macon, Ga., two Dixie highway commissioners, who have asked them to select the eastern route through south Georgia of the Dixie highway.

The officers and directors who will be along are President M. M. Allison, Chattanooga; First Vice President C. H. Huston, Chattanooga; Vice President P. L. Colgrove, Hastings, Mich.; Thomas Taggert, French Lick, Ind.; H. B. Hanger, Richmond, Ky.; W. T. Anderson, Macon, Ga.; G. W. Saxon, Tallahassee, Fla.; Harry L. Gordon, Cincinnati, Ohio; Secretary W. R. Long, Chattanooga; Field Secretary W. S. Gilbreath, Chattanooga; Assistant Secretary V. D. L. Robinson, Chattanooga; Directors Frank Hamilton, Traverse City, Mich.; Carl G. Fisher, Indianapolis, Ind.; Claud Mercer, Hardinsburg, Ky.; Colonel A. M. Shook, Nashville, Tenn.; General A. F. Sanford, Knoxville, Tenn.; Richard Hardy, T. R. Preston, John A. Patten, M. E. Temple, Chattanooga; Clark Howell, Atlanta; S. A. Belcher, Miami, Fla., and W. W. Marr, Springfield, Ill.

In addition to the directors and officers of the association, several prominent Chattanooga members of the Chattanooga Automobile club, who had an important part in the organization of the Dixie Highway association are planning to accompany the Chattanooga officials.

Wives of several of the directors will also participate in the tour, among them Mrs. Allison, Mrs. Sanford, Mrs. Gordon, Mrs. Hanger and Mrs. Anderson.

DOUBLE QUANTITY OF "GAS" EXTRACTED

Continued From First Page.

means to Brunswick and the world, it ought to be said that the equipment for the manufacture of the new Yaryan gasoline is very simple. Under present arrangements the entire machinery consists of one unit, which is to be added to at once, until six whole units will be at work, and at that time these units will produce, it is said, over 100,000 gallons per month, which is the present requirements of the Yaryan Rosin and Turpentine company.

It will only require the services of four men to produce this gasoline and if the sale were not promoted outside of the Yaryan interests, the invention would save that company alone over $10,000 per month.

It was Mr. Yaryan who discovered the process of manufacturing linseed oil by the solvent process, the Yaryan evaporator, which is fully described in the Cyclopedia Britannica, the Yaryan heating system and finally the process by which rosin and oils have been produced for the first time from the stumps and deadwood are all creatures of his brain.

When the Yaryan plant was originally built, every piece of machinery was fashioned to meet the remarkable inventive genius of Mr. Yaryan's plans, and when the great plant began to turn out its product by wholesale it was demonstrated that his mind was not in vain.

Crowds on Streets Sunday Tell Story Of Spring's Coming

Beautiful Weather Drives All Atlanta to Outdoors, Suddenly Transforming Whole Appearance of the City.

By Britt Craig.

The office was dull and quiet and deserted in the mid-afternoon Sunday and coy spring breezes stole in through the wide open windows, disconcerting the mind and stirring a restlessness in the veins. The outside was tranquil; even the smoke from the few active stacks across the railroad yards looked lazy.

It was no day for indoors; no day for work. I went upon the street to search for somebody to walk about with, breathe deep of spring's aroma, and loaf about a bit.

I turned into Whitehall confident of encountering some congenial soul. I might have involuntarily looked about at the parade, so dense was the throng.

All Classes Were There.

Men, women, girls and children strode nonchalantly along, worry and care driven afar by the day's message of spring.

They were all there. The neat and tidy shop girl, clinging to the arm of her "steady;" the fussy little telephone operator with her new shoes, stylish short skirts and rakish blue hat; the older stenographer and the saleslady, self-sufficient, and reserved in style of dress; the plain working girl with her brand-new hat, saucy in pink and blue, with a bit of yellow ribbon, and her plain blue skirt; the working man with his train of children and simply-dressed wife; the middle class man with his Sunday cigar and air of assurance—the dapper young clerks in bright neckwear, tilted derbies and sharply creased trousers; the business office fellow with carnationed lapels; the debonnaire boys whose occupations none but their closest friends know, radiantly shaved, radiantly shined, radiantly shirted—they all passed me in that one single block.

Across Five Points and into the next block I traveled without finding a soul I knew.

Not a Mark of Tension.

Across Five Points and into the next block I traveled. The same crowds of strollers. Nobody hurried, except some of the younger Beau Brummels, who were probably hastening to fill engagements. On no face could be detected the marks of high tension. On all was the passive contentment that came of spring.

Three more blocks—yet not a familiar face.

I scanned automobiles rolling by, some of them big, powerful machines, betokening wealth and luxury, and filled with stylishly dressed men, women and girls; some small and busy little things, with passengers galore—but not a man or woman I knew.

The stream in the street was almost as thick as that on the walks.

Still no one for whom I had ever bought a drink.

Could this be true? Could this be Atlanta, the town in which I knew every by-path, my home for years? Had my entire being been transported, too, to some strange place?

I walked over to the hotel, confident I would find some congenial acquaintance. The lobby was filled, but with idle traveling men passing a Sunday as best they knew how, and with actor folk on the coming week's bills, all of whom were preparing to go out for a stroll or a spin, as the case might be.

The Gideons were singing hymns in parlor F. Disappointed, I again went back into Peachtree. The same dense throngs, but no familiar face.

Across Alabama I traveled to Hunter and farther down Whitehall to a point where two small musical comedy theaters offered a lobby filled with photographs of their current offerings. Most of the pictures were of girls.

A Friend at Last.

Right in front of the middle frame of photographs was a form that looked as familiar as Five Points. A shock of red hair protruded beneath a checkered cap. I slapped him upon the back and called him by name.

He turned a freckled face.

Recognition me, his eyes shifted across the street where a yellow sign beckoned unavailingly to a barred doorway of a saloon. Then he ruefully led me into a near-by fount for a ginger ale.

"Say, Dick, I'm glad to see you. When did you come from Hall county?"

"Just got in. Weather got into my blood—had to travel."

Surely, this is spring!

NO GERMAN VESSELS SEIZED BY BRAZIL

Rio Janeiro, March 19.—The Brazilian government, despite reports to the contrary in the United States, has taken no action toward requisitioning merchant vessels of German ownership interned in Brazilian ports, according to reliable information here. The newspapers say the government would not consider taking such action without an amicable agreement with all interests concerned.

The neutrality of Brazil in the war between Germany and Portugal has been decreed.

NO CHANGE IN CONDITION OF EX-BANDIT YOUNGER

Lees Summit, Mo., March 19.—No change was reported tonight in the condition of Cole Younger, former bandit, ill at his home here. At no time today was he conscious, his physicians keeping him under the influence of narcotics to prevent suffering. Jesse James, Jr., son of the famous outlaw, who was associated with Younger in many raids, visited Younger today, but the old man failed to recognize him.

Russ Minister Resigns.

London, March 19.—An imperial ukase announces the resignation of Alexi Khvostoff, Russian minister of the interior, according to a Reuter dispatch from Petrograd. Premier Sturmer is assigned the portfolio, assuming its duties in addition to those of the premiership.

The Roof of the World

Copyright 1916 General Roofing Manufacturing Co.

"From Greenland's icy mountains,
From India's coral strand,
Where Afric's sunny fountains
Roll down their golden sand;
From many an ancient river,
From many a palmy plain,
They call us to deliver"
Their heads from sun and rain.

You will find CERTAIN-TEED affording equal protection from the snow and ice of the Arctic, and the sun and rain of the Tropics. It is literally "the roof of the world".

Making roofing is the General's chief business. He makes one third of all roll roofing made in America—39 other manufacturers make the balance. Such predominance is due to the General's ability to make the highest quality roofing at the lowest cost.

Every advantage that men, money, mills and machinery can offer is used to increase production, maintain quality and lower the cost.

The result is that today CERTAIN-TEED, the world's best quality, costs less than inferior roofing cost 10 years ago.

CERTAIN-TEED is made of the best quality roofing felt, thoroughly saturated with a scientific blend of soft asphalts, the formula of the General's board of expert chemists. It is then coated with a blend of harder asphalts, which keeps the inner saturation soft and prevents the drying-out process so destructive to ordinary roofing.

CERTAIN-TEED is guaranteed for 5, 10 or 15 years according to ply (1, 2 or 3). Experience proves that it lasts longer.

CERTAIN-TEED is made in rolls, also in slate-surfaced shingles. There is a type of CERTAIN-TEED for every kind of building, with flat or pitched roofs, from the largest sky-scraper to the smallest residence or out-building.

CERTAIN-TEED is sold by responsible dealers all over the world at reasonable prices. Investigate the merits of CERTAIN-TEED before you decide on any type of roof.

Exhibition Games This Week

EDITED BY DICK JEMISON.

Real Workouts Scheduled; Exhibition Games May Be Played With College Nines

By Dick Jemison.

Valdosta, Ga., March 19.—(Special.)—After a day of rest in which automobile rides featured activities of the Crackers, aside from chair warming at the hotel, the bunch will get down to real work Monday, with two hard workouts scheduled for each day.

Outfielder Thrasher, Catcher Gutierrez, Pitcher Davis and Infielders Jenkins and Jancsar are expected to arrive here either Monday or Tuesday morning, bringing the squad on hand to sixteen men.

It is likely that Manager Frank will have some deals to announce shortly, and if he does, he'll have these men here also about Tuesday. Just when Outfielder Osborn, the "afraid-to-come south" advocate, and Infielder Marcan, who is laid up with tonsilitis, will report is problematical.

The Walking Match.

The chief interest in the week centers in the wager between Fuzzy Woodruff, of The Georgian, and Manager Frank. Fuzzy wagers he can walk sixteen miles in four hours.

Manager Frank has bet the scribe that he can't. The wager is a case of wine, the bet to be paid on September 10, the day after the season closes.

The bet will be decided Tuesday morning. At 8 o'clock Fuzzy is to start on his first lap of the half-mile track thirty-two times by noon.

The newspaper man is confident he can do the stunt. The players believe that he can go four miles an hour for the first two hours and possibly the first three, but it is the fourth hour that they are expecting will prove a stumbling block for Fuzzy.

But Fuzzy's game and he's going to see it through.

Sunday Welcomed.

Sunday was a welcome day to the Cracker clan. There was a sore bunch of players Saturday night, and they took advantage of the rest-day by lounging around the hotel. Those who ventured out took auto rides.

They had some D. A. R. celebration at the Valdes hotel Saturday. A negro drayman drove up to the hotel with a wagon load of decorations in the shape of mistletoe and holly branches.

Matty was on the porch when the negro came up. Getting one of the gang to call Chief Clerk Caughran elsewhere, Matty made the darky bring the young tree in and lay it on the counter. When Caughran came back he was wild. Everyone pleaded not guilty to the charge, but the "big fellow," as the clerk had been endearingly termed, blamed it on Matty and Matty could not wiggle out of it.

"I'm so sore my teeth hurt," was Scott Perry's comment Saturday night. "I can't tell which are my toes and which are the blisters," chimed in Ed Lafitte. "If I get any sorer I don't believe I'll be able to stand it" chirped young Wheeler, the Berlin, Ga., twirler. And everyone else had some kind of a comment.

The Gang Can Hit.

While the pitchers are not putting much on the ball yet, the batting practice is enough evidence that Manager Frank has lined up a few hitters on his 1916 club.

This Lennox fellow is watched by everyone. He takes a pretty cut at the ball and hits to all three fields. Plenty to carry to the ball and when you tackle one of his hits, even after it has hit the ground in the outfield, it still has something left.

Finis Wilson, always a great hitter for a pitcher, and a good enough hitter for a regular, for that matter, has been stinging them a mile. So has Roy Moran and young Munch.

Speaking of Munch, Jake is going to stick on that initial cushion. Frank, by taking a flier on the kid's making good, hit the nail on the head. Munch handles himself in fine style around that bag and if he can hit a left-hand pitcher, being a southpaw batsman, the locals will have a good first-sacker this season, something they have lacked since Joe Agler went north.

Munch is rangy, he shifts his feet well, he scoops grounders nicely and he can peg that pill. In brief, he is every bit as promising as he was recommended to be.

Niederkorn Looks Good.

And speaking of hitting, don't forget Doc Niederkorn. Doc is determined to earn a regular berth with the club this season and he is working like a Trojan to get in shape.

Doc's catching has always been good, but it was at the bat that he looked a trifle weak last season. This spring he is slapping the old apple right on the seams and gives indications of being able to continue it.

From the shape they are rounding into, Frank is sure of four of his five pitchers right now. Lafitte, Wilson and Perry are already ripe and will be able to pitch shortly. Day is looking better than ever.

The Arkansas school master has always been a wise pitcher, with good control. During the winter he developed a curve ball to use with that knuckle ball of his, and Red is certain to be heard from as a regular for the pitching staff.

Robertson and Wheeler are hard to figure. Neither at first sight looks quite ripe for this company yet. They may fool some one yet, but another year in a smaller league seems to be about the prescription right now.

A Cracker a Day for Fans

9. Frank Robertson.

Editor's Note.—This is the month of a series of daily articles, introducing to Atlanta fandom the players that will try for berths on the 1916 Crackers. Their record, history and photo will be presented.

Frank Robertson, the Norcross, Ga., twirler, will receive another trial with the Crackers this spring, reverting to the locals from the Columbus team of the South Atlantic league with whom he played last season.

Robertson should be a much improved hurler this spring, as the past season was his first in professional ball. He showed plenty of promise when here, but whether or not he is yet ripe for class A ball, remains to be seen.

Robertson will be twenty-three years old on July 4, and was born at Norcross, Ga. Playing with the amateur team of that city, he attracted considerable attention by his work until Bill Smith signed him for a trial here last spring.

In the event he does not make good, but his friends believe he will this time, Manager Frank is certain to keep a stout string attached to him for further use.

TRAINING IS COMPLETED BY HANLON AND PERRY

Eddie Hanlon, local welterweight, and Jimmy Perry, the Pittsburg 145-pounder, have completed training for their ten-round battle at the Casino skating rink tomorrow night.

Both boys state that they are ready for the sound of the gong calling them to the center of the ring. Tomorrow night's affair will be the third meeting between this pair, with the score standing one-all at the present writing.

The first time this pair met, Eddie stopped Perry in three rounds. In the return match between the pair, Jimmy reversed matters.

Tomorrow night they will clash for the third time. Eddie says he will surely win, while Jimmy is just as confident that he will get away with another victory over the local boy.

As the winner of this bout will be in line for some good matches, local fans can rest assured that Jimmy and Eddie will fight at their very best to cop the referee's verdict.

Rivaling the main bout for interest will be two eight-round affairs. In the semi-windup, Battling Budd and Ray Kirk will be the contestants, and these lads can be counted on to make the fur fly. Kirk made a very good showing in the bout with Feldman here last week, and there are many who think he will surely win over Budd tomorrow night.

Budd, however, has always managed to give his opponents around these parts a tough battle, and he is not worrying over this Kirk party.

The other eight-round scrap on the card will be between Young Britt and Battling Clark. Britt meets a tough boy in this Clark person, but Spider's young brother thinks he will have no trouble in winning.

Two other four-round scraps will fill out the card. Tickets for the show sell for 50 cents to $2.00 ringside. The pasteboards can be purchased at the Rex, Tumlin Bros. and Chess' cigar store.

JESS WILLARD IS FIT FOR BOUT WITH MORAN

New York, March 19.—Jess Willard, perfectly satisfied with his condition, said today he was physically fit to enter the ring at any moment to defend his title of world's heavyweight champion. He did not take any exercise today except what Tom Jones, his manager, called "an energetic walk" of 3½ miles. The big Kansan then rested quietly at his quarters.

For the last three or four days Willard has been speeding up gradually in his boxing bouts, and for the next five days he intends to take on each of his sparring aides for at least three rounds. He has taken off much useless weight, and yesterday tipped the scales at 251 pounds. He expects to enter the ring weighing about 248 pounds.

Moran put in one of the busiest sessions of his training at his Westchester camp. After a cross-country run of four miles he donned his training clothes and punched the bag for fully ten minutes and then skipped the rope for five more. A host of newsboy friends from New York cheered him and in response to their entreaties, Moran boxed five rounds in which he took on Madden, McKinnon and Kendall at a lively pace.

After a rub-down Moran told the boys of his confidence of being able to defeat Willard next Saturday.

TWELVE RACE HORSES CREMATED AT DETROIT

Detroit, Mich., March 19.—Twelve race horses were burned to death in a fire which destroyed six barns at the Michigan state fair grounds early today. The horses were valued at $25,000 and the loss on the buildings was about $30,000. The cause of the fire has not been determined. Most of the horses burned were being trained for competition on the grand circuit this summer. Among them were Aunt Barb, 2:15¼; Crescent Hal, 2:10¾; Local Option, 2:11¼; Ina Clare and Durin.

Mercer vs. Gordon.

Barnesville, Ga., March 19.—(Special.) Mercer university and Gordon institute play their first baseball game of the season here next Friday afternoon, when they clash with one another.

Forsyth, Keith Vaudeville, twice daily.

TWO WORLD'S RECORDS FOR AUTO SPEEDWAYS

Los Angeles, Cal., March 19.—Two world's records for automobile speedways were established today at the racing meet at the New Ascot speedway here.

Barney Oldfield lowered the record for a mile from a flying start by almost three-quarters of a second and Bob Burman clipped 4 4-5 seconds off the world's record for the same distance from a standing start, according to the official time.

Officials said Oldfield's time for the mile was 45 seconds flat. The best previous record was 45.73 seconds, made at Providence, R. I., by Burman.

Burman drove a mile from a standing start in 58 1-5 seconds, lowering the record of one minute and three seconds made by Louis Disbrow at St. Louis.

Both records were made today during special trials for world's automobile speed records.

Eddie O'Donnell won the 50-mile sweepstakes, which was the feature event of the meet. His time was 43 minutes 5 seconds.

Better Babies' Week.

Columbus, Ga., March 19.—(Special.) Better Babies' week, delayed in Columbus, starts this week, and an elaborate program will be followed out. Dr. Charles Barker, former physical instructor to President William Taft, is to be the speaker of the week. Examinations of babies will take place at the City hospital, conducted by Columbus physicians.

Suffragette to Speak.

Columbus, Ga., March 19.—(Special.) Ida Hazlett, of equal suffrage fame, is to come to Columbus during April under the auspices of the socialist party, and will remain here for a week. She is to deliver an address during her stay, the date selected being April 16.

TRIPLE ATTRACTION AT GRAND SATURDAY

Movies, Slides and Blow-by-Blow Description of Willard-Moran Battle.

The Grand theater has arranged for a special attraction Saturday night, in addition to its regular program.

By arrangement with Dick Jemison the management has secured the blow-by-blow description of the championship battle between Jess Willard and Frank Moran, which takes place in Gotham at that time.

Jemison has secured a special leased wire from the ringside in Madison Square Garden in New York to the stage at the Grand theater and four seconds after each blow is given in New York, he will call it from the stage to the assembled fans.

In addition to the bout itself and other details, special slides, through the courtesy of the Universal Film company, will be shown of Willard in his training camp and of Moran.

Through the courtesy of the same concern, a special movie, entitled the "Heart Punch," in which Willard is the hero, will also be given. In the picture the champion is shown training and in other stunts.

Prices for this attraction are 25 and 50 cents, 25 cents in the gallery, which will be divided to accommodate both white and colored patrons, and 50 cents in the rest of the house.

The show will start about 9 o'clock Atlanta time.

EXHIBITION GAMES

Cleveland 6, New Orleans 4.

New Orleans, March 19.—The Cleveland Americans defeated the New Orleans Southern association team here today, 6 to 4. The visitors scored two runs in the ninth inning.

Score:	R.	H.	E.
Cleveland	6	9	3
New Orleans	4	7	1

Batteries—Morton, Bagby and O'Neill, Billings; Walker, Weaver and Higgins.

Browns 9, Memphis 0.

Memphis, Tenn., March 19.—With Fincher, Wellman and Groom pitching in mid-season form, the St. Louis Americans won an easy victory over the Memphis Southern association club today, 9 to 0.

Score:	R.	H.	E.
St. Louis	9	10	1
Memphis	0	3	3

Batteries—Fincher, Wellman, Groom and Chapman; Wheeler, Jones, Tillman and Ruel, Dayton.

Cardinals 8, San Antonio 2.

San Antonio, Texas, March 19.—The St. Louis Nationals scored six runs in one inning today on a combination of hits and errors and defeated the San Antonio, Texas league, team 8 to 2.

The score:	R.	H.	E.
St. Louis	8	10	4
San Antonio	2	8	4

Batteries—Hall, Williams and Gonzales, Brottem; Stair and Cook.

Shreveport 7, Cincinnati 6.

Shreveport, La., March 19.—Bernsen's single, following Carroll's triple in the tenth inning, gave the Shreveport, Texas league, team the run needed to defeat Cincinnati Nationals today, 7 to 6.

The score:	R.	H.	E.
Cincinnati	6	9	0
Shreveport	7	12	2

Batteries—Toney, Dowd, Moseley and Clark, Huhn; Leverette, Andrews and Wells.

Houston 2, Giants 0.

Houston, Texas, March 19.—Houston, of the Texas league, defeated the New York Nationals here today, 2 to 0. Criss and Glenn held the Giants to five scattered hits.

The score:	R.	H.	E.
Houston	2	9	1
New York	0	5	0

Batteries—Criss, Glenn and Jenkins, Allen; Ritter, Schauer and Rariden.

White Sox 5, Fort Worth 2.

Fort Worth, Texas, March 19.—The Chicago Americans pounded Pitcher Mapel, of the Fort Worth Texas league, club hard today and won, 5 to 2.

The score:	R.	H.	E.
Chicago	5	11	3
Fort Worth	2	7	0

Batteries—Eller, Danforth, Russell and Scalk, Lynn; Mapel, Tretter, Harrah and Betts, Woodall.

Detroit 7, Waco 1.

Waco, Texas, March 19.—Detroit, of the American league, defeated Waco, of the Texas league, today, 7 to 1. Heilman, of Detroit, made a home run.

The score:	R.	H.	E.
Detroit	7	9	1
Waco	1	3	3

Batteries—Smithson, Boehler and Baker; Zinn, Hill, Naylor and Toland, Reilly.

JOE BOEHLING NOT AS MUCH IN DEMAND AS TWO YEARS AGO

Many are called but few are chosen—speaking of baseball pitchers. And of those chosen, few stick very long. Take the case of Joe Boehling, a southpaw sensation, with the Washington club only a pair of annums ago. Joseph displayed little of his earlier class last year, and ever since the season closed, Clark Griffith has been trying to sell him. Less than a year ago Cleveland was willing to buy Boehling, and it was reported that Detroit offered $15,000 for the big larboard twirler. When the Old Fox opened his player store early in the winter, however, he found that Boehling stock was considerably below par in the opinion of possible purchasers. There is a suspicion, however, that Boehling and Griff are afflicted with incompatibility, and that a change of air for Joe might result in the restoration of his old form.

Joe is still a youngster, as he will pass his 24th milestone today. He was born in Richmond, Va., on March 20, 1892, and began his pitching career with the Battle-Ax Semi-pro club. Griffith, who had just succeeded Jimmy McAleer at the Washington helm, and was on the lookout for good material for a real ball club, gave the long Virginia the once-over in 1912. Joe figured in only one game and lost it, and in May he was released to Chattanooga, although Griff kept a string on him. He remained in the Tennessee city only a short time and was then transferred to Worcester, and played in the New England league until August, when he was recalled to Washington. In 1913 Griffith's find proved one of the sensations of the year, winning 17 games and losing only 7. In 1914 he had a dozen victories and eight defeats charged up against him. Last year his balance was on the wrong side of the ledger, with 12 won and 14 lost. Boehling has a contract with Washington with two years to run at $5,000 per annum. Joe ought to have a number of years of good baseball left in him, and there is no apparent reason why he should not get back the form that made him a kid wonder in 1913.

RALPH SHARMAN BOUGHT BY THE MEMPHIS CLUB

Memphis, Tenn., March 19.—(Special.) Ralph Sharman, outfielder, drafted by the New York Giants from the Portsmouth, Ohio, State league club, was secured from the Giants by Memphis today and will join the local team at once. Sharman led the Ohio State league in batting, led the outfielders in fielding and was third in the league in stolen bases. In 103 games he hit .374. He fielded .997 in 98 games, making two errors, and stole 21 bases. Manager Stark thinks he has in Sharman what will be the star of the Southern league outfielders this season.

Eddie Leonard, Forsyth, tonight.

GIRLS OF CAMILLA WIN CHAMPIONSHIP

Camilla, Ga., March 19.—(Special.)—Camilla closed her basketball season recently by defeating Bainbridge in one of the fastest games of the season.

Camilla has lost only one game this season, that being the first of the three games played with Bainbridge. The game unquestionably gives the championship of southwest Georgia to Camilla.

COST OF LOCAL WANT ADS IN THE CONSTITUTION

1 Insertion 10c a line
3 Insertions 6c a line
7 Insertions 5c a line

1c per word flat for classified advertising from outside of Atlanta.

No advertisement accepted for less than two lines. Count six ordinary words to each line.

Discontinuance of advertising must be in writing. It will not be accepted by phone. This protects your interests as well as ours.

The Constitution will not be responsible for more than one incorrect insertion of any advertisement ordered for more than one time.

If you can't bring or send your Want Ad, phone Main 5000 or Atlanta 5001.

Courteous operators, thoroughly familiar with rates, rules and classifications, will give you complete information. And if you wish, they will assist you in wording your want ad, to make it most effective.

Accounts opened for ads by telephone to accommodate you if your name is in the telephone directory. Other want ads taken by telephone are to be paid for immediately upon publication, bill to be presented by mail or solicitor the same day printed.

EVERY HOME HAS USE FOR CONSTITUTION WANT ADS.

LEGAL NOTICES

GEORGIA, FULTON COUNTY—TO THE SUPERIOR COURT OF SAID COUNTY:

The petition of Mrs. Helen Plane, Mrs. Hugh M. Willet, Mrs. Samuel M. Inman, Mrs. I. O. A. Wynne, Miss Alice Baxter, Miss Isma Dooly, Mrs. R. G. Stevens, Mrs. William L. Percy, Mrs. E. L. Connally, Mrs. R. D. Spalding, Mrs. Cornelia H. Venable, Mrs. James N. Ellis, Mrs. Frank T. Mason, Mrs. Arthur Kellogg, Mrs. Gordon Roper, Mrs. W. S. Coleman, Mrs. Isaac S. Boyd, Mrs. J. R. Mobley, Mrs. Spencer R. Atkinson, Mrs. Frank M. Inman, Mrs. James L. Dickey, Jr., Mrs. R. B. Blackburn, Mrs. Williams McCarthy, Mrs. James W. Bedell, Mrs. A. McD. Wilson, Mrs. E. C. Peters, Mrs. Lewis H. Beck, Mrs. T. T. Stevens, Mrs. Floyd W. McRae, Miss Sally Malone, Mrs. Lollie Belle Wylie, Miss Mildred Rutherford, Mrs. Z. O. Fitzpatrick, Miss Lucy Lester, Miss Anna Benning, Mrs. W. C. Verean, Mrs. Sanford Gardner, Mrs. Herbert M. Franklin, Mrs. Hallie A. Rounsaville, Mrs. Zebulon Walker, Mrs. A. B. Hull, Mrs. Joe Davis, Mrs. Frank Harrold, Mrs. J. A. Seiden, Mrs. T. C. Parker, Mrs. John M. Graham, Mrs. Ida Evans Eve and Mrs. Trox Bankston, S. H. Venable, Andrew J. West, N. E. Harris, John Temple Graves, James R. Gray, Clark Howell, Lucien Knight, Hugh M. Willet, W. H. Terrell, Charles J. Haden, James W. English, William F. Plane, Joseph E. McCord, Mell R. Wilkinson, Hooper Alexander, Alex. C. King, L. Z. Rosser, Robert C. Alston, Harrison Jones, Charles D. McKinney, J. K. Orr and Hollins N. Randolph, respectfully shows:

1. That petitioners desire that they, their associates, successors and assigns, shall be incorporated for the purposes and with the powers hereinafter set forth as the STONE MOUNTAIN CONFEDERATE MONUMENTAL ASSOCIATION.

2. That the purpose of this association is not pecuniary gain; but for the purpose of perpetuating the memory of American Valor, Fortitude and Patriotism, by the creation at and adjoining the great Stone Mountain in DeKalb County, Georgia, of a Memorial to the Soldiers and Sailors of the Southern Confederacy and to the Women of the South of that period, to serve as an inspiration, not alone to the South, but to the reunited Country.

3. Said corporation will have no capital stock, but will be supported by the contributions of its members and such donations as it shall receive.

4. It prays for authority to acquire by purchase or otherwise, own, possess, enjoy, grant, bargain, sell and convey any and all property, real or personal, which may be expedient, or desired by it, for any of the purposes of its organization, together with the right to act as trustee for, receive, own and hold the same in trust, any property which may be deeded to said corporation in trust for the purposes of the memorial contemplated, and to exercise and enjoy any powers, and discharge any duties, prescribed in the deed, or other instrument, creating it such trustee.

5. It also prays the power to erect on, or by sculpture in, the rock of said Stone Mountain or in both ways or any way it may determine (using so much of said Mountain of which it may acquire the ownership, or the right to use as it may desire in the creation and erection of said Memorial) a monument, or memorial, as stated in paragraph two of this petition; also by the creation of a Memorial Hall and a park adjacent thereto, or any other form, or method, of memorial that said corporation by its Main Board of Directors may determine.

6. It prays authority to borrow such sums of money, and incur such debts as may be necessary to carry out the purposes of said corporation, and to issue bonds, notes or other evidences of debt, and to secure the same by such deeds, mortgages or other security as may seem proper; provided that property deeded or given to said Association for its Memorial purposes may be, by the instrument under which it is conveyed, be conveyed with the restriction on the right of the corporation to incumber, or alienate, the same for its debts, and said corporation shall have no power to do.

7. The government of said Association and the exercise of the powers of said incorporation shall be vested in a Main Board of Trustees or such other Governing Body as may be hereafter from time to time created in lieu thereof as authorized in Paragraph 8 hereof, who shall have the right to adopt By-Laws for the Association and to alter and amend the same, to prescribe the qualifications for, and methods for obtaining members of the Association, and to carry out its powers in every respect as said Board may from time to time determine. It may create and appoint such officers and agents for said Association as it may see fit and delegate to them such duties as it desires.

Said corporation may also provide subordinate or branch Boards of directors, by this or any name it may adopt, from time to time, at such places, and for such territory, in or out of the State of Georgia as it sees fit. This may be done by By-Laws from time to time as said Main Board of Directors may prescribe.

8. The first Main Board of Directors shall be the persons named as incorporators in this petition. It shall have perpetual succession during the existence of this corporation, unless it shall provide some other rule of succession or government for said corporation as hereinafter stated. Vacancies in said Board occurring from any cause shall be filled by the survivors at Board meeting. Said Board may increase or decrease its members from time to time, by a vote of two-thirds (2-3) of the living members thereof.

Said Board may by By-Law provide for the abrogation of its perpetual existence and for other method of choosing the Board and for the government of this corporation if it should hereafter be deemed wise so to do.

9. Said corporation shall have its principal office in the City of Atlanta, Fulton County, Georgia, but may by By-Law locate branches of the Association and branch offices elsewhere, in or out of Georgia, and shall exist for twenty years with the right to extend its corporate existence for as long and to renew its charter as often as the laws of Georgia, now or hereafter, in force, may allow.

10. Petitioners pray to be incorporated for the purposes and with all of the powers and privileges above herein stated and with all other usual to like corporations and permitted by the laws of Georgia. And that when this petition is advertised and filed of record, as provided by law, that it be then granted and petitioners be incorporated as prayed.

Alex. C. King, Hooper Alexander, Robert C. Alston, L. Z. Rosser, Charles T. Hopkins, Hudson Moore, Harrison Jones, W. H. Terrell, Petitioners' Attorneys.

Filed in office, this the 13th day of March, 1916. ARNOLD BROYLES, Clerk.

STATE OF GEORGIA, COUNTY OF FULTON—I, Arnold Broyles, Clerk of the Superior Court of Fulton County, Georgia, do hereby certify that the foregoing is a true and correct copy of the application for charter of STONE MOUNTAIN CONFEDERATE MONUMENTAL ASSOCIATION, as the same appears of file in this office.

Witness my official signature and the seal of said court, this the 13th day of March, 1916. ARNOLD BROYLES, Clerk Superior Court, Fulton County, Ga.

ON SUTHERLAND DRIVE we have a very attractive 6-room bungalow, lot 90x190. Owner has left the city and has instructed us to sell this place for $3,650—easy terms. It is worth $5,000. It has oak floors, sleeping porch and shower bath. This is a bargain for you.

$100 CASH, BALANCE LIKE RENT
ON ONE of the best streets in Inman Park we have a modern 6-room bungalow with all conveniences. This house is well located and nicely arranged. Price, $3,000—balance like rent. Why pay rent when you can buy a home like this on such easy terms?

$500 CASH AND $30 PER MONTH

SEVEN-ROOM HOUSE

LOOK AT 448 EAST GEORGIA AVENUE, near Grant Park, and you will find one of the best bargains on the market. All conveniences. Lot 54x140 feet. Your offer will be considered. Don't feel mean about seeing how much you can make the other fellow lose. See it today and come to the office. We will trade.

TURMAN & CALHOUN

203 EMPIRE BUILDING.

EDWIN L. HARLING
REAL ESTATE. 32 EAST ALABAMA STREET. BOTH PHONES 1287.

NORTH SIDE HOME TO EXCHANGE—On one of the best North Side streets we have a new 8-room, 2-story, steam-heated residence on a beautiful elevated lot that we can sell for $8,000, $1,000 cash, balance to suit. This house has two fine sleeping porches, the best of oak floors, mantels and fixtures. We will take other property as part pay. This is an opportunity for you to get a good price for your old home or lot that you cannot sell. We will give you a good trade. Let us hear from you at once.

BARGAIN IN GRANT PARK HOME—On Cherokee avenue overlooking the Park we have a beautiful corner lot 100x150 with a magnificent 2-story, steam-heated residence that we can sell for $8,500, $1,000 cash, balance to suit. No finer home in Atlanta than this place. The location is ideal for an all-year-round home. The house is practically new and cost $13,500 to build. Don't be afraid to look at it. It is a pick-up.

BUILDERS' DIRECTORY

If you are going to build or have some repair work done—it will pay you to consult with the firms or individuals below.

ASBESTOS MATERIALS.

ASBESTOS "Century" Shingles. The cheapest insurance. Fireproof, waterproof; everlasting. Clayton S. Berry. 46-48 Fairlie.

BUILDING MATERIAL.

LUMBER EVERY KIND, any quantity. S. A. Williams Lumber Company, 254 Elliott St. Phones—Main 333.

CARPENTER REPAIR WORK.

FLY SCREENS a specialty. M. E. Matthews, 150 Crew St. Main 5310.

CONTRACTING—STORE FRONTS.

E. Y. CROCKETT 160 S. PRYOR. Main 3651.

CONTRACTORS AND BUILDERS.

PAINTING, tinting, roofs repaired with fiber cement. Work guaranteed. Atlanta Bldg. & Repair Co., 23 Auburn Ave. Ivy 2958-J.

EXPERT PLUMBERS.

LYNCH, THE PLUMBER
18 YEARS' experience, reputable dealings. John H. Lynch, 53 E. Hunter st. M. 1175.

GENERAL CONTRACTORS.

J. E. OXFORD Building, sleeping porches, repairing fire damages and making old residences into aparts., a specialty. 307 4th Nat'l. Main 6191.

W. H. CALDWELL CONTRACTING CO. GENERAL CONTRACTORS. Homes built on monthly payments. Plans without cost to builder. 815-16 Empire bldg. Ivy 1647.

T. L. SPENCER
CONTRACTOR, general repair job work and driveways. Phone Main 5115-J.

PLUMBING AND REPAIRING.

SANITARY PLUMBING CO., prompt service and quality. 166 Edgewood avenue. Phones: Ivy 232, Atlanta 392.

PAINTING AND TINTING.

HOUSE painting and tinting. W. M. Carroll, M. 2980. 74 Woodson st. Work guaranteed.

ROOF REPAIRING AND CONTRACTING.

IF YOUR ROOF LEAKS
CALL Main 237. No money required until roof stops leaking; also contracting and building. J. T. Cunningham.

ROOF REPAIRING

MOONEY REPAIRS all kinds. Roofing a specialty; 12 months' guarantee; reasonable rates. Call Ivy 905.

I REPAIR all kinds roofs, a specialty; 12 months' guarantee; reasonable rates. Call Ivy 6301-L. James Whitten.

MODERATE ADVANCE IN COTTON MARKET

Close Was at Net Gain of 20 to 25 Points—Foreign Rumors Held Market to Small Gains.

New Orleans, March 19.—Moderate advances resulted from a good inquiry for the actual cotton in the market here last week. Drouth in the west also was a bullish influence. The market was held down to small gains because of the constant appearance of bearish rumors regarding foreign affairs. These rumors at times stimulated short selling and always made buyers cautious and prompted holders of long contracts to take profits at every opportunity. On the opining session of the week prices fell 7 to 8 points below the level of the previous week's close. From this there was a recovery and advance which carried the trading months 29 to 33 points above the preceding week's final quotations. The close was at a net gain of 20 to 25 points.

Almost all sections of the belt reported spot cotton in demand, with prices showing an upward tendency. Locally, spot prices went above the level of contracts, middling on Thursday being advanced to 11.94, while the March option at its best that day touched 11.64.

The market almost constantly felt the weight of unfavorable rumors and reports concerning international politics, which was the chief reason contracts did not make a full response to the strength of the spot market. The trade apparently was uncertain as to the effect of the Mexican situation, but developments at any time may reveal the situation in a clearer light. This week the Mexican news, the developments around Verdun and anything relating to the supposed negotiations between Turkey and the allies probably will have a quick influence on prices.

Should the demand for spots continue the bulls will keep a decided advantage. Any lessening in the inquiry would quickly be used by the bear element. Continued drouth in the western belt would be a bullish influence of importance, while rains would be expected to result in heavy selling.

BANK CLEARINGS IN UNITED STATES FOR THE PAST WEEK

Bank clearings in the United States for the past week, as reported to Bradstreet's Journal, New York, aggregate $4,634,426,000, against $4,532,654,000 the previous week and $3,093,968,000 in this week last year. Canadian clearings aggregate $151,788,000, against $163,674,000 the previous week and $121,709,000 in this week last year.

Following are the returns for last week, with percentages of change as compared with this week last year:

*Previous week's.

Our Chief Need.

(Thomas F. Logan in Leslie's.)

The president hit upon a happy phrase when he described the goal of the preparedness plans as "national adequacy." That really is the chief need of the United States. With all its great natural resources, the best railroad management in the world, the biggest industries, the greatest scientific genius and the most vigorous initiative, the United States nevertheless has been inadequate in the great struggle for the world's markets. Great Britain has been the principal banker of South America. Germany has far outstripped the United States in South American markets and in European markets. It is only since the European war began that the United States has realized that encouragement must be given to the bankers, if the trade of the United States in South America is to be improved. Formerly it was thought that commerce could be increased merely by the adoption of some legislative device. The people generally understand, however, that unless trade is financed by the United States, there will be difficulty in obtaining it. In making headway towards the goal, the action of prominent bankers in New York, under Mr. Vanderlip's lead, in establishing an international finance corporation, is of far more value than a thousand happy speeches on improving trade conditions.

Frank McIntyre, Forsyth, tonight.

Great Demand Continues For All Kinds of Goods

Cotton Consumption Is at Record Point, Says Bradstreet's Report.

High Prices Fail to Check Steadily Growing Demands, Says Dun.

Bradstreet's report says:

Well-nigh insatiable demand for practically all kinds of goods continues, necessity seemingly overriding the supposed power of steadily rising prices to automatically check consumption. Higher quotations fail to deter orders from rolling into the steel mills; big foreign orders are reported pending; advices of lack of materials match reports of short supplies of freight cars; there is more general business under way, notwithstanding that inclement weather in the east has retarded retail trade in spring fabrics; money is in better demand; savings are of record proportions; a Canadian government loan for $75,000,000 is to be floated in this country; bank clearings, which slightly exceed those of last week, run far in excess of those of one and two years ago; wage disputes are being settled in favor of employees; numerous new enterprises are being launched; great preparations are being made for a record shipping season on the lakes; collections are good; the stock market is strong and active, heavy railway earnings, with large earnings by industrial corporations, receiving more attention than the European diplomatic situation, which seems less tense.

In a word, jobbers, wholesale dealers and manufacturers are not so much troubled by the necessity of getting orders as they are by the difficulty of obtaining goods, making shipments or overcoming freight congestion, which by locking up goods also locks up money. Sold ahead is the condition of the country's economic members, and if signs are to be trusted, further gains rather than a let-up is in store regardless of prices. Cotton consumption is at high-record point.

Dun's report says:

Only by the use of superlatives can existing commercial and industrial conditions be adequately described. Great as are the gains shown by bank clearings, iron output, unfilled steel tonnage and similar indices, mere statistical records no longer fully reflect a situation for which there is no precedent. In some branches and sections the volume of business has reached such vast proportions that further expansion is dependent upon increased facilities for both production and distribution. Manufacturers in steel, in textiles and in other lines are rejecting additional contracts, which they cannot handle, either because capacity is already booked far ahead, or through inability to obtain necessary raw materials. The most remarkable feature is the magnitude of the current demand, in spite of prices that would ordinarily check it, urgent requests continuing to be made for immediate deliveries of leather, footwear, dry goods, and especially of steel products.

Probably never before have the requirements for actual use controlled prices with so little speculation to anticipate higher markets. Some interests in the steel industry have withdrawn quotations entirely in order to check the influx of orders which cannot be filled for months to come, while in textiles cases are cited where salesmen are being brought in from the road or are instructed to accept new business only within certain limitations. Efforts to meet the extraordinary demands call for more machinery, more manufacturing plants, more stores and greater facilities for transportation, as well as for an increased number of workers. But at a time when the producing and distributing forces of the country should be running most smoothly, there is complaint of a scarcity of competent hands, of annoying labor troubles and of the inability of the railroads to make perceptible headway in relieving the freight congestion. Car shortages—common enough during the crop-moving period, but unusual at this season—testify to the great rush of traffic, and the problems of the transporting interests are aggravated by continued storms, which have also interfered with wire communication.

BETHLEHEM PROFITS JUMP 260 PER CENT

Net Earnings for 1915 $24,821,408, as Against $9,649,667 in 1914.

New York, March 19.—The annual report of the Bethlehem Steel Corporation for 1915 issued today disclosed and net earnings of the corporation and its subsidiaries after deducting expenditures were $24,821,408, compared with $9,649,667 in 1914, an increase of nearly 260 per cent. Orders on hand December 31, 1915, were $175,432,895 against $46,513,189 the previous year.

A statement by Charles M. Schwab, chairman of the board and E. G. Grace, the president, declared that "today there exists an actual shortage of steel making capacity in this country."

An interesting feature was the statement that the average number of employees of the company in the United States had increased from 15,586 in 1914 to 22,084 in 1915 and that wages paid in 1915 amounted to $21,300,664 against $14,312,948 the previous year.

Proposed United States Armor Plate.

Calling attention to the bill pending in congress for the building of a government armor plant Messrs. Schwab and Grace declared "that if such a bill is passed the value of existing armor plants in this country will be virtually destroyed." The Bethlehem Steel Corporation, it was stated, now has more than $7,000,000 invested in its plant devoted to this use.

"Recognizing that though the interests of your property had been carefully conserved by your officers, on a matter of this kind," said the report, "your corporation also has an important obligation to the nation of which it is a citizen. Your officers have appeared before the senate committee on naval affairs and urged the defeat of the pending measure. As it is frankly declared that the sole purpose of the proposed enterprise is that the government may secure its armor at a lower price, your officers have submitted the following proposition to the federal government:

"We will agree to permit any well-known firm of chartered public accountants to inventory our plant and make careful estimates of the cost of manufacture; with that data in hand we will meet with the secretary of the navy and agree to manufacture armor at a price which will be entirely satisfactory to the secretary of the navy as being quite as low as the price at which the government could possibly manufacture armor on its own account, after taking into account all proper charges.

Armor Offer to Government.

"As a concrete working basis for such negotiations the Bethlehem Steel company has offered to manufacture one-third of the armor plate required for the contemplated five-year naval program (estimated at approximately 120,000 tons) for a price of $395 per ton for side armor, as compared with the price of $425 per ton now obtaining.

"It may be added that while all other steel prices have greatly increased, the foregoing figure at which we now offer to make armor for the United States is not only a lower price than has been paid by the government for more than ten years, but it is also a substantially lower price than is paid for armor by Japan, Austria, Germany, France or England.

"In view of the earnings of the past year," the report continues, "dividends were declared of 7 per cent on the preferred stock and 30 per cent on the common stock of your corporation, payable in quarterly installments during 1916.

"With the recent extraordinary market for all classes of steel products and for ships the various plants of your corporation enters the year 1916 with all departments, with one exception, running at full capacity.

"That exception is the armor plate department. Bethlehem Steel company has practically completed deliveries to the government on all pending armor contracts. Contracts for the current year have not been awarded."

Condition of Treasury.

Washington, March 19.—The condition of the United States treasury at the close of business March 18 was:

Net balance in general fund, $117,819,297.

Total receipts, $1,631,291.

Total payments, $1,178,900.

The deficit this fiscal year is $58,637,898, against a deficit of $88,207,388 last year, exclusive of Panama canal and public debt transactions.

TANGO *for* CORNS

GUARANTEED

ROOT OUT CORNS PAINLESSLY

Don't Pick and Gouge and Torture Your Toes—Use TANGO.

TANGO for corns is the most marvelous remedy of the age.

TANGO is the one safe remedy that roots out the core of the corn, painlessly. It softens this kernel and brings it out. The root, core and the corn is gone forever. No pain, no fuss, no sore, bandaged toes.

TANGO is the safest and surest remedy for corns and bunions; the one GUARANTEED remedy. Any druggist will return your money if TANGO fails to root out the CORE of the corn painlessly. 25c at all druggists. Made and guaranteed by Jacobs' Pharmacy, Atlanta.—(adv.)

LARGE STEEL ORDERS STILL BEING BOOKED

Contracts Are Taken at Rate of Million Tons a Week.

New York, March 19.—Steel mills continue to book orders for semi and fully finished products in excess of capacity. Since the first of March, it is estimated that contracts have been taken by all interests at the rate of nearly 1,000,000 tons per week. The steel corporation bought more scrap, and independent companies again placed large orders for pig iron. The merchant blast furnaces sold nearly 400,000 tons of pig iron, making total contracts since the first of March about 800,000 tons, nearly half of which was steel-making iron.

The extraordinary activity brought further advances in prices of $2 to $10 per ton on finished products, the most important appreciation being $5 per ton on steel plate, $2 to $4 per ton on block and $4 to $10 per ton on galvanized pipe. Semi-finished steel also was advanced $4 to $5 per ton.

Export buying with additional foreign inquiries was again prominent. War munition contracts were placed calling for about 100,000 tons of steel bars and forgings, and inquiries are still in the market for several million high explosive shells and sixty million cartridges. Sales of billets were made for export to Italy and 100,000 tons are wanted for Australia. Great Britain and France are asking for 140,000 tons of barbed wire and wire rods. Sales of 15,000 tons of Bessemer pig iron were made for shipment to Italy and France.

Structural steel work was active throughout the country. The orders taken by the fabricating shops called for 40,000 tons of steel shapes, of which 7,500 tons were for the railroads. Manufacturing plants continue to make large purchases of steel for plant extensions.

The railroads ordered 130,000 tons of rails, 3,395 cars and 26 locomotives. Car builders have inquiries for 36,000 more cars of which 28,000 are for export. Locomotive shops are asked to bid on 290 engines and the rail mills have inquiries for approximately 100,000 tons of standard sections.

Night Work for Mill.

Columbus, Ga., March 19.—(Special.) Beginning tomorrow night the Muscogee Manufacturing company will operate a portion of its weave department at night. This is one of the largest cotton manufacturing concerns in the city, and, when improvements now in progress are completed, will be operating about 50,000 spindles. Six hundred operatives are now employed there and the number will be increased to about 1,000 when the new mill now under construction is completed.

The management of the Muscogee Manufacturing company has been at work for several days organizing a night force. The hours at night are slightly less than the day schedule and the pay is slightly more, and no trouble has been experienced in securing operatives to work at night.

The Swift spinning mills are also operating a portion of their plant at night.

THE *Liverpool and London and Globe* INSURANCE COMPANY LTD.

ANNOUNCEMENT

Sixty-eight years ago this company entered the United States, and during that period has shared in all of the country's great conflagrations, notably, Chicago, Boston, Baltimore and San Francisco, and by the liberal and just treatment accorded its patrons has satisfied the public as to the high character of the indemnity offered.

ITS AMERICAN BRANCH POSSESSED ASSETS ON JAN. 1ST, 1916, OF $14,814,383, WITH A SURPLUS OF $4,841,887

Of the assets, $12,314,386.00 represented values in Real Estate, Bonds, Stocks, Mortgages and Cash in Bank, all of which is held by a Board of American Trustees, being five citizens of New York City, for the benefit of its American Policy-Holders. Thus is created a special fund of security for its Americans patrons quite independent from that afforded by the extensive assets held by the company in other parts of the world.

Agents at all towns and villages throughout the United States.

GAINS IRREGULAR IN STOCK MARKET

Trading Averaged 900,000 Shares for Each of Full Days—Large Proportion Was War Issues.

New York, March 19.—Stocks in general and specialties in particular made irregular progress to higher levels last week, but manifested some heaviness in the final session. Trading averaged more than 900,000 shares for each of the five full days, but war issues contributed a very considerable proportion of the whole.

The advance derived its impulse from professional sources, traders espousing the constructive side on the better feeling over Mexican affairs. Developments in the European war zones seemed to exert little influence.

Foreign conditions were closely reflected, however, in the weakness of exchange to Germany, which suffered the greatest depreciation ever recorded in this market, declining to 71¾, with four marks as the basis of exchange. Francs also weakened to within a few points of last year's minimum quotation.

The only new external financing reported was the proposed loan to the Canadian government. Other foreign loans are in the market, according to trustworthy report, and these undertakings, together with further large war contracts are likely to be announced soon.

Great Britain's ban on luxuries may be expected to affect this country's exports and similar action by France is calculated to reduce our trade balance to an appreciable extent. Shipping facilities are still being taxed to the utmost, however, and the shortage of freight cars is becoming more acute.

Bank clearings testify to the continued strength and breadth of domestic trade. Inquiry for materials shows virtually no interruption. Prices for some of these commodities are so high as to give rise to the belief that they are in danger of exceeding the limits of safety.

AT THE PLAYHOUSES

Keith Vaudeville.

(At the Forsyth.)

This week at the Forsyth Manager Hickman has divided headline honors between Frank McIntyre, the celebrated humorist, who is making his first vaudeville tour in "The Hat Salesman," most sparkling of George V. Hobart's comedies, and Eddie Leonard, minstrel, who brings a company in a new skit, "The Minstrel's Return." The Morin Sisters offer a variety of dances with costume changes for each. Dolores Valletia and her Indian leopards are on the program. Eddie Barto and Florence Clark appear in a musical comedy skit. The Santey Brothers will offer an aerial novelty and Martini and Maximilian will appear in a burlesque magic act.

Emma Bunting Play.

(At the Lyric.)

"Within the Law," Bayard Veiller's drama of life in the New York tenderloin and police circles, which will be offered at the Lyric this week, was presented at federal prison Sunday afternoon to the most appreciative audience that has ever witnessed a performance there. The prospects are the play will shatter all previous attendance records at the Lyric. That Bunting's popularity is exceeding all former marks was indicated Saturday afternoon, when every seat in the house was sold, including those in the top gallery. There will be usual Lyric matinees.

John Barrymore Comedy.

(At the Georgian.)

John Barrymore, one of the stage's most illustrious stars, is presented at the Georgian theater today in the Famous Players' Film company's newest and most notable offering, "The Lost Bridegroom," a rollicking comedy that is destined to create a furore. Barrymore has played many different characters, but "The Lost Bridegroom" is the first in which he plays the part of a crook. It is an adventure, a comedy, a drama and a tragedy combined, and will be shown at the Georgia with specially adapted music by the Whitney Hubner orchestra, augmented by the Fox symphony organ.

"My Partner."

(At the Grand.)

There's a picture of rapid action at the Grand Opera House today and Tuesday in "My Partner," the newest of the big Mutual Masterpictures. Burr McIntosh is the star of the production. The setting is the great west with its gorgeous scenery of mountains and plains. Mr. McIntosh is supported by a cast that is stellar in every respect. Under the direction of J. E. Hunnicutt and the management of J. P. Davenport the Grand is becoming more popular daily. The program daily is the newest of the Mutual Masterpictures de Luxe, augmented by Mutual comedies and other features. Music by the symphony orchestra is a pleasing feature.

Sports in Short Metre

Anten Matysek, of Philadelphia, member of the Y. M. C. A. of that city, intends to try to surpass the world's weight lifting record of 271 pounds, made ten years ago by Eugene Sandow. In a recent exhibition he lifted a 232 pound bar above his head with one hand.

The athletic directorate of Queen's university, Kingston, Ont., propose to devote the legacy left by the late Captain George Richardson, who was recently killed in France, to the establishment of an athletic field. The donor of the money was one of the best football and hockey players who ever wore Queen's colors. The field may be named "Richardson Field."

A meeting will be held in St. Louis March 24 to 26 at which it is intended to form the proposed athletic league of municipalities at which 50 cities are expected to have representatives.

Captain Thomas C. Flanagan, the well-known sportsman of Toronto, has been appointed physical and sports director of No. 2 military division of the Canadian troops. Captain Flanagan will have supervision of 30,000 men and the work involved in training and conditioning the men will be enormous. The military authorities have planned an ambitious program of sports for the summer and as it will involve many kinds of athletic endeavor the task assigned Flanagan will be a trying one.

CRACK GOLF PLAYERS LIKE LOCAL COURSES

Carl Anderson, Pat Doyle and Tom Carrigan, three crack golf players of New York, were in Atlanta yesterday, after having played a series of match games in Florida—at Belleaire—and at Augusta, Ga. Yesterday they were seen in action on the East Lake and Druid Hills links in Atlanta.

The men made their headquarters while in this city at the Piedmont hotel, and left last night for Asheville, N. C., and from there they will go to Camden, S. C., thence to Pinehurst, N. C., thence home. Match games have been arranged for at each of the points named.

The men came to Atlanta hoping to get games with the best players among the local professionals, but there was some hitch over the purse, and they were in this disappointed, although in every other respect they declared themselves delighted in their visit to Atlanta.

Train Stopped in Time.

Columbus, Ga., March 19.—(Special.) Joseph Phipps, an aged citizen of Columbus, was in peril for a few seconds this afternoon when he started to walk along the high railroad embankment of the Central of Georgia railway across Cook's branch on First avenue. The outgoing train for Atlanta came along just then, but the engineer stopped his train in time.

THE CHINESE HAVE THE RIGHT IDEA

In China, the doctors are paid as long as they keep their patients in good health; and their salary stops if the patient becomes sick.

If only we would take a hint from the Chinese and take more interest in keeping ourselves well, it would cost us practically nothing, either in suffering or in money, because we allow ourselves to get sick.

The most necessary thing in keeping well continually, is to have the liver in good shape. It will eliminate all poisons and purify the whole system.

The best liver regulator on the market is McElroy's Liver Key. It is most thorough in its work, pleasantest to take; and mildest in its action. A little taken regularly, will keep you in the best condition always. All druggists carry it in 25c and 50c bottles.—(adv.)

BABY HAD AWFUL CASE OF ECZEMA

Whole Body Affected. Skin in Blisters. Itchy All the While. Would Scarcely Sleep.

HEALED BY CUTICURA SOAP AND OINTMENT

"My baby had an awful case of eczema; his whole body being affected. The skin was in blisters and was red and inflamed, and he could hardly stand to have it touched, and his clothing would stick to it. It seemed to be itchy all the while and he scratched and made it grow worse. He was as fretful and cross as he could be and would scarcely sleep at all.

"Then I started to use Cuticura Soap and Ointment and in three weeks we could see a great change and I used three cakes of Soap and three boxes of Ointment when he was healed." (Signed) Mrs. William Pitchford, Jetersville, Virginia, Aug. 2, 1915.

Sample Each Free by Mail

With 32-p. Skin Book on request. Address post-card "Cuticura, Dept. T, Boston." Sold throughout the world.

"Kryptok" Means More Than a Lens

The Ballard Make

not only embodies the highest thought and skill in lens grinding and fitting, but embraces every essential in efficiency, comfort, style, and, above all, absolutely precludes the possibility of unsightly seams and blisters.

25,000 SATISFIED CUSTOMERS

is the most convincing testimony we could possibly offer, and we point with pride to this vast army of people who wear and endorse our

KRYPTOK BIFOCALS.

It is the one eye-glass whose perfect proportions in lens, frame adjustment and beauty of construction has no equal. Come to us for scientific optical service.

Walter Ballard Optical Co.
